—Big 4 Geneva Talks—

Joe Charges—'Tragic Blunder'

McCarthy Slaps Ike's Agreement To Meet Russians; Knowland Leads President's Defense

WASHINGTON (AP) — Sen. McCarthy accused President Eisenhower Thursday of making a "tragic blunder" in agreeing to Big Four talks with Russia, but other senators expressed confidence in the President's policy for world peace.

The Wisconsin Republican told the Senate, "The administration is fashioning the free world's worst defeat since the end of the second World War."

His assessment of the situation was challenged promptly by Sen. Knowland of California, the Republican floor leader; Sen. Bender (R-Ohio) and others.

Sen. Mansfield of Montana, a Democrat, said Eisenhower and Secretary of State Dulles should have the support of all Americans so they can negotiate at Geneva next month with "strength and conviction."

'Unblemished'

McCarthy asserted the Soviet government has "an unblemished record of not keeping a single agreement that it was to its advantage to break." He said that as he sees it Eisenhower "has agreed to play with a stacked deck."

What the United States ought to do, McCarthy said, is:

"Announce to the Kremlin leaders that we have decided to be more specific about the Geneva agenda.

"Advise them that we are prepared to talk about the liberation of the countries now held captive by Communists—and nothing else.

No Discussion

"Advise them that there will be no discussion of neutrality for Germany, no discussion about a ceasefire in the Formosa Straits, no discussion about paring down the nuclear arms superiority the free world now enjoys."

There have been times when Knowland disagreed with Eisenhower's foreign policy. But Knowland told McCarthy Thursday he is "not willing to take the defeatist position" he said the Wisconsin senator had taken.

Far from the certain Communist victory that McCarthy predicted for the conference, he said, the Geneva meeting could be a start toward "getting the Communists to renounce their objective of world conquest."

"I am sure the President and the secretary of state are going to do everything they can to protect our interests," the GOP leader said.

Sen. Thye (R-Minn) said he wished to associate himself with Knowland's remarks.

"President Eisenhower and Secretary Dulles have not failed us yet, and I don't think they will fail us," he told the Senate. "If we don't take this opportunity to sit down in conference we are closing the door to any possibility of a negotiated world peace."

Friday Is Unicam's Last Day

By ARCH DONOVAN
Star Staff Writer

The Legislature cleared the way Thursday for final adjournment on Friday. The last major bill scheduled to be voted upon is the record-breaking $224,831,312 appropriation measure.

Of primary interest to taxpayers was the general fund which will require expenditures of $60,880,846.

Of this, an estimated $21,800,000 would come from excise taxes and the balance from property taxes.

The budget provided that federal funds of $64,755,433 and cash receipts of $62,322,741 will both exceed the amount of property taxes. There was also an unexpended balance, estimated at $15,082,391.

Added expenditures voted at this session of the Legislature added $9,926,739 to the original budget planned by the committee. There were also special levies voted by the Legislature, amounting to $21,789,900.

The governor had recommended a budget of $192,955,402 but it did not take into account the school retirement levy, gas tax increase or increased motor vehicle fees.

Highway Law OKd

Final approval was given to one of the most significant measures pending in the current session, the voluminous highway law recodification.

The measure, LB 187, was passed by a 29 to 8 vote.

Four other bills were passed as the legislators neared the end of the 1955 session.

Three were companion measures to LB 187 and the other, a bill making changes in the point system for traffic violations.

Four other measures remain on the docket awaiting final passage. All are expected to be taken care of Friday.

LB 187, correcting archaic and confused highway building statutes, was considered a must by Highway Department officials in order for the state to work out a sound highway program and take full advantage of federal funds.

The vote for passage:

For (29)—Tom Adams, Anderson, Bixler, Brower, Burney, Cole, Cramer, Fenske, Foote, Hoffmeister, Hubka, Kotouc, Lee, Liebers, McGinley, McHenry, Martin, Metzger, Morrison, Moulton, Peterson, Pizer, Purdy, Shutz, Swanson, Syas, Thompson, Tvrdik, Vogel.

Against (8)—Bahensky, Beaver, Bridenbaugh, Klaver, Nelson, Perry, Person, Ruhnke.

Differ On Status

A major source of controversy in connection with the bill was what highway system should be designated as the official system for the state.

The Legislature, after twice reversing itself, finally decided upon the State Highway Commission's recommendation to cut 938 miles from the present system and add 404 miles of new road. The alternative was the recommendation of the Legislature's public works committee to designate the present system.

However, an amendment agreeing to maintain the abandoned roads until July 1, 1956, when the counties will take over, was added.

Other bills passed Thursday:

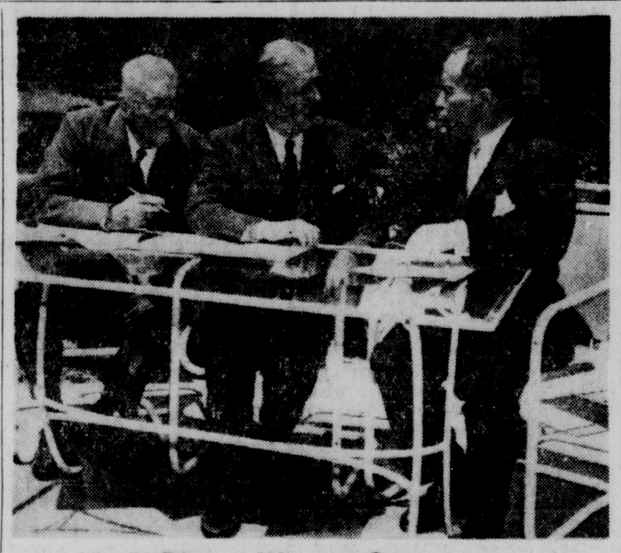

LB 187, Burney, Vogel, Anderson, Fenske, McHenry. Recodifying state highway statutes; establishing state highway system. 29-8.

LB 188, Burney, Vogel, Fenske. Reenacting statutes relating to highway and motor vehicle regulations. 39-1.

LB 189, Burney, Vogel, Fenske. Providing powers and duties of the State Engineer. 40-0.

LB 190, Burney, Vogel, Fenske. Authorizing state Highway Department to formulate highway rules and regulations. 40-0.

LB 262, Tom Adams, Martin, Hubka. Changing point system for motor vehicle traffic regulations. 39-0.

Discuss Western Strategy

U. S. Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay (left to right) chat on the terrace of British United Nations delegate Sir Pierson Dixon's home in Riverdale, New York suburb. The ministers got together to discuss Western strategy for the Big Four meeting in Geneva, Switzerland, next month. (Story on Page 3.) (AP Wirephoto.)

Girls State Governor .....KAY LIVGREN

Clay Center Girl Elected As 'Governor'

Sixteen-year-old Kay Livgren of Clay Center was elected governor on the Federalist ticket of Girls State Thursday.

A Lincoln girl running on the Nationalist ballot, Claire Prucha, 16, was elected lieutenant governor.

The Girls State leader is the daughter of Mr. and Mrs. Arnold Livgren of Clay Center. Lt. Gov. Prucha is the daughter of Mr. and Mrs. Norman E. Prucha, 3440 Grimsby Lane in Lincoln.

Other state officers elected are Janice Long of Dix, Chief Justice of the Supreme Court; Joni King, Sidney, secretary of state, Nationalist; Joellyn Garner, North Platte, treasurer, Federalist; Mary Janet Howe, Ashland, auditor, Federalist and Sally Wengert, Fremont, attorney general, Nationalist.

Two Nationalists, Mona Lea Johnson of Wahoo and Patricia Armstrong of Gering, were elected railway commissioners along with Federalist Sandy Whitmore of Mitchell.

Other members of the Supreme Court are Patti Ann Salisbury, Stapleton; Carol Shipman, Fairbury; Sandra L. Bryan, Scotia; Judy Hicks, Broken Bow; Karen Martin, Hyannis and Mary Jane Coe, Wakefield.

Girls State general elections Thursday afternoon followed a day of political activity, including county and state conventions, discussion of party platforms and campaigning.

Girls elected to the model government offices will be inaugurated Friday at 12:30 p.m. at the State Capitol. The new Girls State governor will give an inaugural address.

Appointive officers will be announced Friday morning.

Names of the ten girls scoring highest in an examination on government were announced. The girls are:

JoAnn Ellermeier, Bruning.
Betty Ann Dawson, Fairmont.
Willa Houtwed, Ruskin.
Margaret Ruth Croft, Ralston.
Darlene Ditter, Monroe.
Jean Nelson, Kearney.
Marilyn Jean Meyers, McCook.
Gretchen Rae Sides, Dakota City.
Jane Crooker, Auburn.
Karen Martin, Hyannis.

Receiving honorable mention were Suzanne Roberts, Cowles; Claire Prucha, Lincoln; Eila Ellington, Valentine; Carol Thompson, Lincoln and Sonja Ruckl, Omaha.

The staff for the Girls State newspaper was organized. Editor is Shirley Hild of Plattsmouth and assistant editor is Nancy Norton of York.

The Weather

NEBRASKA: Considerable cloudiness with scattered showers and thunderstorms through Friday night. A little cooler west and extreme south south-central portions Friday. Saturday partly cloudy west and considerable cloudiness with scattered thundershowers east portions. High Friday in 70s.

KANSAS: Considerable cloudiness with scattered showers and thunderstorms through Friday night. A little cooler northwest and north-central portions Friday. Saturday partly cloudy with considerable cloudiness east with scattered thundershowers east and central. High Friday in mid 80s extreme east and generally near 80 elsewhere.

—Extension—

Draft Bill Gets OK In Senate

Reserve Plan Tie-In Killed

WASHINGTON (AP) — The Senate Thursday night passed by voice vote, with little debate, a four-year extension of the regular military draft and a two-year extension of the special doctors' draft.

Both measures expire at the end of this month. Thursday night's action was a surprise move, decided on in an apparent agreement between Republican and Democratic leaders.

It turned down pleas of the Eisenhower administration that the Senate tie the draft bills into a single package with the administration's plan for a four-fold increase in the active military reserves.

Chairman Russell (DGa) of the Senate Armed Services Committee has opposed action on the reserve bill until it clears the House. The reserve bill has been stalled there for weeks.

Back To House

Extension of the regular draft already has passed the House and the bill now goes back there for action on minor Senate amendments. The controversial doctors' draft bill is still pending in the House.

The regular draft permits the induction of men from 18 to 26 years for 24 months active duty. The doctors' draft bill sets up special provision for calling physicians, dentists and medical specialists into mltary service.

Russell told the Senate that this is the fifth time since World War II that the Senate had been asked to extend Selective Service, which he called the "keystone of our national defense."

'Would Fall'

"Without it our entire defense structure would fall," he said.

Russell explained that the nation now plans a regular force of about three million persons in the armed services for many years.

He said it would be impossible to recruit these forces without draft authority.

He said it was necessary to extend the doctors draft, under which medical specialists receive officers commissions when selected by local draft boards, to assure adequate medical and dental care for those in the military services.

Today's Chuckle

A Texan was trying to impress upon a Bostonian the valor of the heroes of the Alamo. "I bet you never had anybody so brave around Boston," he said.

"Did you ever hear of Paul Revere?" asked the Bostonian.

"Paul Revere?" said the Texan. "Isn't that the guy who ran for help?"

Rebellion Put Down

Argentine Head Says 'Fight Finished'; Blames Navy; Casualties Heavy

BUENOS AIRES, Argentina (AP)—A bloody revolt exploded Thursday against President Juan Peron. Early Thursday night Peron declared it had been put down after a day of destructive air bombings and street battles that swirled about Government House.

Many persons were killed or injured but there was no official announcement of their numbers.

"The fight has finished," Peron declared in a broadcast blaming the Navy for the "infamy" of the revolt.

Argentine navy ships and planes were in flight to a refuge in neighboring Uruguay.

Peron Excommunicated

Just before the first bombs fell the Vatican excommunicated the Argentine President as the result of his bitter months-long feud with the Roman Catholic Church.

Peron declared a state of siege and called Congress into session Thursday night to declare marital law. Such a resort could be only slightly more severe than the state of internal war that has prevailed since 1951.

The Argentine strong man declared that the Navy Ministry had surrendered and been occupied. The chief "culprits," he announced, were under detention, and only minor resistance points remained to be captured.

Warships Steam Aaway

Two Argentine warships, including the 6,100-ton training cruiser Pueyrredon, were reported steaming to a refuge in Montevideo, Uruguay, 120 miles across the River Plate from Buenos Aires, with a part of the rebellious Argentine navy.

The Argentine Navy has two battleships of World War I vintage, 2 cruisers, 4 training cruisers and 15 destroyers.

Thirty - six Argentine planes, some of which twice bombed Casa Rosada, the pink government house in Buenos Aires, landed at Montevideo, the interior minister there announced.

The refugee planes landed with 90 officers and men of the naval air arm and a sprinkling of Argentine Air Force officers.

The refugees reported that they had to give up the fight because their naval air base at Punta Indio was bombed and captured.

Hundreds Caught In Raid

One of the air raids caught hundreds of workers who had rallied to the Plaza de Mayo, main square in the city, to support the President with their voices as army tanks moved in.

Casualties were heavy.

Peron said, "We will never forgive the infamy of our enemies" whom he blamed for the numerous dead and wounded.

The main culprits, he declared, had been detained. He urged the people to remain calm.

The government radio said the situation throughout the republic was normal.

Speaking in a voice charged with emotion, Peron praised the Argentine Army, officers and conscripts, who rallied to his cause.

Called "Cowards"

But he said rebels in the armed forces were "traitors and cowards."

Peron spoke for seven minutes from the headquarters of his army command, presumably in the Ministry of War.

After he spoke the state radio announced he had declared a state of siege and had called Congress to meet to declare martial law.

A state of siege and martial law would cancel more of the civil liberties than the state of internal war declared by Peron during another revolt in 1951 and never revoked.

Just before Peron's broadcast newsmen at Carrasco, airport near Montevideo in nearby Uruguay, saw 20 Argentine rebel planes land there.

Army Blamed

Navy bombers and fighters, as well as jet fighters from the Argentine Air Force, were among them. A refugee officer said the revolt failed because the Army did not join in though some Army units had promised support.

The revolt was signalled just before noon when a wave of four to six fighter planes attack Government House and the nearby area.

About 2½ hours after the attack the government indicated the revolt was being crushed.

Then shortly after 3 p.m. a wave of light bombers and fighter planes carrying bombs renewed the attack.

Within eight minutes in the general area around Government House (Casa Rosada) at least a dozen bombs fell, and enormous billows of black smoke rose from the vincinity of the Plaza de Mayo, in front of the government headquarters containing the President's office. The casualities must have been numerous, since the area includes many public and official buildings. The National Cathedral is nearby.

The government's state radio had just reported that all but one unit of a rebellious naval arsenal had been defeated. It said that many civilians had been killed in the noon attack by planes from the naval aviation base at Punta Indio in eastern Buenos Aires Province. These planes swooped to within 300 feet of Government House. Two bombs struck the block-long rambling pink building. Another fell into the street nearby.

Pitched Battle

For a time a pitched battle raged in the general area of Government House. About 2 p.m. six tanks and gun carriers rolled up to surround Government House, and armored trucks brought up soldiers, while bullets ricocheted off the pink walls of the building.

AMERICANS SAFE

EMERGENCY PRESS HEADQUARTERS, Operation Alert — (INS)—The State Department said Thursday that the U.S. Embassy in Buenos Aires has reported that all Americans in the Argentine capital are believed safe and that the embassy itself was only slightly damaged "by concussion."

Blessing Of House Given Dixon-Yates

WASHINGTON (AP) — The House gave its blessing Thursday night to the Dixon-Yates power project as it passed and sent to the Senate a $1,372,122,800 bill financing government public works programs for the next fiscal year.

Upsetting its Appropriations Committee repeatedly, the House refused to approve funds for a new TVA generating plant at Fulton, Tenn., and substantially boosted committee allotments for reclamation, river and harbor and flood control projects.

In an undisguised demonstration of "log-rolling," the House added $33,654,558 to Reclamation Bureau allotments and $52,722,000 to river and harbor and flood control allotments recommended by the Appropriations Committee.

As passed by voice vote, the bill appropriates $618,000,000 to the Atomic Energy Commission, $26,214,000 to the Tennessee Valley Authority, $684,000 plus a $6,000,000 continuing fund to the Southwestern Power Administration, $1,160,000 to the Bonneville Power Administration, $178,745,000 to the Reclamation Bureau, and $526,219,800 to the Army Engineers.

(ANOTHER DIXON-YATES STORY ON PAGE 22.)

Flier Gets Copy Of Dag Resolution

A copy of the Nebraska Legislature's resolution commending U.N. Secretary General Dag Hammarskjold for his efforts in effecting the release of U.S. airmen held by the Chinese Communists was presented to one of the freed fliers Thursday.

Sen. Earl Lee of Fremont, introducer of the resolution, made the presentation to Lt. Lyle Cameron, Lincoln.

Lt. Cameron had requested that the legislators adopt such a resolution when he addressed the Unicameral last week.

Center Of Argentine Revolt

Government House, bombed by naval planes Thursday as revolution flared in Argentina, appears in the left background of this view of Buenos Aires' big Plaza de Mayo. A number of people were reported wounded during the fighting in the plaza. The revolt against President Jaun Peron's regime broke out after the Vatican excommunicated him and other government leaders for actions against the Roman Catholic Church. (AP Wirephoto.)

—More Rain Friday—

Hail, Rain Whip West State; Roads Covered

Wind, hail and rain whipped western Nebraska Thursday night while a severe weather warning caused eyes to look skyward. Only one tornado funnel was reported seen, some 30 miles south of Scottsbluff, but it apparently didn't touch ground.

Scattered showers and thunderstorms were called for over the state Friday. Early Friday North Platte, Scottsbluff and Valentine had rain.

Heavy hail was reported south of Gering and at Sidney, where winds rose to gusts up to 52 miles an hour as hailstones up to 1¼ inches in diameter fell.

A rainstorm left more than two feet of water on Highway 29 in spots about 8 miles south of Harrisburg, the Gering Safety Patrol office reported.

Scottsbluff had light hail, gusts up to 48 miles an hour and .34 of an inch of rainfall.

Heavy rain for 20 minutes, totaling less than an inch, followed light hail at Ainsworth.

The temperature dropped rapidly from 70 to 60 degrees but there was little wind.

Storm Splits

The storm, which came from the northwest, split and moved southeast and southwest. Light rain continued at Ainsworth.

The Weather Bureau had issued the advisory to expire at midnight Friday morning.

Eastern Nebraska, not included in the advisory warning of severe storms, was expected to get scattered rainfall.

Four and a half inches of rain poured down at Elm Creek earlier Thursday.

4 Inches Elsewhere

Rain totaling more than 4 inches fell elsewhere in the Elm Creek area between Kearney and Lexington. Kearney got .57.

Other heavy rains were 3 inches at Sumner, 2.48 at Overton, 1.96 at Ravenna and 1.80 at Western.

Beatrice, Fairmont, Hebron, Grand Island, Loup City, St. Paul, Upland and Wilber got an inch or more.

The rains did "a world of good" especially to alfalfa and pastures and were a help to late oats, A. E. Anderson, state-federal crop statistician, said.

Showers were needed badly for reserve subsoil moisture in corn fields, particularly in the east and as far northeast as Norfolk, he said.

Lincoln got .73 inch, with .79 falling at the airport.

Lincoln precipitation so far this month, 2.16 inches, was above the normal of 1.95 inches.

But Lincoln has had a total of 8.14 inches so far this year. Normal for the period is 10.55 inches.

High temperatures Thursday were in the high 70s or lower 80s in most of the state, but the high at Norfolk was only 68.

Highs Friday were to be in the 70s.

Rainfall reports from the Weather Bureau and Lincoln Telephone and Telegraph Company for the past 24 hours:

Employe Question Retracted

Lee's Comment Draws Fire From Sec. Marsh

By ARCH DONOVAN
Star Staff Writer

Following reading of a scathing letter from Secretary of State Frank Marsh "to protect my office from unprovoked, unfavorable innuendo," Sen. Earl Lee, Fremont, said his Wednesday remarks "may have caused someone to misunderstand what I was trying to accomplish."

Lee had inquired of Sen. Hal Bridenbaugh, chairman of the budget committee, whether the committee had been informed that Marsh had employed at a higher wage persons who had been dismissed for incompetency in other offices. Bridenbaugh said Lee was correct.

Lee recalled that he had asked a question and not made a positive statement. He said he had investigated and found out that no such persons were so employed. He said he had no individual in mind at the time he asked the question and did not want to hurt any individual.

The veteran Fremont senator said he had nothing to retract on his statement that there is lack of co-operation between offices to make salaries and working hours uniform.

Purpose Explained

He explained that the purpose of his questioning was to have the Legislature consider establishment through constitutional amendment of an agency to control state spending. He recalled that in the past attempts were made to provide a comptroller but they were blocked by the Constitution.

Lee said that the establishment of the office of administrative assistant to the governor was for the purpose of efficiency and cooperation between offices but too many additional duties were found for him.

Sen. Bridenbaugh said that he also had no individual in mind and that he considered Lee's remarks as showing need of study and changes so as to provide equal pay for equal work. He endorsed Lee's statement.

Marsh Clarifies

Marsh's letter said he had hired two employes who once worked for other state agencies but were not fired by them. He said he hired one at the same pay and the other at a slightly reduced salary.

The letter said one employe offered her resignation as a result of Sen. Lee's statement.

"I have refused her request on the grounds that cerain 'hearsay rumors' are unfounded, ungentlemanly, and certainly uncalled for when no apparent effort has been exerted to establish their authenticity,'" said Marsh.

U.S. Newsman, 13 Others Air Victims

AIRLINER PILES UP IN A FOG

. . . In Paraguay

ASUNCION, Paraguay (AP) — U. S. Correspondent John Graham Dowling and 13 other persons were killed or left unaccounted for in the crash of a Panair do Brasil airliner in a fog early Thursday. Only 10 aboard are known to have survived.

The four-engine Constellation, nearing the end of a 6,800-mile flight from London to Buenos Aires, cracked up and exploded at the village of Cuatro Mojones shortly before 2 a.m. It apparently was letting down for its landing at Asuncion, in the Paraguay River valley only five miles away.

Dowling, 41, was on the way from Sao Paulo, Brazil, to Buenos Aires, where he was Time magazine's bureau chief. The veteran newsman was the son of a theatrical couple, actor Eddie Dowling and comedienne Raye Dooley Dowling.

Dowling was one of 14 passengers. Seven were listed as escaping with injuries.

Of the 10 Brazilian crew members aboard, only 3 were accounted for. These were co-Pilot Fernando Morgado, Purser Rodolfo Lortello and Stewardess Sheila Monteath, all hospitalized with injuries. Information was lacking about the plane's commander, Renato Moura.

Newsman Barred

Without listing nationalities, Panair spokesman said the other surviving passengers were Augusto Franco and Juan Carlos Avila, who were traveling to Asuncion; and Maximiliano Moises, Maximo Jorman, Otto Altbach and Hilda Altbach, who were bound to Buenos Aires.

Paraguayan security police threw a guard around the scene of the crash and barred newsmen.

Heavy Fog

Aside from the fog — thick over the whole Asuncion area — there was no indication of what caused the accident.

In New York, Time magazine said Dowling had been working on a story about Paraguay's coffee plantations. A Time staff member since 1950, he directed the magazine's coverage of Indochina and Malaya for three years as bureau chief in Singapore and was transferred to Buenos Aires in March 1954.

Born in Philadelphia, he was graduated from the University of Norte Dame in 1934.

'That's Not Your Daddy, Honey'

Mrs. Edwin L. Heller, wife of freed American flier Lt. Col. Heller, explains to her six-year-old daughter, Linda Rae, that Col. James K. Dowling (center) is not the child's father but that the flier just climbing from the airplane is the man the child last saw in August, 1952, when she was only a little tot of three. Col. Heller, shot down in Korea and held prisoner by Red China, was freed with three other fliers. He was met in Honolulu by Mrs. Heller and the couple flew home to Philadelphia Thursday where their two children, Linda, and Edwin Jr., 7, met them. Linda first thought Col. Dowling was her father and rushed to him as the plane landed. (AP Wirephoto.)

Candace Felton New Jobs Queen

Lincoln Star Special

FAIRBURY, Neb. — Candace Felton has been installed as honored queen of Bethel 34, International Order of Jobs Daughters.

She is the youngest daughter of Mr. and Mrs. R. B. Felton.

Miss Felton

Candace will be a senior at Fairbury High School next fall. She was chosen as an alternate for Cornhusker Girls State and was president of the high school Tri-Y and Pep Club.

She succeeds Sandra Luce who was installing queen.

Senate Passes Commerce Dept. Appropriations

WASHINGTON (AP) — The Senate Thursday night passed a $1,317,000,000 appropriations bill for the Commerce Department after decisively rejecting amendments to cut airline and ship construction subsidies. Action was by voice vote.

The Senate accepted numerous increases made in the bill by its Appropriations Committee, so that the total in the measure was 193 million more than the House voted for the department in the next year.

But the Senate total still was about 49 million under the sums requested by President Eisenhower in his budget.

Conflict In State, Local Law May Delay City-County Bldg.

Legal snarls in the applicable state law have been uncovered which could mean as much as a two-year delay in any start of the proposed new city-county building.

Following a conference with County Attorney Elmer Scheele, City Attorney Jack Pace said that while construction of the joint building under present state law may be possible for the city, it would be a "very cumbersome" process.

The law in question, he said, was adopted in 1947 and amended in 1953, permitting cities and counties to set up an incorporated building authority for the purpose of financing, constructing and operating public buildings.

It is certain, Pace said, that the city charter would have to be amended a number of times before the state law could be used. If the law could be amended as needed, Pace said, many charter amendments could be done away with.

As an example of the conflict, Pace said the state law allows the issuance of 40-year bonds to finance public buildings while the city charter limits the length of bond issues to 25 years.

Scheele declined direct comment on whether the county could possibly proceed under the state law until after he reports to the county Board of Commissioners next Tuesday. He did state, however, that "it appears possible that some amendments to the state law will be necessary."

Scheele said he not only wanted to report first to the county Board, but that he has not yet fully settled on an opinion.

With the State Legislature set to adjourn Friday, any amendments to the building authority law would have to wait for the 1957 session of the state body.

A joint City-County Building Committee has recommended that steps be taken to proceed, as quickly as possible, with construction of a combined building on 15th Street.

Dag Sees Early Release Of Fliers

UNITED NATIONS, N.Y. (AP) — Secretary General Dag Hammarskjold hinted Thursday he expected the early release of 11 United States fliers imprisoned in Communist China.

Hammarskjold was asked at a news conference if he thought visits to the prisoners from their families would be useful. He said he did not, 'because a solution would be reached in time to render them unnecessary."

He would not say how soon he expected a solution.

Wide Gap Exists

TOKYO (Friday) :INS) — Foreign Minister Mamoru Shigemitsu admitted that a wide gap exists between the initial proposals made by Japan and Russia at their current peace conference in London.

Shigemitsu cautioned a Diet (Parliament) committee, however, that it would be "premature" to predict the outcome of the talks. He declared Japan would continue to do its best to "normalize" relations with the Soviet Union.

Five Hurt In 2-Car Wreck On West O

Five persons, including three Lincoln Air Base servicemen, were injured in a two-car collision at Burlington Ave. and West O Thursday night.

The injured:

Joseph Peak, 18, Lincoln Air Force Base, deep laceration adjacent to the right eye.

Doris Johnson, 20, Milner Hotel, cut leg, bruised chest, neck and arm.

George Hartley, 18, LAFB, cut lip and nose.

Evelyn Walker, 23, Milner Hotel, bruised shoulder.

David Lorow, 21, LAFB, cut on forehead.

The five were terated at St? Elizabeth's Hospital.

Safety Patrolman C. P. Karthauser said that Lorow, the driver of the car in which all the injured were passengers, was traveling west at the time.

The Lorow vehicle passed another car on a four lane highway, and swerved back into the outside land to miss a car ahead on the inside lane, he said. Upon swerving back to the outside lane, the patrolman said, the Lorow car collided with the rear of a westbound car driven by Tommy Worster, 19, of Route 2, Lincoln.

Worster suffered only a stiff neck. Lorow was ticketed for speeding by the patrolman.

Don't miss it. News of friends on vacation, marriages, engagements, parties, P.T.A. notes and club meetings makes good reading in the "Sunday Journal and Star."

West Going To Big 4 Meet Hoping Red Peace Moves Sincere

NEW YORK (AP) — The West is going into the four-power "summit" meeting with Russia in the cautious hope that there may be some substance to the Soviet's expressed desire for peace.

The Western foreign ministers believe there is some chance that recent Russian moves may not have been entirely propaganda, otherwise they would not have consented to the Geneva session.

Their attitude is based on a careful study of Russia's position, economic and political.

This was learned Thursday night following the first two days of conferences by the United States, British and French foreign ministers.

Monday Session

The session, at Wave Hill, an estate overlooking the Hudson River, was attended by Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay.

They will meet with Russian Foreign Minister V. M. Molotov in San Francisco Monday to arrange procedure for the chiefs of state parley in Geneva starting July 18.

The three western foreign ministers were understood to have been in general agreement in their evaluation of the Soviet position in relation to the West.

They also were reported in general agreement on their estimates of the world situation and the expressed desire of the Soviets to bring about an easing of tension.

Genuine

They took an attitude that they "want to be shown" that the expressed desire is genuine, but that they are willing to talk it over with the Russians.

In assessing this, the Westerners discussed the Soviet government's economic position, its relations with its satellites, its recent agreement to an Austrian independence treaty and the "olive branch" trip Russian officials took to Belgrade.

It was considered probable Russia would bring up Far East problems at the Geneva meeting, but also that these questions would be put off to a possible subsequent conference.

The governments involved will not be present at Geneva. Further, there has been no preparation by the Western Powers to explore Far East problems in the Switzerland meeting.

Most of the discussion at Thursday's session revolved around procedural matters.

The West does not favor a formalized agenda, but prefers that heads of governments take up matters that seem revelant—so-called "common denominator" problems.

Local Firms Bid Low For Omni Range Work

Two Lincoln firms were apparent low bidders for work on the second segment of the state Visual Omni Range (VOR) weather network.

Low bids were from Western Electric Supply Company, $1,143,-67 for underground electric cable and $339.06 for telephone cable, and from Korsmeyer Company, $3,-392.02 for asbestos cement conduit.

The State Aeronautics Department had bids from five firms for installation materials for stations at Beatrice, Kearney and McCook.

The first segment of the network, including stations at Norfolk, Ainsworth and Alliance, was officially commissioned Feb. 1.

Airman Fined In Case Involving Girl, 14

For contributing to the delinquency of a minor, an 18-year-old Air Base youth has been fined $100 and costs in County Court after pleading guilty to the charge.

Gerald Zellman, Lincoln Air Force Base, admitted in court that he had improper relations with a 14-year-old Lincoln girl who invited him into her parents' home during the parents absence.

The youth told the court he thought the girl was putting him out the back door when her parents came home while the two were in the house. Instead, he said, she put him in a closet in her bedroom.

Zellman said he emerged from the closet when the parents left, after checking on their daughter.

Car Rolls Near Van Dorn Park

Leo S. Bontrager, 26, of 2942 No. 43rd, escaped injury when the car he was driving overturned on So. 10th just south of the Van Dorn Park entrance.

Bontrager (center) is shown talking with police officers after the accident. He told them he applied his brakes and lost control when the car hit the shoulder. He was going north on 10th at the time. The car rolled in the east ditch and rested facing south. (Star Staff Photo.)

Car Flips After Collision

Donald W. Reed, 25, of 4150 So. 56th, driver of the car pictured, escaped injury when he collided with a car driven by Carr E. Gregg, 29, of 639 So. 13th, at the intersection of 13th and C. Gregg's wife, Shirley, 26, received a bump on the head and leg bruises. She did not require hospitalization. Two Gregg children, Kathleen, 7, and Carla, 3 months, riding in the car were unhurt. The Reed car flipped over and rested on the parking in the northeast corner of the intersection. (Star Staff Photo.)

African Hunt Lecture To Be Presented Here

An illustrated lecture on an African big game hunt will be given in the First Lutheran Church parlors at 7:30 p.m. Sunday.

The program, open to the general public, will be presented by Mr. and Mrs. David Bize, 1840 E, who recently returned from an African hunt which took them through 19 countries. No charge will be made for the lecture.

Proceeds of a free will offering will go toward financing the trip of seven Luther Leaguers to the annual youth convention in Calgary, Alberta, Canada, June 29 through July 3.

Last Quad Dies

NEW HAVEN, Conn. (AP) — The last of the quadruplets born Wednesday to a New Haven woman died Thursday.

Two of the four boys died Wednesday night, seven hours after they were born. A third died shortly before 2 a.m.

The 39-year - old mother, Mrs. Kenneth Barnes, was reported in fair condition at St. Raphael's hospital.

It Happened In NEBRASKA---

Old-time freighting was a costly operation. This picturesque Conestoga wagon, which carried from 5,000 to 16,000 pounds of freight, might cost up to $1,500. Good mules cost from $500 to $1,000 per team; harness up to $600. $7,100 per outfit!

Great as our growth in transportation since then have been Nebraska's strides in tavern management. Today's tavern operator is a respected businessman, aware of his responsibilities to customer and community.

Opening Of P Street

Perhaps the most impressive reflection furnished by the opening of P Street to through traffic downtown, an undertaking still far from complete, is the length of time and energy consumed in accomplishing what has been achieved.

There have been discussion and effort to develop P Street so that it could absorb some of the traffic burdens falling to O for a long, long time, always to arouse opposition and delay. Now the job takes shape and naturally there will be rejoicing and satisfaction. One narrow link stretching from 20th to 27th Streets still remains to be completed but when that is finished, the facilities for traffic on P Street should to some extent relieve its neighbor to the south of some of its burdens.

Our rapidly changing age has given us many headaches, not the least of which is the increasing traffic problem of cities large and small. No one, it appears, possessed the imagination to foresee the incredible increase in traffic congestion developing out of the widespread universal ownership of automobiles. That is not to the discredit of city planners or city builders. One of the miracles of our day is the fact that the automobile became more than a convenience —actually a necessity—of most American homes. And along with traffic congestion came increasing hazards to life and to property.

A number of Lincoln people devoted their time and energy to the improvement of P Street so that it could bear a heavier traffic burden, but among them none was more persistent and energetic than Councilman Rees Wilkinson. It was most fitting, therefore, in light of his enthusiastic efforts, that he should do the honors in connection with the symbolic opening of the new traffic facility.

Really Big Government

For better or worse and to whatever it will lead, big government, in the eyes of most citizens, is an American phenomenon that rises above the powers of either major party.

Just how potent the government has become in the nation's economy was set forth recently by a report of the National Bureau of Economic Research. It revealed that government—federal, state and local—now employs 15 per cent of the nation's workers and pays out to their personal income 17 per cent of the U.S. total.

In 1954 government made 32 per cent of the nation's expenditures on new construction and equipment. Its production equalled one-fifth of the gross national product. In 1953 it owned one-fifth of the nation's stock of capital goods and its public debt equalled 14 per cent of the national assets.

Those are impressive figures and illustrate how deeply government has become involved in America's ever-expanding and ever-active economy. It also warns that radical reversals resulting from determination to reduce government to the standing of "the good old days" would seriously impair if not wreck national economic health. And it also brings up the question of just when were those "good old days."

All the bureau's research says about that is that the popular impression that it all started with the New Deal is a fallacy. As long as a half century ago there were signs of growth most of the time. If the depression of the thirties brought any innovation it was in terms of acceleration rather than character. And if the depression is to be considered an accelerative demon, it was strictly a piker compared to World War II and the two decades thereafter, which brings it up to now.

Vaporized Vets

It might be a matter of maidenly embarassment to a girl to have her every ache and pain discussed back and forth over the airways—unless the broadcast locale happened to be somewhere in the Saunders-Butler-Seward-Lancaster County region—and the station was KAH —and the girl's name was "Bessie Bovine."

Two modern-minded Wahoo vets, Drs. J. D. Little and H. E. Hedlund, who keep well posted on medical progress but admit to knowing absolutely nothing about the art of radio communication, have been making calculations for some time on the hours wasted in "back-tracking" from job to office to job again in the 70,000 or more miles a year they spend on the road. And the two doctors came to the discouraging conclusion that fully half of their time was being spent in needless travel. So last February they began experimenting with a two-way radio setup to see what it could do to relieve the situation. Results have been most gratifying both from patient and doctor point of view.

The Federal Communications Commission licensed the system and assigned call letters, with a broadcast radius of about 50 miles, and with an assistant receiving calls and relaying them from the office, it's not impossible nor even improbable that one of the medicos, driving in the neighborhood, can do a quick about-face and reach the sick animal before the farmer himself hangs up his phone and returns to the barn or shed.

Science has acted nobly to throw a veil of discretion around the personal details of Bessie, the bossy's bloat and such. With the assigned operating frequency made, and transmitters and receivers properly adjusted, no home radio broadcast should be interrupted with the news that a 30-pound bull calf was delivered to Mrs. Clarabelle Cow at the Gus Smith farm and that mother and son were doing well.

The back-and-forth messages are supposed to be confined solely to the assigned frequency. Even science, however, can't always control the flight of fanciful little radio waves, with ungovernable atmospheric and weather conditions bobbing up to interfere. Thus the two doctors occasionly find themselves exchanging the time of day with other Tennessee or Idaho semi-ham professional men.

Nor is the benefit all restricted to the barnyard bailiwick. Dr. Little was driving along south of Wahoo recently when he spotted a shed blaze and called the fire department before the owner, working in his field, was even aware of the trouble.

And so we continue to bridge time and space a little more rapidly, a little more efficiently, and to apply the knowledge where we need it.

Of Men And Things

By J. E. LAWRENCE

In these closing hours of its 1955 session, some of the 43 members of the current Nebraska Unicameral Legislature may take time out to contrast the atmosphere marking the start of the Legislature's labors with the finish. Without exception, all 43 members came to Lincoln to get a job done speedily.. They are leaving with a record of the longest-drawn-out, wearing, and in some respects most disappointing session in history. Why?

★

Frequently we hear that one of the weaknesses of the unicameral system is the limited membership. There would be more hands to get the job done, particularly when it came to committee work, if the membership were increased. While outwardly the proposal to increase the membership is persuasive, we doubt that actually such a step would do so. More members mean more speeches. And speeches are time-consuming. More members usually mean more bills introduced or more proposals to be considered and again that takes time. This Legislature is no more vulnerable to criticism than others which preceded it. We are not very willing in this state to look facts in the face. Our most difficult problem in relation to state government has been and is to find adequate revenue to finance the activities of state government on the level people believe they should be. We still talk about the simple tax base. We still insist that real and personal property not only should bear all the tax load, but actually are able to do so. This struggle over tax revenue and more particularly the controversy embracing proper fields of taxation has only one result and that is to add days to the length of the session. Other states make no pretense of devoting the time and energy to a discussion of taxation that we do here.

Increasing Its Membership

★

We do not say that it is bad or that it is good. We simply suggest that except for the increasingly difficult task of cutting the cloth to fit the pattern in providing sufficient revenue for state activities without broadening the tax base, legislative sessions would be shortened.

★

All of the members of this 1955 session who have any notion of attempting to return in 1957 have an exceptional opportunity for service. They have been through the mill. They may have some ideas of their own on how the legislative responsibilities can be taken care of in less time than has been necessary in the last two sessions. A shorter session means fewer bills. Of necessity it will be important for the individual members to get down to business earlier. Committee work, put off in a large sense until after the 20-day period for bill introduction has lapsed, will have to get under way earlier. And the sooner morning and afternoon sessions begin, the earlier the Legislature will have finished its chores. The people want shorter sessions. They may not understand the infinite complexities of legislation but they do think a lot of time is wasted and in their own opinion, at least, their criticism is divided somewhat impartially between personal qualifications of the members and the mechanical setup of the Unicameral.

Inviting Field For Study

★

The most important study upon which the Legislative Council can embark is one turning the looking glass upon its own procedure.

Listen For The Shot

Comrade Isaak Dunayevsky has held Communist Russia's No. 1 spot as a music composer for a number of years. One of his compositions serves as the theme song for the Russian radio network and he is a spesialist on non-capitalistic music. We presume he has eliminated notes because of their suggestion of banking.

It is surprising, therefore, to learn that Dunayevsky has come out boldly for jazz. He not only believes that Russia could do with a lot of it, but he has branded the official ban on it as the result of orthodoxy, narrow-mindedness and dogmatism.

Just what is the significance of this? We do not know as yet. Perhaps it is another piece of evidence that Russia is becoming co-operative and peace-minded. But again perhaps Comrade Dunayevsky has simply blown his top. If anyone hears a sharp pistol report soon from the east we will know that Dunayevsky's rebellion failed, and that Red Russia is still the same old Red Russia.

Mrs. Luce Has Eye On Vice Presidency

WASHINGTON — It's supposed to be a political secret, but Clare Boothe Luce, glamorous ambassador to Italy, is making a backstage bid for the GOP vice-presidential nomination. She believes it's time for a woman to become president of the United States and confided her plans to House GOP leader Joe Martin at length the other day.

The vivacious Mrs. Luce, who is doing a good job in Italy of late, rushed home from Rome ostensibly to report on the Italian government's alarming left - wing swing. While here, however, she dropped in to see ex-Speaker Joe Martin, who used to give her fatherly advice when she was in Congress.

Mrs. Luce had let it be known during the 1952 Republican convention that she was available for the vice presidency. But she entered the race so late that few politicians took her seriously. This time, she told Martin, she intends to start early.

She argued that the Republican party needs a woman on the ticket to attract women voters. She made it clear, in any case, that she would be a candidate in 1956 for the vice-presidential nomination. It was taken for granted that her husband's powerful magazines, Time, Life and Fortune, would support her.

Joe Martin is an earthy, practical politician, not easily dazzled by glamor. He also has tremendous influence inside Republican circles. It is newsworthy, therefore, that he agreed a lady vice president might have voter appeal. He also promised to do what he could to help Mrs. Luce.

Though their conversation was supposed to be secret, word of it leaked to the GOP National Committee. Most party leaders let it be known privately that they couldn't see Mrs. Luce as vice president. If any woman should get the nomination, they argued, it should be Sen. Margaret Chase Smith of Maine.

Mrs. Luce's candidacy would also solve one of the problems tending to cause dissension in the Republican party — Vice President Nixon. A great many party leaders, among them the powerful Knight-Knowland contingent of California are vigorously opposed to his renomination.

☆ ☆ ☆

AIR FORCE GLASS

"Uneasy rests the head who tries to build an Air Force Academy." That is the commiseration being handed to the man at the head of the Air Force today—fast-talking, hard-working, big GOP money-raising, bridge-playing Harold Talbott.

For it looks as if Talbott would have to draw his Air Force academy plans all over again. Congressmen even intimate that the "West Point of the Air Force" won't be located at Colorado Springs after all — though this seems much less likely.

At any rate, Secretary Talbott has called a meeting for next Monday (June 20) to go into the whole thing and may well end in tearing up the architectural drawings of the institution which Frank Lloyd Wright has already dubbed "Talbott's aviary" and a "factory for birdmen."

Certain congressmen have not been so public about it, but in off-the-record meetings they have been just as vocal.

ED FITZHUGH

Petunia By Other Name Might Be A Primrose

My wife is getting a tremendous reputation as a petunia grower.

Offhand, I am not at all sure that she nurtures any petunias at all in our back yard. By reference to a list which she has in desperation made for me, I note that her flower culture includes roses, poppies, bachelor buttons, tulips, lilies, sweet peas, daisies, iris and a dozen others, all in about equal number. She has not included petunias on the list, but this does not necessarily mean that she does not grow them.

It might mean simply that she did not want to put the word down for fear of impressing it further on my mind. It is the only name I can think of, right out of my head, when people start talking about flowers.

I do not mean to give the impression that I am entirely ignorant about flowers. Put a lovely, full blown American Beauty in my hand and ask me to name it, and after only an instant of concentration I can tell you that it is a rose. Or give me a day lily, and almost right away I will inform you that it is an iris, which is pretty close. My trouble is more that in casual conversation, without the actual flower before me, I can never remember the names of any flowers. Except petunias.

☆ ☆ ☆

"My wife," I will say when the conversation among acquaintances turns to gardening, "has a talent for flowers. You ought to see our back yard. A veritable riot of colors—every hue of the rainbow!"

Some busybody at this juncture will inevitably ask, "What does she grow?" This immediately causes a sinking feeling inside me, accompanied by the desperate realization that all at once I cannot recall the name of a single blessed bloom—except one. For a while when this happened I used to just hang my head and slink away. Then I got to thinking that such cowardice was unfair to Mrs. F., and might give the wrong impression, so now I brazen it out.

"Petunias!" I announce impressively.

"No gladioli?" somebody is bound to inquire, acting upstage. When this happens I am saved by the turn of events, because I can immediately switch the conversation to a discussion of whether the plural is really gladioli, and usually nobody knows for sure. If, however, the fellow says, "What, no primroses?", then I'm stuck, because it is hard to make out much of a case for "primri" as a plural.

☆ ☆ ☆

Mrs. F. is not as appreciative as she might be of her fame in the circle of my acquaintances as the lady who grows petunias. She asks, why can't I just say "flowers" and be done with it, but I tell her that would be a confession of ignorance. All of the other fellows rattle off the names of flowers, I point out, so why can't I? She says it must not take much rattling to mutter "petunia."

(Chicago Sun-Times Syndicate)

DORIS FLEESON

Operation Alert Raises Questions

WASHINGTON—A few minutes before President Eisenhower led the White House staff to cars to start Operation Alert, 1955, a messenger was handing them the noon editions of a Washington newspaper bearing in big black headlines the legend: Operation Alert is a dangerous farce, official here says.

If they were amused they hid it. The President is taking the new drill seriously and levity regarding it is not encouraged.

It is generally admitted, however, by most of the men that they had learned that morning from their wives something about the program's deficiencies. Apparently it had not dawned on these ladies until they actually saw their husbands pack a suitcase for a three-day stay that no such plans had been made for them or their children. Their wives' farewell embraces were described by some of the men as rather lacking in warmth.

The women's point of view was defended by the protesting official, Deputy District Civil Defense Director Underhill. He said the first step should be the strategic evacuation of women and children, the old and infirm.

☆ ☆ ☆

Mr. Underhill wants more, not less Civil Defense. He likes practically nothing about the present performance asserting that what we have compared to what we need is the difference between an ant and a dinosaur and that the public knows it. Underhill was chief military intelligence editor for the Army general staff in World War II.

Congress continued to pretend not to notice either what was going on or the complaints about it but went on legislating. One shrewd House veteran said privately he thought the protesting wives had given the President a useful hint. As a politician, he explained, he wouldn't support any Civil Defense program that didn't begin with families.

The President, of course, could retort that Congress actually hasn't done anything about Civil Defense. It is possible that while he is on sound ground in the present exercise from the military point of view, he has overlooked some of those intangibles which are vital to the successful politician.

☆ ☆ ☆

There are people here who feel that nuclear warfare has outdated Civil Defense no matter how intelligently conceived and expensively executed. They argue that alerts are waste motion on the periphery of the problem, that the problem can only be solved by creative political solutions at its heart.

This, too, is being attempted with such moves as the Big Four meeting at the summit. Apparently the President feels that the present maneuvers will at least contribute to a general recognition that the problem is a vital one.

THE NEIGHBORS SAY

Dividing Acre Among All Blaine Farmers

By MONA B. PARKER

W. H. Plourd reports the spring season in Fullerton as proceeding with its usual normalcy. He's already left one straw hat somewhere and can't remember where . . . he hopes to take his storm windows off, um-m-m, maybe by the end of this week . . . he's trapped two moles . . . and left a window open, with a resulting rain shower all over the floor . . . and all that remains is for some rhyming reader of the Nance County Journal to bring an original spring poem in to be printed . . . which he hopes somebody will do because he always charges 10 cents a line for printing poetry.

☆ ☆ ☆

The rains that fell on Thurston County and round-about sent the Marrs to scurrying for tubs and pails to catch the much desired soft water for shampoo and laundry purposes. Forgotten for the moment were all the dust and wind that had gone before, leaving a substantial deposit of dirt on roofs. Mrs. Marr, writing in the Walthill Citizen, described the liquid they caught "black as ink" as she poured it out, hoping for a clearer harvest next time.

☆ ☆ ☆

Headlines appearing side by side in the Friend Sentinel . . .
"Band Concert Rained Out" . . .
"Shower For Bride-To-Be" . . .

☆ ☆ ☆

Seasonal note as reported by the Lyons Mirror-Sun. . .

Only a few short weeks ago, mothers were prying the youngsters out of bed in time for school. And what is the answer to the very same child who now arises at the crack of dawn with that age-old lament:

"There isn't anything to do!"

☆ ☆ ☆

Ed Krikac of the Comstock News says he isn't much in favor of the socialistic system of passing the good things of life around equally to everyone, regardless of whether one works hard for them or sits on a bench in the sun all day . . .

And then in his next paragraph, he jumps up and down editorially in noting that fellow townsman Frank Sestak is making preparation to drill for oil on some land owned in Oklahoma. "A millionnaire in Comstock?" he marvels. "Good! Maybe I can get part of it!"

☆ ☆ ☆

Qualifications for a man's capacity to do a job change with the times and, of course such innovations as grocery pushcarts and such. M. G. Williams reminds Scotians of this fact in his comment:

"Can you remember when the ability to carry a sack of flour on his shoulder without holding was a grocery clerk's best recommendation?'

☆ ☆ ☆

The people A. H. Morton doesn't envy much are those in the ASC office in Blaine County where the wheat acreage allotment adds up to the impressive total of one acre. "How are they going to divide that up among the farmers in the county?" he asks in the David City Banner-Press. Grant County officials, he figures, will probably have the easiest job of all in the state. The allotment there is a big fat zero, which, any way you divide it, still comes out nothing.

☆ ☆ ☆

A. C. Huber, in the York News-Times: "If Sen. Estes Kefauver could trade his name for one something like Davy Crockett, it would be worth at least a couple of million votes to him in his presidential aspirations."

☆ ☆ ☆

Reed O'Hanlon, Jr. pounced upon a universal daily practice that he labels time-consuming, useless, and strictly non-profitable. The Blair editor is about to organize a club for the complete abolishment of saying "Good Morning." Take 162 million people, for example, all whispering, shouting, screaming, hissing and grinning the greeting on an average of 15 times a day. With two seconds allowed for each utterance, the time thus wasted figures out to 81 million minutes or something over a million and a quarter hours each day which could better be used on national defense, economy, building better hamburgers or running around the block drumming up new circulation.

With June 19 only two days away now, a drake on the Cuming County farm of Buzz Perry—with perhaps an eye and an appetite to such future tidbits as a plump worm or a choice beetle tied up in a green leaf and labeled "For Father"—has developed an unusual paternal complex. He is sitting proudly and firmly on the eggs from which his brood may eventually hatch, refusing to let even Mama Duck anywhere near them. . . .

Thank You

Lincoln, Neb.

To the editor of The Lincoln Star: We, the board of directors —Mr. John P. Gedwillo, executive secretary—and Mary Crom, promotion—wish to thank The Star for the news items during April and May. They helped to make our 23rd Anniversary and Goodwill Week a success.

We appreciate the interest The Star has shown in the Lincoln Goodwill Industries and their handicapped people, and the way our message has been conveyed to the public has been highly gratifying.

MARY CROM
Syracuse, Neb.

To the editor of The Lincoln Star: We in Syracuse appreciated the Sunday article and pictures of Syracuse. On behalf of our chamber of commerce, I wish to express thanks for the interest shown in our city. It was an excellent job of collecting interesting information.

R. GENE O'DONNELL
Secretary Chamber of Commerce

Falls City, Neb.

To the editor of The Lincoln Star: Just a note to let The Star know of my deep appreciation for my selection as "Coach of the Year." It is an honor I deeply cherish and your kindness will not be forgotten.

JACK McINTIRE

☆ ☆ ☆

Man's Best Friend

Lincoln, Neb.

To the editor of The Lincoln Star: I note the law is going to crack down on loose dogs which are unfortunate enough to have loose masters. Is it not more important to enforce a law prohibiting the speed-loose imbecile from driving on our city streets and highways?

I'm just a common doggie,
I have four legs, as you see,
I came by them quite naturally,
God gave them unto me.

I did not ask you for a home,
The day when you chose me,
It nearly broke my mother's heart,
Her favorite out of three.

You promised to be kind to me,
A collar and a tag,
And give me proper shelter,
My, how some folks can brag.

Alas, vain indeed your promises,
Not one has yet been kept,
I'm just a wandering mongrel,
Flea-bitten and no pet.

Alas, in this cruel, wicked world,
There are many dogs like me,
Homeless, sick and hungry,
A sorry sight to see.

When God turned man from Eden,
My mother told me so,
The only friend who followed him
Was a dog: she ought to know.

From then till now and ever,
On his love you may depend,
Be you rich, poor, or lonely
He will always prove your friend.

JOHN T. PECK

Safe-Driving Campaign

Washington, D. C.

To the editor of the Lincoln Star: A few days ago I attended a meeting of the President's Committee for Traffic Safety, and the outstanding feature was a presentation of the publicity given to S-D Day by all media of public information. It was the greatest saturation job ever done in publicizing a peacetime undertaking. I am grateful for The Star's part in this great performance.

We are planning another safe-driving campaign this fall, reaching its climax on December 1. During the high-travel summer months we are co-operating wholeheartedly in the "Slow Down and Live" campaign sponsored by the National Conference of State Safety Co-ordinators.

We saved 2,000 lives in traffic last year, on the basis of total deaths 1954 versus 1953, and we are making another good record this year. Newspapers, magazines, radio and television have contributed in very considerable measure to this improvement by making the public conscious of the importance of safe driving and safe walking.

TEACHER'S MEETING

I'd forgotten such things happen,
but I smiled to hear him say:
"There will be no school tomorrow.
It is teachers' meeting day!"
And the more I thought it over, it
seemed strange I should forget
We always had a holiday the time
the teachers met.
His mother seemed to doubt him,
as my mother doubted me
When I said, "No school tomorrow" with the same glad voice
as he.
And she asked the mother question: "Why is that I'd like to
know?"
This is the answer: "Teachers'
meeting! and all teachers have
to go."
Oh, happy teachers' meeting. Long
after we are gone
For the benefit of childhood may
it still continue on.
May the youngsters of the future,
in the old familiar way,
Shout the word: "No school tomorrow! It is teachers' meeting day!"

Government Says Real Attack Would Have Caused 15 Million U.S. Casualties

U.S. Placed Under Mock Martial Law

EMERGENCY PRESS HEADQUARTERS, OPERATION, ALERT (INS)—The government reported Thursday night that there would have been nearly 15 million casualties and 24 million homeless if Operation Alert—the mock atomic attack—had been the real thing.

Civil Defense administrator Val Peterson said the toll would have been 8,200,000 dead and 6,550,000 injured in the 61 continental U.S. cities chosen as targets for Wednesday's simulated raid.

Peterson said damage would have amounted to billions of dollars. Other results, he said, would have included: 6,700,000 houses and apartments destroyed, another 700,000 damaged but habitable and another 3,800,000 uninhabitable because of radioactive fallout.

Peterson said the "most severe theoretical damage" would have occurred in the vital New England-New York area, where at least 207 essential industrial plants would have been damaged or razed.

He said the casualty estimate was considerably below the pre-test figure of 19 million killed or injured. He attributed this reduction to simulated evacuation plans in 24 of the cities which were "hit."

On Friday morning, President Eisenhower will meet with key federal officials at the Pentagon's relocation site to study results of the make-believe assault.

Earlier Thursday, the President placed the U. S. under mock marital law as federal agencies swung into action in the wake of the theoretical attack and Civil Defense test.

White House assistant press secretary Murray Snyder announced that ODM director Arthur S. Fleming and civil defense chief Val Peterson will make a radio-TV report at 12 noon CST Friday on "Operation Alert," the three-day civil defense atomic survival exercise.

Will Go On Air

Fleming and Peterson will go on the air after reporting to the President at the Defense Department relocation center.

Developments during the second day of the greatest civil defense test to date included:

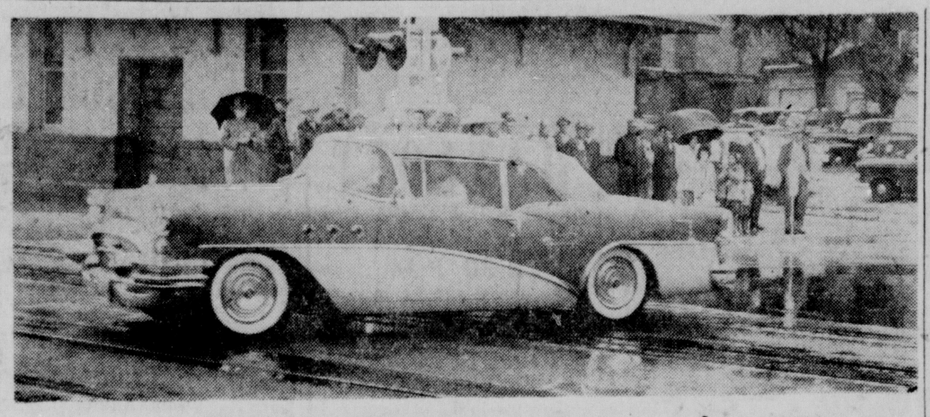

1. Mr. Eisenhower declared mock martial law and conferred with his top advisers in a secret, "underground Pentagon."

2. Selective service took action to mobilize manpower. Draft Director Maj. Gen. Lewis B. Hershey "alerted" states to expect a heavy theoretical call for manpower to be available approximately 15 days after the attack.

3. Treasury Secretary George M. Humphrey said the American economy could withstand destruction of the 61 cities. He said "the U.S. could take it economically. There is no question in my mind at all. We would recover and would recover with remarkable speed."

EMERGENCY WHITE HOUSE, (INS) — President Eisenhower slipped out of his mountain hideaway late Thursday and drove to Gettysburg to have dinner with the first lady at his farm.

The "pool" of newsmen covering his headquarters were not told about his surprise departure until he had left. He had planned to stay at his mountain retreat until the drill is over Friday, except for official visits to other points, but apparently changed his mind when Mrs. Eisenhower drove down from the farm to join him for lunch.

P Street Crossing Is Reopened

The first car drove across the newly opened Rock Island railroad crossing at P Street at noon Thursday. The city spent approximately $31,000 for the opening and the right of way was donated by the railroad. Councilman Rees Wilkinson cut the ribbon officially opening the street, but a rainstorm caused those present for the occasion to put up the tops on their convertibles. **(Star Photo.)**

Ike Grandchildren Visit Ft. Sheridan

CHICAGO (AP) — President Eisenhower's three grandchildren arrived at nearby Ft. Sheridan Thursday for a visit with their maternal grandparents.

Their arrival by plane from Ft. Leavenworth, Kan., was announced by the 5th Army, to which their grandfather, Col. P. W. Thompson, is attached.

The children of Maj. and Mrs. John Eisenhower were accompanied by Secret Service men. The children are Dwight David, 7; Barbara Ann, 6, and Susan Elaine, 3.

Maj. Eisenhower is to graduate June 24 from the Army Command and General Staff School at Ft. Leavenworth. He then is to be assigned to Ft. Monroe, Va.

Legislature Supports Federal Ag Tax Refund

The Legislature Thursday urged Congress to pass a bill providing refund of federal gas tax on fuels by farmers for non-highway purposes. The vote on the resolution was 31 to 2.

The refund bill was introduced in Congress by Sen. Case (R-SD) and Carlson (R-Kan). There is an agricultural refund provided in Nebraska for the state gas tax.

Niklaus Ordered To Submit Briefs

Briefs to be submitted by the plaintiff by July 21st were ordered Thursday in the suit of William Niklaus against the Abel Construction Co.

District Court Judge Harry Spencer also deferred ruling on a motion for dismissal of the trial phase of the lawsuit, which was brought to nullify paving district contracts made by the city with Abel.

The suit, brought by Niklaus "for the benefit of the city," seeks return of $740,948.50 paid in paving contracts.

Attorneys for the defendant asked that the case be dismissed on grounds that the petition did not state sufficient cause to try the suit, sufficient evidence was not presented during the trial, and Niklaus participated in the preparation of preliminary briefs.

They contended the alleged participation by Niklaus in pre-trials and court motions nullified the action because Niklaus, who had been disbarred was not qualified to handle them.

The case is being heard without jury.

Involves Mayor

Niklaus has alleged that Mayor Clark Jeary benefited from the Abel Construction Co. contracts while serving as a city councilman and later as mayor.

Jeary denied the allegations during the trial. He said he performed special legal services for both the construction company and the Universal Surety Co., bonding firm for Abel. He added, though, that they were completed before he began his services on the council.

The final witness appearing in the suit was Phil Wadhams, called to the stand by the plaintiff. Wadhams, however, was not permitted to answer whether Jeary said, during a 1953 council meeting, that he represented the Abel Construction Co. "and was proud of it."

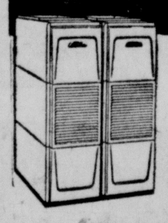

The motion for dismissal came after conclusion of testimony by both sides.

Niklaus has filed similar suits against the Dobson-Robinson Construction Co., the Universal Surety Co., former Mayor Victor E. Anderson, now governor of Nebraska, Mayor Jeary, and City Engineer Dave Erickson.

Don't miss it. News of friends on vacation, marriages, engagements, parties, P.T.A. notes and club meetings makes good reading in the "Sunday Journal and Star."

Our deals are so hot—our salesmen have become firemen!

LMDA

Rush to the nearest exit of your home, office, or wherever you're reading this! Come and get the hottest deal on a Mercury—the hottest car of the year. Record Mercury sales make it possible for us to sell at a lower profit. In most cases, we can give you up to $200 more for your present car th other dealers.

*Based on comparison of manufacturers' suggested list or factory retail prices, using a Mercury Custom 2-Door (not illustrated)

MERCURY'S SETTING THE AUTO WORLD ON FIRE

Here's why—

- Exclusive styling shared by no other car. You don't have to look twice to tell it's a Mercury.
- SUPER-TORQUE performance at *all* speeds. Mercury puts more of its high horsepower (up to 198-hp) to work in the everyday driving ranges. You get more power you can use, not just boast about.
- More fine-car features at no extra cost. There's a 4-barrel vacuum carburetor on every model, dual exhausts on 8 out of 11 models.
- Prices start low . . . lower than 13 models in the low-price field.*
- Consistently highest record for resale value in its field, according to independent market reports. You protect your investment.

IT PAYS TO OWN A MERCURY FOR FUTURE STYLING, SUPER POWER

INNOCENT MAN GETS $112,291 FOR 12 PRISON YEARS

NEW YORK (AP) — A Court of Claims judge awarded $112,291 Thursday to 41-year-old Louis Hoffner as compensation for his 12-year imprisonment on a murder conviction that was set aside in 1952.

Hoffner, a bespectacled bachelor thanked Judge Frederick A. Young, saying:

"I feel very good that it's all over."

"I've got my freedom, that's the main thing," he told reporters.

Judge Young called Hoffner's original conviction "a tragic miscarriage of justice."

Hoffner was sentenced to life imprisonment for the still-unsolved slaying of a Queens bartender in 1940.

A Queens County judge set aside the conviction after a five-year campaign headed by Edward J. Mowery, staff writer of the New York World - Telegram & Sun.

The campaign brought disclosure of minutes of a police lineup at which the state's star witness failed to identify Hoffner — although he did so later in court.

Results of a lie detector test showed Hoffner was telling the truth in claiming innocence. Hoffner was not allowed to take the test when he was first acused in 1940.

Torpedo Blast Sends Sub, 13 To Watery Grave

PORTLAND, England (AP) — Explosion of a practice torpedo tore open the front end of the British submarine Sidon in Portland's harbor Thursday and sank her with 13 officers and men. All hope for the 13 was abandoned Thursday night.

For seven hours Royal Navy rescue experts worked in an effort to find any who might have survived both the blast and the engulfing waters 36 feet down. Then they gave up. There were no signs of life aboard.

Seven Escape

Seven other crewmen escaped with slight injuries seconds after the explosion in the starboard torpedo room tore apart the forward section of the 1,000 - ton craft, sent yellow smoke billowing from the conning tower and rocked this south coast naval base.

The Sidon was moored at the time alongside the supply ship Maidstone. She was preparing to leave the harbor on torpedo firing exercises.

J. P. L. Thomas, first lord of the admiralty, told the House of Commons in London "an oxygen explosion in a torpedo" caused the blast.

Sudden Rush of Air

"There was a sudden rush of air and smoke through the conning tower hatch," Thomas said. "Survivors started to escape and the captain and other officers and men who were on the bridge of the submarine, as well as officers from HMS Maidstone, entered the submarine to assist in rescue operations.

"As far as my information goes at the moment, I think the loss of life was entirely due to the explosion."

Driven Back

Lt. Cmdr. Hugh Verry, the Sidon's commanding officer, said he went below as soon as the marine disaster was the loss of the driven back by choking smoke and debris, which blocked the passage in the seamen's mess deck forward of the wardroom."

Leave was granted to all surviving members of the crew.

The heart - breaking rescue task was directed by Lt. Cmdr. A. V. Emery.

The young officer looked wearily over the side of the Maidstone and shook his head.

All Over

Below him at the water line, green and white bubbles still churned the surface.

"Then it's all over?" he was asked.

"All over for those 13 down there below us." he replied.

"But how do you know they are dead?"

"Divers," he said. "They've tapped and tapped on her sides."

One of the divers, his rubber suit still dripping, said: "not a sign from there."

Died From Blast

Asked how the men met their death, Emery said "I imagine from being hit by the contents of the submarine, which flew all over the place."

"She is flooded throughout," he said. "There is a 40 degree list to starboard. "One torpedo is sticking out of the No. 3 torpedo tube."

It does not have a warhead.

Salvage experts took charge of efforts to raise the sunken submarine.

The Sidon, launched in 1944, took part in the reoccupation of Hong Kong after the Japanese surrender in 1945.

Britain's last previous subexplosion occurred, "but I was Affray, which sank in the English Channel with 75 men in April 1951.

OFF STREET PARKING BILL GETS GOVERNOR'S OKAY

The off street parking bill for Nebraska cities ranging in population from 5,000 to 40,000 was signed into law Thursday by Gov. Anderson.

The measure permits the cities to acquire and operate off street parking facilities. It takes effect immediately.

Sought by the state's middle sized cities to help solve their parking problems, the bill was first killed in committee but was later reconsidered and reported out after the addition of some restrictive amendments.

Lincoln Retirement Bill

Included among the amendments is the requirement that acquisition of the facilities by the city must be approved by a vote of the people.

Gov. Anderson approved a hike in retirement system payments for Lincoln police and firemen.

The governor also signed a bill easing the requirements in forming a watershed. The changes were requested by backers of the proposed Salt-Wahoo Watershed district.

A measure increasing the amount a county board can spend on a road project without accepting bids from $500 to $2,000 was approved.

Douglas County is excluded from the scope of the bill.

Other measures signed permit municipalities to foreclose on future installments when three sewer or paving district payments are delinquent, ease the state trucking weight limitation law for vehicles hauling livestock, set up regulations for structures in the vicinity of an airport, and extending Omaha zoning powers to an area within three miles of the city limits.

The list:

LB 219, empowering all first class cities to acquire and operate off-street parking facilities. (E).

LB 292, extending power of metropolitan cities on areas within three miles of corporate limits.

LB 339, modifying load and tolerance provisions as applied to trucks hauling livestock.

LB 384, modifying condition for formation of a watershed district (E).

LB 9, providing for payment of salaries of state constitutional officers. (E).

LB 115, providing that unpaid future installments for improvements in first class cities may be declared due when three or more installments are delinquent.

LB 129, providing for a refund when any taxes or assessments are determined by a court to be illegal. (E).

LB 305, providing another method of determining the number of inhabitants of a school district.

LB 381, increasing amount a county board may spend on bridge and road improvements or for materials without calling for bids.

LB 385, designating State Board of Education as State Board of Vocational Education.

LB 513, increasing retirement, disability, and death benefits for police and firemen in Lincoln.

LB 541, regulating erection and maintenance of structures which may constitute a hazard to air traffic.

LB 537, providing for collection of delinquent installments of special taxes for water and sewer districts, including future installments, in first class cities.

Possible Link Sought In Disappearance Of Two Florida Couples

WEST PALM BEACH, Fla., (AP) — The striking similarity between the disappearance of a circuit judge and his wife and a Miami couple six weeks ago led Thursday to an inquiry to determine if the two cases may have been perpetrated by the same criminals.

Judge and Mrs. C. E. Chillingworth have been missing since Wednesday from their beach home at Manalapan, 10 miles south of here. Few clues have been found and the investigation has made little apparent progress.

Mr. and Mrs. Charles Ferri vanished from their home at Miami May 1. A lengthy investigation led nowhere.

In both cases bloodstains and signs of violence were found at the homes. Cars were in the garages and valuables were found undisturbed, seeming to rule out robbery.

'Work of Fiend'

Judge Chillingworth's fellow jurist, Circuit Judge Joseph S. White, said he thought the West Palm Beach couple's disappearance was "the work of a fiend, possible the same fiend involved in the Ferri abduction."

Two sheriff's deputies from Miami who have been working on the still unsolved Ferri case were sent here Thursday to take part in the Chillingworth investigation.

State Atty. George A. Brautigam, also of Miami, told his chief investigator, Fred Jones Jr., to check for possible connections between the two disappearances.

Ferri, a retired Newark plumber, had been a minor witness in an income tax evasion case against Albert Anastasia, reputed head of Murder, Inc. Anastasia later pleaded guilty to the tax charge and was sentenced to a year in jail and given a $20,000 fine.

Judge White, a life-long friend of Chillingworth, said there was "no connection whatever" between the missing judge and Anastasia.

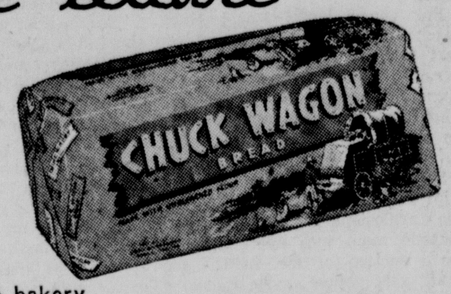

The judge, 58, and his wife, Majorie, 57, were discovered to be missing after he failed to show up for a morning court case.

Deputies who went to his home found the cottage open, the beds unmade and the lights off. A floodlight on the porch that illuminated a set of steps leading to the Atlantic Ocean was smashed. Spatterings of blood were found on the steps. Two rolls of adhesive tape were found, one on the porch and the other near the edge of the water. The judge's eyeglasses were missing.

A quick search of the house and grounds failed to reveal any trace of the missing couple. Investigators, now proceeding on a theory that they may have been kidnaped, searched for clues in the circumstances surrounding their lives.

They checked persons involved in court cases which the judge had conducted, and were checking out a report that a small boat was spotted near the ocean-front home early Wednesday morning.

LHS Grad's Scholarships To See Him Through Doctorate

Robert B. Wilson, 18-year-old Lincoln High School graduate, has won a four-year General Motors College Scholarship.

Robert Wilson

The scholarship is one of many Robert has won. He has received enough to enable him to complete his masters and doctors degrees on scholarships.

Robert, the son of Mr. and Mrs. Robert B. Wilson Sr. of 914 South 40th, plans to enter Harvard University this fall to take an applied sciences course. His main interests are mathematics and physics.

Robert was one of 100 winners selected from more than 14,000 applicants for the General Motors scholarship. He was the only Nebraskan to receive one. Each winner will receive $200 to $2,000 a year, depending on demonstrated need.

The funds will be used for tuition, room, board, books, fees and other college expenses. The award was made on the basis of a competitive examination taken by 64 Nebraska high school seniors. Applicants were also judged on scholastic achievements, student activities and leadership potential.

The scholarships will be continued from year to year for four years if a student's progress is satisfactory.

In addition each college receives a grant-in-aid equivalent to the tuition rate charged with a minimum of $500 and a maximum of $800 per year for each scholarship.

He has been awarded scholarships from Harvard University, $1,400, which became honorary upon receipt of the General Motors scholarship to be applied at Harvard; General Motors, $1,400; Cornell, $1,350; Massachusetts Institute of Technology, $700; Elks, $50; University of Nebraska Regents alternate.

Robert, who had a near-perfect grade average in high school, was president of his senior class, president of his school's National Honor Society, president of the International Club, delegate to Nebraska Boys State, president of a youth fellowship group, student government president and debate team captain.

He was an exchange student to Germany last summer.

Among his hobbies is work with model airplanes. He has nearly completed a two and one-half pound thrust model pulse jet.

Five Injured In 3 Lincoln Accidents

Five persons suffered minor injuries in three accidents Thursday. Three of the injuries resulted from a single three-vehicle collision.

The five-year-old son of Maj. and Mrs. R. W. Weibel of 128 No. 34th suffered a head bump and a cut left ear when struck by a car at 35th and O. The boy, Stuart, was treated and released by Bryan Memorial Hospital. Driver of the eastbound truck was Thomas E. VanCLeave, 24, of 2121 No. 29th.

A three-vehicle collision on No. 17th University Terrace resulted in injuries to three persons.

Police Cruiser Officer Tom Newsome said a garbage truck driven by Charles M. Bowling, 64, of 913 Rose, was pulling from the curb while headed north when his truck was in collision with a northbound car driven by Ernest J. Hejl, 27, of 3827 So. 17.

According to Newsome, the Hejl car veered into the path of a southbound car driven by Jimmy Pavey, 21, of 5026 Greenwood.

Hejl suffered a bruised right knee. Two passengers in Pavey's car, Janet, his 18-year-old wife and her father, Charles T. Smith, 49, of 2273 Dudley, suffered cuts about the hands and bruises about the shoulders and legs. All were treated by private physicians.

A passenger in a car driven by Manas A. Dittoe, 16, of 2948 Arlington, suffered a bruised elbow and was treated at St. Elizabeth Hospital. She was Phyllis Casper, 15, of 2700 So. 37th.

The Dittoe car collided with a vehicle driven by Ralph G. Lawson, 29, of 7310 Cummings, at 14th and B Thursday afternoon.

OK For Douglas TAB Appointments Urged

The Legislature's Committee on Committees Thursday recommended confirmation of the appointment of Otto Weiss and the reappointment of Sidney A. Watkins to the Douglas County Tax Appraisal Board.

The Legislature will act on the appointments, made earlier in the day by Gov. Anderson, Friday.

Weiss replaces Board Chairman Lewis C. Sholes, who resigned last month.

The current session of the Legislature has appropriated only enough money for the board to keep it in existence until June 30, 1956.

Kotil Girl, 10, Burned Slightly By Oven Blaze

An oven blaze that did no damage to a Huskerville apartment resulted in minor burns to a 10-year-old girl's foot.

Judy Kotil was treated at the Air Base dispensary. She and another daughter of the Elmer Kotils of 217 A, Huskerville, were in the apartment when the oven blaze broke out. The bahy, Kathy, was not injured.

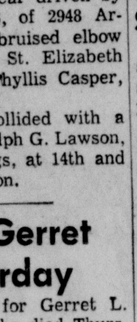

Rites For Gerret Klein Saturday

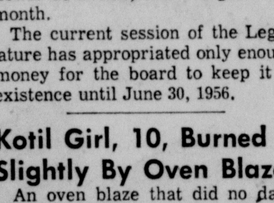

Funeral services for Gerret L. Klein, 75, 2429 D, who died Thursday, will be held at 1:30 p.m. Saturday at Wadlows.

Mr. Klein, a retired farmer, came to Lincoln nine years ago from Adams. He was born in Iowa.

Surviving are his wife, Hattie; sons, Harvey C. of Sacramento, Calif., Norman E. of Adams and Orville L. of Lincoln; sister, Mrs. Etta Boeschot of Firth, and two grandchildren.

Burial will be in Adams, with graveside services at 3 p.m. Saturday.

Governor Nixes Special Session On Road Funds

Gov. Victor E. Anderson Thursday said he will not call a special session of the Legislature for the purpose of providing additional highway revenue.

The Legislature is scheduled to adjourn Friday without granting Anderson's request that sufficient additional funds be made available for Nebraska's participation in the proposed interstate highway program.

The governor said he is certain that an interstate highway bill will be passed by Congress, probably with the federal government providing 90 per cent of the revenue. But, he added, that probably won't be completed for a few months.

Need Preliminary Work

Anderson said there would be only about 18 months at the most between passage of the interstate highway bill and the convening of the 1957 Unicameral. He said it would take that long to complete preliminary work for Nebraska's participation, such as drawing plans and letting contracts.

"I can't see any need for a special session," the governor said.

"The 1957 Legislature can provide additional revenue, and the increase in licenses passed by this session probably will give us enough money for the preliminary work to be done."

Fees Hiked

A bill increeasing license registration fees for commercial trucks and small cars is expected to bring in an extra $825,000 per year for highway building.

Gov. Anderson last month asked the Legislature to provide additional revenue earmarked for the interstate project, suggesting a half cent increase in the gas tax as the easiest means. The Highway Commission made the same request to the senators.

But the Legislature killed the half-cent increase and Thursday turned down a proposed ton-mile tax on large commercial trucks.

Some observers had predicted Gov. Anderson would call a special session if the 1955 Legislature failed to take action.

Carleton Firm Formed

Farmer's Elevator Co., Carleton, filed articles of incorporation with the secretary of state's office Thursday. Authorized capitalization is $75,000 with Floyd E. Bailey and Russell C. Smith listed as incorporators.

Power Line Okay

The State Railway Commission Thursday granted the La Creek Electric Assn., Martin, S. D., authority to erect 164.9 miles of electric transmission line in Cherry County, Neb.

STAN DELAPLANE'S

POSTCARD

Now, the week of June 6-13 passed by before I realized it was National Rose Week.

I should have known. The roses are busting out all over in my n eighborhood. E v e r ywhere but in my garden. Weeds are busting out all over my garden. But not roses.

I think I put my roses in too late. Too late for roses, just early enough for thorns.

My roses are right alongside the doorway, just out of the overhead light. One branch loops out where you put the key in the keyhole. I could get a Purple Heart for the way my right arm is lacerated.

With all these thorns, people go right on talking about roses and considering them in Congress.

"The rose looks fair, but fairer we it deem
"For that sweet odor which doth in it live."

There is a joint resolution in Congress to make the rose America's national flower.

Let us this fair proposition examine. Before it a law doth become.

☆ ☆ ☆

I find one of the reasons for nationalizing the rose is that 75,000,000 roses are sold to Americans each year.

What about all the people who get rose fever? Has this been examined? I do not get rose or hay fever. I get poison oak. Boy, do I get poison oak! Laughing and scratching!

If Congress would like to nationalize something, nationalize poison oak. It is extremely hardy. It looks pretty. It soesn't scratch you like roses. You scratch yourself.

I think poison oak would be a very good national shrub. "Don't tread on me." "Remember the Maine! Especially the summer in Maine when my eyes swelled shut."

It ties in with national slogans. It is very democratic. It attacks man, woman and child. Even dogs. My boxer named Mike gets a distressing itch every summer. He is the delight of veterinary science. They have finally come to the conclusion that this dog is the ONLY dog in the world who gets poison oak.

I will contribute an heroic statue of this dog with one hind foot at his ear. Each year we can have a National Poison Oak Week. Little children can lay wreaths of poison oak at the foot of this statue.

Then they can go home and itch the rest of the week. It is a noble thought.

☆ ☆ ☆

Unlike roses, poison oak does not have to be cultivated. It likes to grow right around roses so that you get it when you are weeding.

It is not susceptible to black spot or mildew. Nor do you have to feed it expensive dishes or spray it for aphids, thrips, leaf hoppers or gall midges.

It has no commercial uses. But help support the drug industry with big summer sales of calamine lotion which doesn't do a bit of good but makes you feel like you are doing something anyway.

☆ ☆ ☆

The only reason I mention this at all is to show how foolish it is for Congress to consider national flowers. Better they should go home and build political fances.

I am a little mad at roses and do not intend to let them get nationalized until they stop acting coy and start blooming. Instead of tearing the nap off my cashmere coat.

Also the rose has already been adopted as a national flower. By England, Romania, Bulgaria, Poland, Iran and Turkey.

I am in favor of something more on the buttonhole variety. Like the cornflower. No thorn, no itch, no sneeze. No vases, no florists' boxes, no worry about slipping them aspirin to keep them fresh.

I think even on my land cornflowers would grow. Roses, now. All big talk and nothing.

(McNaught Syndicate, Inc.)

Ainsworth Unit Upheld

WASHINGTON (AP) — Acting Interior Secretary Clarence A. Davis has approved a Reclamation Bureau report supporting the proposed $25,934.000 Ainsworth, Neb., unit of the Missouri River Basin Project.

This was announced Thursday by the Interior Department, which said the report has been sent interested state and federal agencies for comment.

Congress already has authorized the unit with the condition that construction not be started until a report showing physical and economic feasibility was completed, reviewed by the affected states and approved by Congress. The report approved by Davis is intended to meet that condition.

If Congress approves the report, it would still have to vote an appropriation before construction could be started.

The unit would consist of Merritt Dam and Reservoir, and canal, pumping, distribution and drainage works. It would be designed to provide irrigation water for 33,960 acres of land.

Merritt Dam would be an earthfill structure, 140 feet high, on the Snake River, a tributary of the Niobrara. Ainsworth canal would run about 50 miles across hilly country to the west end of the irrigated area.

Tentative estimates of construction costs by functions, based on July, 1954, prices, include $25,433,100 for irrigation, fully reimbursible; $486,100 for fish and wildlife and $14,800 for recreation. The latter two items would be nonreimbursible.

"If the entire repayment capacity of the water users is used," the department said, "approximately $7,997,000 of the cost allocated to irrigation could be repaid within 40 years.

"The balance of the irrigation allocation would be repaid from other revenues of the Missouri River Basin Project."

F. W. Danekas Rites Saturday

Lincoln Star Special

MILFORD, Neb.—Funeral services for Frederick W. Danekas, 82, prominent Seward County cattleman and landowner, will be held at 1:15 p.m. Saturday at the Voland Chapel here.

Mr. Danekas

Further services will be held at 2 p.m. at the West Blue Evangelical and Reformed Church. The Rev. August Bruggemann will officiate. Burial will be in the churchyard cemetery.

Mr. Danekas, a lifelong resident and one of the oldest settlers in Seward County, died Wednesday night at a Seward hospital.

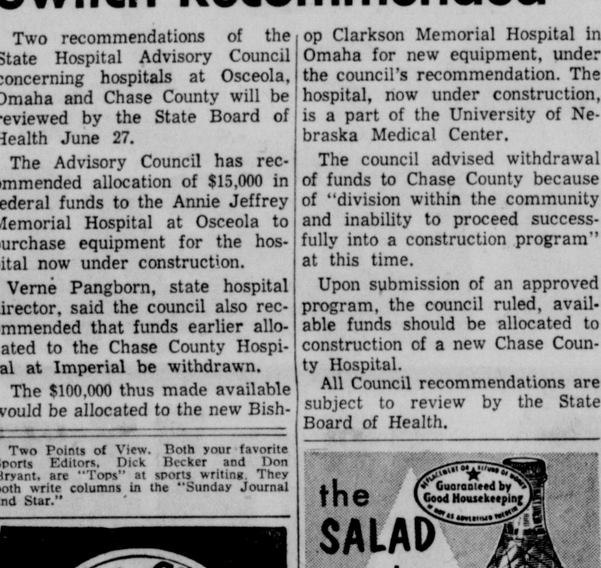

An active cattle raiser, he had been shipping cattle to the Omaha Stock Yards for the last 55 years.

He, with his father and brother, founded the Farmers-Merchants Bank at Milford. He was vice president of the bank for several years.

Mr. Danekas was also a past president of the Farmers Union Elevator Co. and a member of the West Blue Church, for which he served as chairman of the board for many years.

An avid sportsman, he had won many prizes for blue rock shooting.

Surviving are two daughters, Mrs. Edith Yost of Milford and Mrs. Katherine Davis of Lincoln; a son, Stanley of Thedford; three sisters, Mrs. Anna Mell, Mrs. Margaret Treu and Mrs. Etta Busboom, all of Milford; a brother, Robert of Milford; four grandchildren and one great grandchild.

Showers, Thunderstorms To Continue

The nation in general will experience little change in temperature Friday as the same flow pattern will continue. Showers and thunderstorms are predicted for the Great Plains, Rocky Mountains, Gulf coast and along the north Pacific coast. (AP Wirephoto Map).

House Defeats Ft. Randall Amendment

WASHINGTON, D.C. (AP) — The House voted down Thursday an amendment to the Reclamation Bureau fund bill offered by Rep. Miller (R-Neb) to set aside $9,300,000 for construction of a 230 kilovolt transmission line from Ft. Randall Dam to Neligh, Neb.

Action came as the House voted tentatively to override its appropriations committee and add $33,654,558 to Reclamation Bureau funds.

On an amendment by Miller it voted 103-79 to allow the full budget estimate of $146,041,000 for reclamation construction, and increased investigations money from $3,669,446 to $5,104,000.

The House action is subject to a later roll call vote, should it be demanded.

County Chairman Meeting Called

WAKEFIELD, Neb. (AP) — Democratic State Chairman Lawrence Brock of Wakefield issued a call to county chairmen Thursday to meet in Omaha next Monday afternoon.

He said the purpose was to receive a detailed report on state organization under the plan recently adopted by the State Executive Committee and to arrange for employment of an administrative assistant to do organization work in the state and to consider plans for next year's campaign.

The county chairmen along with several hundred other persons were expected to be in Omaha for the annual Jefferson-Jackson Day dinner Monday evening, when Sen. Hubert Humphrey (D-Minn) will be the principal speaker.

Federal Hospital Funds Switch Recommended

Two recommendations of the State Hospital Advisory Council concerning hospitals at Osceola, Omaha and Chase County will be reviewed by the State Board of Health June 27.

The Advisory Council has recommended allocation of $15,000 in federal funds to the Annie Jeffrey Memorial Hospital at Osceola to purchase equipment for the hospital now under construction.

Verne Pangborn, state hospital director, said the council also recommended that funds earlier allocated to the Chase County Hospital at Imperial be withdrawn.

The $100,000 thus made available would be allocated to the new Bishop Clarkson Memorial Hospital in Omaha for new equipment, under the council's recommendation. The hospital, now under construction, is a part of the University of Nebraska Medical Center.

The council advised withdrawal of funds to Chase County because of "division within the community and inability to proceed successfully into a construction program" at this time.

Upon submission of an approved program, the council ruled, available funds should be allocated to construction of a new Chase County Hospital.

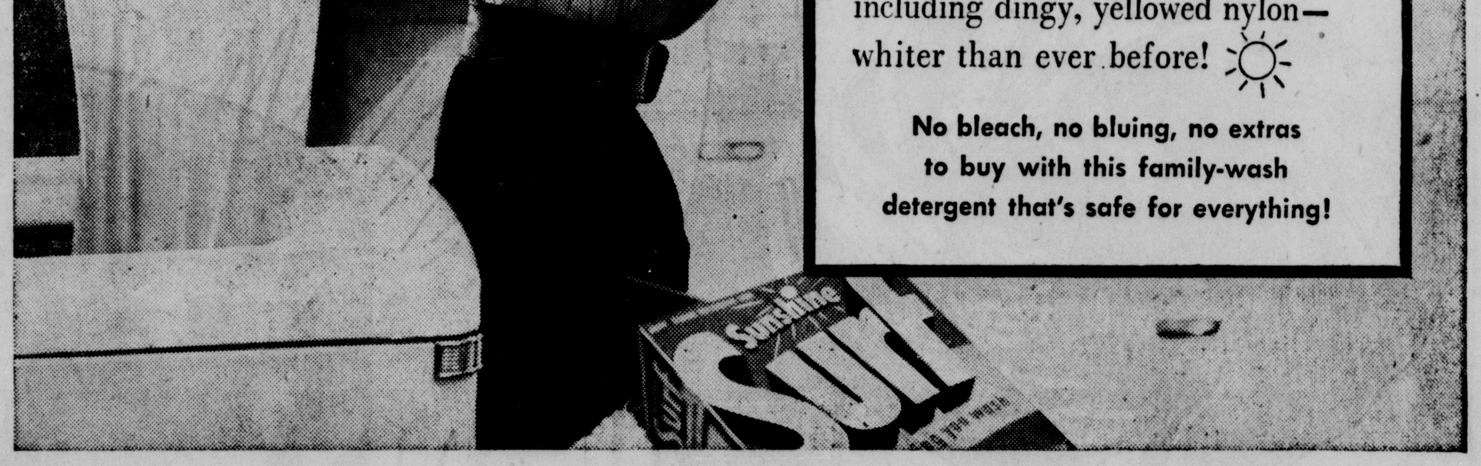

All Council recommendations are subject to review by the State Board of Health.

New Surf with ultraviolet whitener . . .

IT KEEPS NYLON WHITE— GETS OLD NYLON WHITE, TOO!

Do you have any white nylon, too dingy to wear but too good to throw away?

Don't discard it. You can get it beautifully white again. New SURF contains a scientific ultraviolet whitener. It puts ultraviolet rays (like those in sunshine) to work for you. SURF gets everything—including dingy, yellowed nylon—whiter than ever before!

No bleach, no bluing, no extras to buy with this family-wash detergent that's safe for everything!

No other detergent can get everything you wash—cotton, rayon, yes, even dingy nylon—as white and clean as new Surf with ultraviolet whitener!

Don't discard dingy nylon! Now you can get it truly white again. Not only that, but you can keep your new nylon things *looking* new. And the same wonderful product that does all this will also get your cotton and rayon things whiter and brighter than ever before.

How is all this possible? The answer is a scientific whitener. As you know, it is the ultraviolet rays in sunshine that get things looking so white. This new whitener acts the same way, only it works whether you hang things inside or out. It's not a bleach, not a bluing, nothing you have to add when you wash. It's right in every box of Surf, the detergent that gets *everything* clean. This new Surf is powerful enough to get the grease out of the grimiest overalls. Yet it is safe enough for the sheerest fabrics (mild to hands, too)!

A promise and a guarantee. We promise you that new Surf with ultraviolet whitener will keep nylon white, make dingy nylon look bright again. Perhaps not the first time you wash it. (Remember, it took months to get that way.) But after several washes, you'll see it getting sunshine-white and bright again. In fact, *we guarantee* you'll find Surf does the most complete washing job of any product on the market. Money back if you don't agree. *Better put new Surf on your shopping list right now!* Lever Brothers, New York 22, N. Y.

Farmers Receipts Drop Off

. . . Fall $40 Million

Nebraska cash farm marketing receipts dropped about $40 million during the first four months of 1955 in comparison with last year.

This report was made Thursday by A. E. Anderson, state-federal crop statistician.

During the January-April period of 1955 receipts totaled $350.5 million, while the year before the total was $390.4 million.

The breakdown shows that crop receipts were $104.3 for 1955, with $107.2 the 1954 total.

The biggest drop was in livestock and livestock products which fell from $283.2 million last year to $246.3 million this spring.

Livestock dropped from $70.3 million in April 1954 to $58.6 million while crop receipts rose from $17.1 million to $21.9.

Anderson said the drop in livestock receipts was caused principally by the selling of cattle in the drought-stricken areas.

Superintendent Posts Filled

Dr. Wichelt Dr. Watkins

AURORA, Neb. — Dr. John S. Wichelt of Lincoln and Dr. W. P. Watkins of York have been named area superintendents by the annual state conference of the Evangelical United Brethren Church meeting here.

Dr. Wichelt, pastor of the First Evangelical United Brethren Church, was re-elected to the post.

Bishop L. L. Baughman of Kansas City, Mo., will apopint the two to their districts—either Kearney or Lincoln—at a later date.

Previously there have been three superintendents in the state. The conference cut the number to two.

The conference which will conclude Friday is hearing committee reports and drawing up the church program for the coming year.

Dorm Dedicated At Anniversary Fete

Lincoln Star Special

KEARNEY, Neb. — Young people need to have human understanding. Scholarship comes second.

This belief was expressed by Mrs. Haven Smith of Chappell, past president of the State Normal Board, at the dedication Thursday afternoon of the new Kearney State Teachers College women's dormitory, Martin Hall.

The dedication , attended by approximately 600 persons, was part of the two-day Golden Anniversary program of the college.

Mrs. Smith said that a dormitory is just as important as a classroom. She said the youngsters of the state must have good teaching and that they must be paid salaries in line with their teaching.

"We need people of courage," she said. "The greatest courage is courage of the mind."

Praises Cushing

Mrs. Smith praised the college's president, Herbert Cushing, for his "courageous" stand upholding the worth of the national debate topic on the admittance of Red China to the United Nations.

Everett L. Randall of Kearney, Normal Board president, dedicated the dormitory to the "joy and happiness of the girls who will live there" as he presented the building to the people of Nebraska.

Earlier in the day, Sen. Carl Curtis told the 1,000 persons attending a convocation that "no title can be bestowed on any citizen carrying greater honor than that of a genuinely good teacher."

Teaches Faith

"A good teacher possesses an opportunity of having a part in the building of character in men and women," Curtis said. "Her greatest role in character building is the unspoken part that she plays, in teaching faith, reverence and good living by precept and example. Such a teacher numbers among the nation's great."

Paying tribute to the 50 years of accomplishment of the College, Curtis added:

"The next 50 years will be more marvelous than the 50 years which we mark today. Education will play an increasing part in this next half century. Today, our nation stands on the threshhold of great and wonderful developments in an atomic age. Scientists have said the greatest achievement of the 20th century was the splitting of the atom. Surely, the last half of the century will avail much, if better living is achieved by the peace time harnessing of atomic properties.

"In these days of narrowing horizons and accelerated living education must bear the burden of preserving the freedoms and dignity of the individual," he said. "Civilization can perish if moral and spiritual development fail to keep pace with the advance of technology."

Friday morning convocation speakers, all Kearney State graduates, will be Sen. Norman Otto of Kearney, '49; Col. Howard Watkins, '38, commander of Hunter Air Force Base, Savannah, Ga.; and Margaret Knapple of Lexington, '06, one of the first students of the college.

Thursday night's program consisted of an historical pageant in which more than 40 students dramatized scenes marking the highlights in Kearney State's 50 years.

An additional 50 persons formed a mixed chorus for the finale of the pageant.

Prisoners Charged; Break Tried

ALLIANCE, Neb. (AP)—Two County jail prisoners have been bound over to District Court on charges ing guilty in County Court to an of attempted jail break after pleadabortive breakout attempt.

They are Billy Joe Thompson and Gene Fitzpatrick, both of Oklahoma. Thompson was awaiting transfer to the state reformatory to begin a one-year forgery sentence and Fitzpatrick was awaiting sentence after pleading guilty to a no-fund check charge.

Sheriff Matt Berg discovered that the inmates had sawed through three cell bars. He cleared the other six inmates in the jail of participating in the attempted break.

As an aftermath of the incident the county board has decided to ban the use of jail trusties for labor in and around the courthouse. Berg said he thinks the sawfile that was used in cutting the cell bars may have been brought into the jail by a trusty either by accident or intent.

Rev. Holmberg Dies At Age 63

STROMSBURG, Neb. (AP) — The Rev. W. G. Holmberg, 63, Baptist pastor here for 11 years, died Thursday in a Stromsburg hospital. He had been ill since January.

The Rev. Mr. Holmberg came to Stromsburg from Albert Lea, Minn. He is survived by his widow and two daughters.

Funeral arrangements have not been completed.

TOWN TALK

Afternoon Wedding

MRS. WILLIAM P. WEBER

White chrysanthemums and greenery created a background for the candlelight wedding of Miss Eileen Mullarkey, daughter of Mr. and Mrs. G. E. Mullarkey of Omaha, and William P. Weber, son of Mr. and Mrs. William Weber, also of Omaha, which took place at a 4:30 o'clock ceremony on Thursday afternoon, June 16, at the Dundee Presbyterian Church in Omaha. The Rev. Mr. Stimson read the lines and Miss Evelyn Swanson, organist, played the wedding music.

The matron of honor, Mrs. James Nichols of Hermosa Beach, Calif.; the maid of honor, Miss Ann McKamy, and the bridesmaids, Miss Carol Link of Ainsworth; Miss Nancy Mueller of Lincoln; Miss Julie Reynolds, Miss Mimi Hamer and Miss Suzanne Opitz, appeared in alike frocks of white cotton lace over cornflower blue taffeta. Above the wide skirts the torso-length bodices, designed with decollete necklines and bracelet sleeves, were completed at the hiplines with wide sashes of taffeta caught in back poufs. Each wore a hair bandeau of matching taffeta, and each carried a bouquet of garnet red roses. John Neiman was the ring bearer.

Robert Pecha of San Bernardino, Calif., served Mr. Weber as best man, and seating the guests were Jack Trabert, David Jones, George Gohde, all of Lincoln; Robert Brown, Fairbury; Richard Christoph, Winnetka, Ill., and Richard Prasse of Wilmette, Ill.

The Victorian influence was suggested in the bridal gown of pure silk satin. The squared neckline of the molded bodice was contoured with Guipure lace, patterned with sequins and pearls, which was repeated in applique on the extremely bouffant tulle skirt.

Mrs. Weber was graduated from the University of Nebraska where she is a member of Delta Gamma sorority and Mortar Board. Mr. Weber also is a graduate of the University of Nebraska and is a member of Alpha Tau Omega.

WE'VE been so busy with brides that we haven't had half time enough for brides-elect, and we have one or two we want to talk about this morning — But first we want to mention the trip that Dick King, son of Mr. and Mrs. P. H. King, and Phil Sorensen, son of Mr. and Mrs. C. A. Sorensen, are taking— The boys went first to Washington, D.C. where they spent a few days before going to New York City from where they will sail today on the SS Vulcania for Naples, Italy. Their stay in Italy will include visits to Pompeii, Amalfi, Sorrento, and Rome—From Rome the travelers will go to Bindisi from where they will set sail for Beirut, Lebanon, and will stop at Pireus, the port of Athens; Alexandria, Egypt; and Limassol, Cyprus. After a few weeks at Beirut, Mr. King and Mr. Sorenson will return to Europe and tour the Continent extensively — completing their travels in England from where, in the late summer, they will sail for home — arriving in time for classes at the University of Nebraska.

HEARD that Mr. and Mrs. William Holmquist have gone to Berkeley, Calif., where Mr. Holmquist will enter the graduate school of the University of California, and where they will reside for at least a year.

* * *

BEFORE we begin on an exciting list of courtesies for Miss Eleanor Nefsky, whose marriage to Michael Green of Tulsa, Okla., takes place on June 26, we want to tell you about a neighborhood dinner for which Dr. and Mrs. L. D. Arnot and Mr. and Mrs. M. E. Reinecke were hosts and hostesses at the home of Mr. and Mrs. Reinecke, when they paid prenuptial courtesy to Miss Cynthia Johnson whose marriage to Keith Britton will be solemnized on Aug. 24. The dinner group included, in addition to neighbors, the members of a bridge club to which the bride-elect's parents, Mr. and Mrs. Earle V. Johnson, belong.

* * *

AND now to the parties for Miss Nefsky — Mr. and Mrs. Leo Hill honored the bride-to-be when they entertained at dinner at their home last Friday, and on Saturday the soon-to-be-bride was the incentive for a barbecue party when Mr. and Mrs. Albert Sandlovich were hosts and hostesses at the home of Mr. and Mrs. Sands. Thirty-five guests were invited.

Another Saturday party for Miss Nefsky was the luncheon for which Miss Hanna Rosenberg was hostess when she entertained 10 guests at luncheon and a recipe shower.

* * *

ON Tuesday's calendar for the bride-elect was a coffee for which Mrs. L. L. Coryell Jr., was hostess. Miss Nefsky was presented with a kitchen gadget shower, and each guest presented her favorite dessert recipe.

The Wednesday party for Miss Nefsky was the luncheon for which Mrs. Edwin Dubinsky and her daughter, Miss Joy Dubinsky, were hostesses at their home

* * *

COMPLIMENTING Miss Nefsky on Saturday evening will be Mr. and Mrs. Leon Nefsky who have invited 25 guests for dinner at Hillcrest Club, and a week from Saturday — June 25, Miss Nefsky and her fiance will be honored when the bride - elect's grandparents, Mr. and Mrs. David Sherman, Mr. and Mrs. Edwin Brodkey and Mr. and Mrs. Irvin Sherman, all of Omaha, will entertain at an hors d' oeuvres party and dinner at Hotel Cornhusker.

To Be Honored On Saturday

Members of the NCO Wives Club and their husbands will entertain at a potluck picnic supper Saturday evening honoring Sgt. and Mrs. Dean McKinney who will leave Lincoln the first of July.

Sgt. McKinney will attend an Army technical school in Virginia, and Mrs. McKinney will go to California where she will visit members of her family.

The picnic supper will be held at 6:30 o'clock at Peter Pan Park.

Women's Division Picnic

The board of directors of the Lincoln Chamber of Commerce Women's Division entertained the division's committee chairmen at a picnic supper Wednesday evening held in the garden of the home of Miss Lois Tefft, Women's Division president.

Included among the guests were Mr. and Mrs. Blanchard Anderson. Mr. Anderson serves as board advisor for the division.

Chairmen who attended were Mrs. Margaret Bauman, activities committee; Miss Cora Mae Briggs, agriculture; Mrs. Etta Fulton, city improvement; Mrs. Sue Smith, civic affairs; Mrs. Thelma Kuhl, co-ordination; Miss Nelle Gingles, Cornsheller; Miss Mayme Stukel, dinner committee.

Other chairmen present were Miss Madeline Carveth, finance; Miss Amy Hock, hospitality; Mrs. Evelyn Whiting, luncheon committee; Mrs. Eunice Stout, membership; Mrs. Dorothy Orshek, national defense; Miss Jeane Shankland, Oak Creek Park; Miss Thelma Tincher, orientation; Mrs. Irene Dunigan, scrapbook; Mrs. Hazel Smith, screening; Mrs. Genevieve Kundert, special activities; Miss Dee Finigan, tours; Mrs. Pat Skiles, ways and means; and Miss Clover Schwartz, youth committee.

We Hear That

Mr. and Mrs. C. H. Sharrick have as their houseguests for several days Mrs. Sharrick's brother-in-law and sister, Mr. and Mrs. L. A. Decker of Kansas City, Mo., who will return to their home on Monday. On Wednesday, Mr. and Mrs. Sharrick, accompanied by Mr. and Mrs. John N. Free of Wichita, Kan., will leave for Montreal, Canada, where they will attend the annual convention of Optimists International. En route home, the foursome will spend several days in New York City.

★

Arriving in Lincoln Friday to be the week end houseguests of Mr. and Mrs. P. D. Dunning will be Mr. Dunning's brother, Morris Dunning, Mrs. Dunning and daughter, Frances, of Kansas City, Mo.

★

Charles Coale, who was called from the west coast because of the serious illness of his father, W. B. Coale, has returned to his home in Menlo Park, Calif.

★

Dr. and Mrs. C. N. Frey and their sons, Johnny and Freddy, have arrived from Chicago for a visit with Mrs. Frey's mother, Mrs. W. D. Hartwell. Dr. and Mrs. Frey and their sons are en route to Denver, and from there will go to Yellowstone Park and on into Canada.

Mimi DuTeau, Bride On Thursday

Softly lighted colonnades of lemon greenery, accented with shell pink peonies, and lighted candles were arranged before a white satin reredos to appoint the chancel of Westminster Presbyterian Church where the wedding of Miss Mimi Carol DuTeau, daughter of Mr. and Mrs. Ellsworth Francis DuTeau, and W. Andrew Bunten Jr., son of Mr. and Mrs. W. Andrew Bunten of Cheyenne, Wyo., took place on Thursday evening, June 16. Cathedral candles in graduated groupings were on either side of the chancel steps, and candles, caught with the pale pink peonies and greenery, marked the processional aisle. Dr. Frederick Roblee solemnized the 8 o'clock service, and the wedding music was played by Miss Josephine Waddell, organist. Miss Waddell also accompanied the vocal soloist, Mrs. Thomas Beal.

White organdy touched with shell pink embroidery was chosen for the alike costumes of the attendants including Mrs. Pearl F. Finigan, her cousin's matron of honor; Miss Margot DuTeau, her sister's maid of honor, and the bridesmaids, Miss Daisy DuTeau, consin of the bride; Miss Phyllis Colbert, Miss Gail Wellensiek of Grand Island, and the bridesmatron, Mrs. Louis DuTeau. The long torso bodices, fashioned with shoulder-wide necklines and brief sleeves, were sashed at the hipline with pink silk that was caught in poufs at the back to accentuate the bouffancy of the waltz-length skirts. Their costumes were completed with wrist-length gloves and shell pink hair bandeaux ornamented with minute nosegays of roses. The candles were lighted by Miss Mary Catherine Walt and Miss Ann Stelldiens, both in white satin choir robes.

John Bunten of Cheyenne served his brother as best man, and the ushers included Richard Skinner, Jack Froistad, William S. Bradney, all of Cheyenne; John Wilson and Louis DuTeau.

MRS. W. ANDREW BUNTEN, JR.

Tulle, silhouetted with an appliqued motif of Chantilly lace, was chosen by the bride for her wedding. Petite tucks fashioned the arched bodice in which the portrait decollete and the brief sleeves, their length replaced with long lace mitts, were frosted with lace. Beneath a slender waist the skirt drifted into voluminous clouds of tulle, dramatized by petal swirls of minute tucks and scalloped lace, and was completed with a cathedral train. Her tiered veil of illusion was held in place with a miniature plateau hat frothed with illusion, and she carried a white prayerbook marked with white orchids and strands of variegated ivy.

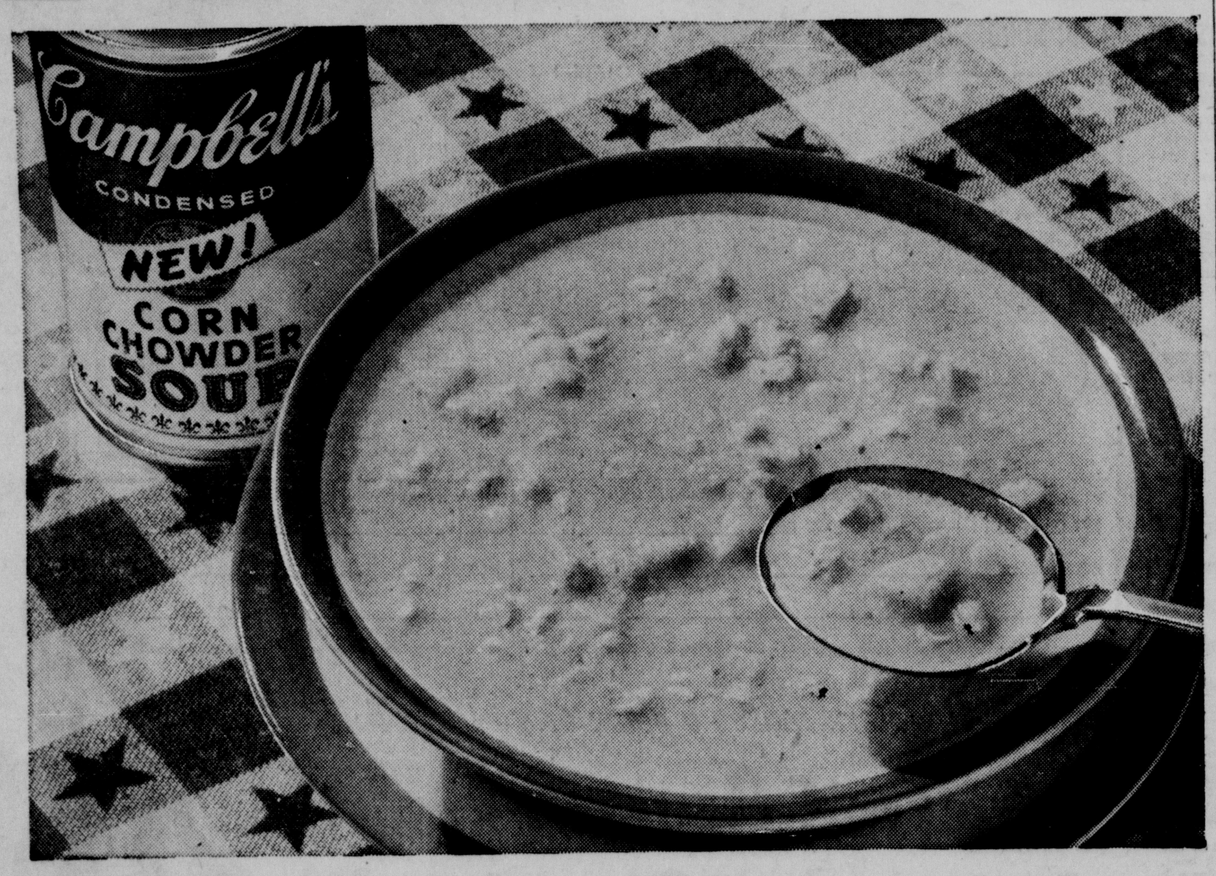

Following a reception, held in the church parlors, Mr. Bunten and his bride left for Sun Valley, by way of the Black Hills and Yellowstone Park, and after July 1 will be at home at 1820 Fremont Ave., Cheyenne. For traveling Mrs. Bunten wore a silk shantung suit in the sandalwood shade, with matching accessories.

The bride is a graduate of the University of Nebraska where she is a a member of Kappa Kappa Gamma sorority. Mr. Bunten also was graduated from the University of Nebraska, and is a member of Sigma Nu fraternity.

Pre-Nuptial Courtesy

In pre-nuptial courtesy to Miss Lela Gerdes, whose marriage to John F. Outz will be solemnized on Sunday, June 26, Mrs. John E. Doudney entertained at her home last Sunday. Co-hostesses were Miss Marilyn Stein of Raymond and Mrs. Roy F. Doudney.

Madam Chairman

Mrs. JayCees golf group, 10 o'clock at Pioneers Park course.

Girl Scout established camp committee, 1:15 o'clock at the Girl Scout office.

Deborah Avery, DAR, 12:30 o'clock charter day luncheon at the Hotel Cornhusker.

Frances Willard, WCTU, meeting at the home of Mrs. Eleanor Kelley, 5745 Franklin.

YWCA Junior High fun night, 7 o'clock in the YWCA recreation room.

To Wed This Morning

MISS JOVITA CARAG whose marriage to Donald Spencer will be solemnized at St. Teresa's Church this morning.

Summer blossoms and lighted candles will appoint the altar and chancel of St. Teresa's Church for the wedding on Friday morning, June 17, of Miss Jovita Dolores Carag, daughter of Mrs. Joseph L. Gatto and Vincente D. Carag, and Donald Ellsworth Spencer, son of Mr. and Mrs. Andrew Spencer of Glen Rock, N.J. The 10 o'clock ceremony will be solemnized by Msgr. Mitchell Kaczmarek, and Miss Mildred Gergen will play the wedding music. Miss Gergen also will accompany the vocal soloist, Mrs. Gerald Goede of Kansas City.

The two attendants, Mrs. Merrill Albury, the matron of honor; and Miss Marilyn Lane, the maid of honor, will be frocked alike in blush pink Dupioni silk. The low necklines of the fitted bodices are embroidered with seed pearls, and the waltz - length skirts are extremely bouffant. Their costumes will be completed with pink face veils, and they will carry bouquets of pink glamelias.

Merl Sherman of Plattsmouth will serve Mr. Spencer as best man, and the ushers will be Dale Smith and Merrill Albury.

The bride has chosen a princess gown of Dupioni silk for her wedding. The long - sleeved fitted bodice, designed with a V neckline, is patterned with pearl and crystal embroidery, and the voluminous skirt ends in a chapel train. A crown of seed pearls will hold to her head the veil of illusion, and she will carry a cascade bouquet of calla lilies.

Mr. Spencer and his bride will go to Denver, Colo., to reside.

Mrs. Spencer is a graduate of the University of Nebraska where she is a member of Towne Club. The bridegroom is a graduate of Michigan State College and is a member of Alpha Gamma Rho fraternity.

MRS. WALTER WRIGHT, JR.

Candlelight Ceremony

At a candlelight ceremony on Thursday afternoon, June 16, the marriage of Miss Marion Ekstrom, daughter of Mr. and Mrs. Paul Ekstrom of Omaha, to Walter F. Wright Jr., son of Mr. and Mrs. Walter F. Wright of Onawa, Ia., was solemnized at the Augustana Lutheran Church in Omaha. The 4:30 o'clock ceremony was solemnized by the Rev. Carl S. Odell before a background of white gladioli, candlelight and greenery, and the wedding music was played by Miss June Schaberg. Miss Schaberg also accompanied the vocal soloist, Mrs. Robert Murphy of Lincoln.

Princess frocks of pervanche blue crystalette, in the ballerina length, were worn by the attendants including Miss Corrine Ekstrom, who was her sister's maid of honor; and the bridesmaids, Miss Willa Olson, Newman Grove; Miss Martha Hill, Lincoln, and Miss Helen Schaberg. Their flowers were crescent arrangements of blue and white carnations.

David Wright of Onawa served his brother as best man, and seating the guests were Robert Wright, also a brother of the bridegroom; William Devries of Lincoln, and Ben Zinnecker of David City.

The bride chose a gown of rosepoint lace and tulle for her wedding. The snugly fitted lace bodice extended into an Elizabethan point at the waistline beneath which the lace was repeated in a full drape over a wide skirt of flounced tulle. A band of pearls and sequins held to the head her fingertip veil of French illusion, and she carried a white Bible marked with a white orchid.

Mr. Wright and his bride left for a honeymoon trip to Chicago and Kentucky after which they will go to Athens, Ga., where the bridegroom will be stationed as an ensign in the Navy Supply Corps, and where the couple will reside.

The bride is a former student at the University of Nebraska where she is a member of Delta Delta Delta sorority. Mr. Wright also attended the University of Nebraska, and is a member of Delta Tau Delta fraternity.

Films Forum Board To Meet

Members of the board of directors of the Lincoln Films Forum will meet for a 1 o'clock luncheon on Saturday at the Hotel Cornhusker. The group will hear reports on the year's activities.

Activities Of ESA Sorority

Miss Mearldine Roker entertained the members of Alpha Beta Chapter at her home Monday evening when Miss Lu Jewett was welcomed into the chapter membership.

Miss Esther Mae Culwell presided at the meeting when plans were made for a chapter picnic on July 11. The chapter's new officers were installed: Miss Culwell, president; Miss Roker, vice president; Miss Elinor Stephenson, secretary; and Miss Irene Uehling, treasurer.

The officers of Alpha Theta Chapter met Monday evening at the home of Miss Dee Finigan, chapter president, at which time Mrs. Ethel Leopold, chapter sponsor and educational director, spoke on plans for the coming year.

Miss Marlene Freeman was appointed chairman for the chapter's July event and will be assisted by Mrs. Jane Scheffert, Miss Kathy Schriner and Miss Pat Studnicka.

The following committee chairmen were appointed: Miss Carol Jones, social; Miss Studnicka, finance; Miss Edie Williams, membership; Miss Irene Hunt, philanthropic; Mrs. Velma Bush, publicity and historian; and Miss Del Daehling, "Jonquil Girl" committee.

Leaving Lincoln on Thursday for Wichita, Kan., where they are attending the international convention of Epsilon Sigma Alpha business girls' sorority June 17 to 19, were Miss Lu Jewett, Miss Ione Rischling, Miss Mearldine Roker, Miss Mary Stout and Miss Irene Uehling.

Council Has Election

The Cornhusker Council of Toastmistress Clubs held its annual meeting last Sunday at Kearney and elected Mrs. Sadie Johnston of Omaha chairman of the council for the coming year.

Other new officers (from the left) are Mrs. Bertha Johnston, Lincoln, treasurer; Miss Leona Crowley, Kearney, vice chairman; Miss Cora Mae Briggs, Lincoln, outgoing chairman and new executive board chairman; and Mrs. Sadie Johnston, Omaha, new chairman. Not included in the picture is Miss Mabel Armstrong of Council Bluffs, secretary.

The one-day meeting included a luncheon at the Hotel Fort Kearney followed by a series of workshops directed by the Kearney Club. A skit, "Dr. I. T. M.," was presented by the Omaha Club, and Lincoln Club members gave a skit, "The Ayes and Nays," written by Miss Edith Lumsden of Lincoln.

To Entertain WCTU Members

Mrs. Eleanor Kelley, president of Frances Willard WCTU, will be hostess to the members of the group at her home, 5745 Franklin, Friday afternoon.

The devotional service will be conducted by Mrs. Russell B. Smith, and Mrs. Kelley will show pictures of her native Isle of Man.

Trimmed just right for perfect eating

At SAFEWAY you pay only for the perfect-eating part...

For the *best* sirloin steak you've ever tasted, come take your pick at Safeway today! Each of our steaks is carefully trimmed of excess fat and bone. At many markets you have to pay for those wasty parts. But not at Safeway. For example, from each flat-bone sirloin steak we remove the heavy piece of back bone and all excess fat—*before* weighing. You pay only for the perfect-eating part. And its *quality* meat. We buy only top Government grades of beef. Your money back if you don't find every cut perfect eating!

Two Prelates Ordered Out Of Buenos Aires Welcomed In Rome

ROME (INS) — The two prelates ordered out of Buenos Aires on charges of leading mass Catholic demonstrations against Argentine President Juan Peron arrived in Rome Thursday night to the cheers of a big crowd.

The crowd — led by Argentine citizens — shouted "vita vita," meaning life.

Msgr. Manuel Tato, auxiliary bishop of Buenos Aires and Msgr. Ramon Pablo Novoa, canon deacon of the diocese, were greeted by Catholic action officials and hundreds of youth.

Two teen-agers carried bunches of red gladioli and dahlias, one for each of the expelled monsignors.

Blessed Crowds

Tato soiled and tired emerged from the plane, blessing the crowd and crying.

The monsignors embraced many of the crowd at Ciampino Air Field and shook the hands reaching toward them.

Then as the people knelt before him, Tato continued blessing them until he reached a waiting automobile.

Excommunicated

VATICAN CITY (AP) — The Roman Catholic Church excommunicated the rulers of Argentina Thursday in a historic action quickly followed by revolution there.

Growing friction between church and state climaxed by arrests of priests and expulsion of a bishop preceded the drastic step.

The excommunication mentioned no names, but the Vatican made it clear that President Juan D.Peron and many—perhaps all—of the members of his government were cut off from the sacraments and fellowship of their church.

Fighting

Vatican sources said the excommunication in effect broke diplomatic relations between the Vatican and predominantly Catholic Argentina and that this situation would prevail so long as Peron is in power.

Fighting broke out in Argentina a few hours after the excommunication. Neither the secretariat of state nor other Vatican authorities would comment officially.

BISHOP TATO . . . arrives by plane in Rome.

Pope Pius XII was reported disturbed and saddened by the actions against the church which led up to Thursday's strong step.

Vatican Paper

The Vatican's declaration was issued by the Consistorial Congregation, of which Pope Pius himself is prefect. It was published in the Vatican newspaper, L'Osservatore Romano.

The Latin text said all who had raised their hand against Bishop Emannuel Tato, auxiliary bishop of Buenos Aires, impeded his work and participated in his expulsion, had fallen under excommunication.

Thursday's pronouncement was unprecedented in recent history in that it struck Catholic rulers of an almost solidly Roman Catholic country.

With the pronouncement, Peron and members of his government fell under the same church penalty that in the past struck Napoleon; Henry IV, Emperor of Germany; and, more recently, the Communist rulers of Hungary and Yugoslavia.

Boys State Appointive Officers Are Named

Boy's State Governor Bruce Barth announced the following state office appointments Thursday.

Administrative Assistant to Governor: Bob Widersren

Defense Law OK

BELGRADE, Yugoslavia (AP) — The Yugoslav parliament unanimously passed a sweeping defense mobilization law.

It creates a Council on National Defense as an advisory body to President Tito, supreme commander. It also provides for the automatic creation of a war Cabinet to assist Tito in the event of war.

Two Arraignments Set In Federal Court

Two Lincoln men who were indicted by the recent Federal Grand Jury in Omaha will be arraigned before Federal Judge John W. Delehant here Friday morning.

Edward J. Wasson, Jr., 33, 6819 Morrill, is charged with embezzling and removing the contents of two letters which came into his possession in his official capacity as a city letter carrier. He has been free under $1,000 appearance bond.

Raymond F. Laubach, 28, a former resident of Valparaiso, is charged with unlawfully disposing of property mortgaged to the Farmers Home Administration. He was released under $500 appearance bond.

To Acquire Assets

CHICAGO (INS) — Directors of the Automatic Washer Co., Newton, Iowa, at a meeting in Chicago, unanimously voted to acquire the assets of the Washer-Dryer Corp., of Skokie, Ill.

Burt Honored For Work In Industrial Arts

Daniel Burt Jr., formerly of Lincoln and now of Alliance, has received special recognition at Alliance High School for outstanding work in industrial arts.

Daniel was one of two boys to receive straight A's for 36 weeks. The other boy honored was Richard Keller.

Daniel is the grandson of Mrs. H. F. Burt and Mr. and Mrs. L. W. Varga of Lincoln.

Government Will Bear Full Cost Of 'O' Viaduct

The Federal Bureau of Public Roads agreed to bear the full $1,300,000 cost of Lincoln's new O street viaduct.

And it dropped its proposal that it deduct from the total the $150,000 contributed to the project by the Burlington and Union Pacific railroads, according to State Highway Engineer L. N. Ress.

Ress reported settlement of the question Thursday upon his return from a two-day conference with bureau officials at Washington.

The proposed deduction was based upon the bureau's belief that the railroads had donated $150,000 toward the viaduct's construction, Ress explained.

"But the sum, which has been received by the city of Lincoln, provided the railroads perpetual share of the viaduct's maintenance cost. None of the money will go into building," he said.

Completion Dec. 1

He added that maintenance of the former O street viaduct was a railroad responsibility. Completion of the viaduct is scheduled for Dec. 1.

However, the bureau was not so agreeable to the state's position on widening and resurfacing Omaha's Dodge street, a second point of dispute.

Ress was unable to budge the bureau's position favoring an extensive improvement over Nebraska's more modest $400,000 proposal.

"The point of difference," he said, is that the bureau wants a Dodge street improvement suited to needs 20 years hence—a plan looking toward a 4-lane separated highway costing several million dollars. Nebraska is ready to settle for one it can afford to pay for."

The state engineer said he would continue Dodge street conferences with federal engineers in Nebraska who have recommended a $700,000 improvement.

During his stay in Washington Ress lunched and conferred with the Nebraska congressional delegation and weathered out Operation Alert.

"I was not one of Washington's evacuees," he commented. "I stuck around and got bombed."

More Psychiatric Treatment Basis Of Youth's Parole

The State Board of Pardons and Paroles has issued a parole to Don A. Manke, 20, of Lincoln who was serving a three-year term in the Reformatory for assault with intent to do great bodily injury.

Manke will be released when his parents return from a trip out of the state. The parole was granted with the understanding that the youth would continue to receive psychiatric treatment.

Manke had pleaded no contest to hitting a classmate, University freshman Ruth Ann Scott, over the head with a hammer while driving to school Jan. 11, 1954. The boy gave no reason for the assault.

Parole now under supervision was advised in place of further imprisonment by Psychiatrist Paul Royal and Criminologist James M. Reinhardt. Dr. Royal testified at the hearing that Nake had agreed to submit to further treatment.

Manke's parents, Mr. and Mrs. Otto Manke of 400 So. 48th, were not present at the hearing.

Safety Lecture For Pre-Schoolers

Sgt. Melvin Dorn of the Lincoln Police Department instructs children in the rules of safety at the Pre-School Children's Safety Clinic. About 275 children attended the clinic which was sponsored by the Lincoln-Lancaster Safety Council in cooperation with the PTA, Police Department, Diocesan Council of Catholic Women and Lincoln City Buslines Gifford Mullins, chairman of the Safety Council, and Mrs. Leander Kalin, chairman of the Safety Council's Intersafety Committee, were in charge of clinic preparations. Children met at Capitol and Randolph schools Tuesday and Northwest and Holy Family Wednesday for instruction. Toy traffic signals were used to demonstrate proper safety procedures. (Star Photo.)

Mrs. Hodges Rites Will Be Saturday

Funeral services for Mrs. Mattie S. Hodges, 80, of 2912 No. 35th, will be at 3:30 p.m. Saturday at Roper & Sons.

The Rev. Clyde Decker will officiate. Burial will be in Wyuka.

A resident of Lincoln 75 years, Mrs. Hodges died Thursday. She was born in Canton, Mo., and was a member of the Methodist Church.

She is survived by her daughters, Mrs. Fern Titterington, Mrs. Ilo Lang and Mrs. Hazel Nehe, all of Lincoln; brothers, Milton Hutson of Walthill and James Hutson of Lincoln; sisters, Mrs. Dollie Eyer of Lincoln and Mrs. Lizzie Rowe of Loup City; seven grandchildren, and five great grandchildren.

Nagging Backache Sleepless Nights

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

Rezny Baby Boy Rites Saturday

Funeral services for Douglas Eugene Rezny, baby son of Mr. and Mrs. Eugene Rezny of 1401 D, who died Wednesday, will be at 11 a.m. Saturday at Wadlows.

The Rev. Harold Sandall will officiate.

Surviving, besides his parents, are his grandparents, Mr. and Mrs. Joe Rezny and Bill Johnson, all of Lincoln; and great grandparents, Mr. and Mrs. Hans Johnson and Mr. and Mrs. John Broy, all of Lincoln.

Your son can write his own future

The sky's the limit in the U. S. A. For today, America stands at the brink of its biggest tomorrow. Hundreds of thousands of students will graduate this June. They will inherit opportunity such as the world has never known.

This opportunity belongs to your son. He can become a *leader* in the America of tomorrow. He can become a leader of industry... or a scientist whose discoveries change the course of history... or an architect whose designs grace the skylines of our great cities. He can scale the heights of greatness in any of the professions, arts or sciences.

But what kind of American will he be? What kind of leader? As his father, there are many things you can do *now* to determine the answers. Because the examples of good living you set for your son as a boy... are the ones by which he will live as a man.

Teach him to take an honest pride in his achievements. To treat every person as an equal and reject petty prejudices. To show moderation and wisdom in the pleasures of life. These are invaluable things for a young boy to learn.

And if you enjoy the pleasure of fine whiskey, do so in moderation. Set him an example he'll note and long remember. Teach him moderation by example. You'll make a big contribution towards helping your son write his own future ... and write it well.

On this Father's Day, The House of Seagram again brings you this message of moderation. Once again, we urge the practice of moderation in the enjoyment of fine whiskey—as we have done for many years.

Why He Shot Under Par

Tommy Bolt, Chattanooga, Tenn., drops a three-foot putt for a birdie three on the second hole in the first round of the U. S. Open golf tournament on the Olympic Club Lakeside course in San Francisco Thursday. He kept up the pace and finished the first eighteen holes with a sub-par 67. Par is 70. (AP Wirephoto.)

Bolt Takes Early 'Open' Lead

Texan Three Under Par; Hogan Five Strokes Off

By WILL GRIMSLEY

SAN FRANCISCO (AP) — Tommy Bolt, a fiery Texan with a putter to match, seized the first round lead in the 55th National Open golf championship with a brilliant 67 Thursday—the only player in the select field of 162 to crack par.

The 37-year-old Houston professional, a onetime carpenter, one-putted 12 greens to cut three strokes from par and tie the second lowest first day score ever recorded in this Blue-Ribbon event.

Par for the Olympic Club's Lakeside course, a heavily-treed 6,700 yard layout just off the Pacific Ocean, is 35-35—70.

Three-Stroke Lead

Bolt's 35-32 gave him a three-stroke advantage over his nearest challenger, Walker Inman Jr., a little-known, 25-year-old professional from Augusta, Ga., who barreled his shots down the Cypress canyons for an even par 70.

In third place came Jackie Burke Jr., son of a late Houston professional, with 71. He was followed by Ben Hogan, the four-time winner, who squeezed home with a 72 despite a putter which was as cool as the biting cross-wind sweeping in off the ocean.

Tied at 73 were Mike Souchak, the former Duke football player, and Babe Lichardus of Westfield, N.J., an alternate who got a last minute ticket to the tournament. Other scores ranged as high as 96 by the host pro, Johnny Battini.

Casualties were heavy as the fast, tricky greens of the Olympic course took their toll of the game's greatest stars.

Defending champion Ed Furgol, who began defense of his crown by losing a ball on the first hole and taking a double bogey on the second for a pair of 6s, wound up with a 76, six over par, which left him well back in the field.

But he had distinguished company. Masters champion Cary Middlecoff also was in the 76 bracket along with Julius Boros, 1952 champion, Gene Littler, one of the brightest of golf's brash new "trailer brigade," Al Besselink, Smiley Quick and Marty Furgol.

Sam Snead, who has seen his Open hopes dashed to bits in the final moments of at least a half-dozen of these events, got his lumps early this time, soaring to a 79 which virtually crushed his title chances.

Scores Rocket

But even this looked respectable as scores rocketed even into the 80's in one of the most disastrous opening days ever. Former champion Lawson Little, Ted Kroll and the country's low qualifier, Chandler Harper, all had 81's while former PGA champion Walter Burkemo shot to an 82 and started checking plane schedules home.

Putting proved the undoing of most of the hopefuls but the golf trail's precisionists found trouble also with the lush rough bordering the fairways and sprinkled double bogeys generously over the scoreboard.

The second round today will reduce the list to the low 50 scorers and ties and, on the basis of Thursday's rounds, it appeared a 154-or a pair of 77's would make it.

Furgol Not Out

The lowest 18-hole score ever made in an open tournament was 64, turned in by little known Lee Mackey at Merion outside Philadelphia in 1952. It came in the first round. Hogan had first round 67's in his winning years in 1948 at Rivera and 1953 at Oakmont.

Furgol refused to count himself out.

"A lot of the boys will have 76's and worse before this weekend is out," he said. "I played a fighting round after being jolted by those two 6's.

Chiefs End Loss Streak, Win 3-2

PUEBLO, Colo. (AP) — Lincoln salvaged the final game of a four-game Western League series to end a six-game losing string by defeating Pueblo, 3-2, Thursday night to snap a five-game Dodger winning streak.

The Chiefs got their winning run in the top of the ninth off relief pitcher Roger Wright, who had picked up victories the past two nights in relief roles against the same club.

Catcher Marcos Cobos opened the Lincoln ninth with a single but was forced at second when pitcher Dick Drilling's attempted sacrifice went awry.

After Howie Padgett flied for the second out, Drilling came around on singles by Warren Goodrich and Ted Adkins.

Bases on balls set up the first two Lincoln runs. In the first, Padgett walked and moved around on singles by Dick Hall and Frank Rice. In the fifth Padgett again walked with one down, took second when Goodrich also strolled, moved to third on Adkins' single and scored on Hall's sacrifice fly.

Shortstop Clarence Moore doubled to open the Pueblo second and scored on Bob Parker's single after an infield out. Bob Lemmel tripled with one away in the eighth and came home on a wild pitch to cap the Dodgers' scoring.

Except for those two innings, Drilling held the Dodgers well in check to pick up his eighth win of the campaign, most in the Western League.

The Chiefs move to Colorado Springs Friday where Bennie Daniels (4-3) or Bill Bell (6-5) will hurl.

Wichita Wins With Gift Runs

From Press Dispatches

WICHITA, Kan. — Wichita's Indians beat Des Moines 4-3 Thursday night with the aid of two gift runs forced in by wild Bruin pitching.

Des Moines pitcher Joe Stanka walked in the winning run in the third inning. Previously, he had hit Wichita pitcher Roosevelt Evans on the leg with a pitch and forced in the third Indian run.

Two Charged For Damages At Pioneers

The four horsemen, mounted modern day version, who charged the green at Pioneers Park have ridden right into court minus the rabbit they were chasing.

Two of the horsemen were charged in Municipal Court Thursday and two others turned over to Juvenile Court authorities. The four were identified as being the ones who rode horses onto the third green at Pioneers Municipal Golf Course Sunday afternoon.

Identification was made by Det. Ben Fischer, juvenile worker with the Police Department.

Fined $10 and costs in Municipal Court was a 16-year-old boy who pleaded guilty to damaging property belonging to the city.

Richard D. Payne, 21, of 2906½ Merrill, entered an innocent plea to damaging property belonging to another. He was placed under $25 bond and his trial set for Monday.

City Prosecutor Tom Gorham said the charge will be changed to damaging property belonging to the city when the trial comes up.

John Peterson, pro golfer at the course, said damage amounted to nearly $75 on the third green, which he said was badly marred from the shod hoofs of the four horses. He said that the whole green may have to be replaced if the repaired turf doesn't grow as expected in the damaged area.

Holdrege Beats Superior In 11th

Lincoln Star Special

SUPERIOR—A single by Buck Jones, his fourth of the game, brought Holdredge an 11-inning 5-3 victory over Superior in NIL ball Thursday.

Superior	002 000 001 00—5	8	1

McCormick, Gill (10) and Nevins; Trujillo and Spannenburg.

Bowers Loses In Trans-Miss

DES MOINES — Veteran Sam Reynolds of Omaha defeated Hal Bowers of Lincoln in the quarter-finals of the Seniors' Flight of the Trans-Mississippi Golf Tournament here Thursday.

Lincoln's Dale Wisbey eliminated John Kelly Sr. of Sioux City 1-up, in the second round of the Vice Presidents' Flight.

Defending champion Jimmy Jackson wobbled to a 2 and 1 victory over John Morrell, Wheaton, Ill., veteran, as the "Big Four" came through unharmed in the second round.

Rodney Bliss of the Wakonda Club, seeded No. 2 behind Jackson, Walter Peek, New Rochelle, N.Y., occupying the No. 3 spot, and Rex Baxter Jr., Amarillo, Texas, ranked No. 4, moved ahead with the defending champion.

Bliss won a hot 2 and 1 duel with Gene Zuspann, Goodwin, Kan., a Trans finalist in 1947. The 42-year-old insurance executive was one under par and Zuspan was two over.

Peek ripped Don Kneeter, Des Moines, 4 and 3. The Easterner used only seven putts during a six-hole stretch.

Baxter, the 19-year-old Mexican Amateur champion and runner-up in the 1954 Trans tournament, dropped two under par as he raced through Milt Beal, Omaha, 5 and 4.

Chiefs To Release Forace Oxendine

General Manager Dick Wagner announced Thursday night the Lincoln Chiefs are releasing Forace Oxendine, 22-year-old pitcher purchased conditionally from Denver last January.

Oxendine had recently reported from Pembroke, N.C., College. The Chiefs returned his contract to Denver, and Denver requested Lincoln to release him.

Host USC Favored To Win

'Most Talented' Set For NCAA Track

LOS ANGELES (AP) — One of the most talented group of performers ever assembled for a collegiate track and field meet will compete today in preliminaries of the 34th NCAA championships at Memorial Coliseum.

The host, University of Southern California, is favored to win the team title for the seventh straight time. The potent Trojan squad is headed by ace high jumper Ernie Shelton and a pair of high-flying vaulters, Walt Levack and sophomore Ron Morris, who have tied at 14-9¾.

Strongest Competition

Coaches say that never before in the history of the meet has competition been so strong in so many events. And never before have there been so many potential record breakers.

Meet records probably will fall in the high jump, 880, mile and javelin and perhaps in the sprints, 2-mile, pole vault and high hurdles.

Champions of 24 college conferences from all parts of the nation will compete. A total of 338 athletes from 90 schools are entered.

Defend Laurels

Six 1954 NCAA champions are back to defend their laurels, including Shelton, who may realize his long-standing ambition of setting a new world high jump record of 7 feet or better. His best is 6-11¼.

Some coaches, including USC's Jess Mortensen, have said that the coliseum track is a bit slow. However, Manager Bill Nicholas of the big oval said the heavy adobe track was replaced this year by one of clay, to give added springiness.

"All I can say is that Mal Whitfield (world half-mile record holder) told me it's the best it's been in years," said Nicholas. "We've done everything humanly possible to make it fast."

Favorable Comments

He added he has received favorable comments from several of the many athletes who have been working out in the coliseum in preparation for the big meet.

If the track and admittedly fast field event runways live up to expectations, and if sunny California weather prevails, conditions will be right for a rash of new marks.

There will be preliminaries today in all events but the mile 2-mile, pole vault and high jump. The finals will be run off Saturday afternoon.

Rome Named 1960 Olympic Games Site; Detroit Passed

By HARVEY HUDSON

PARIS (AP)—Rome was picked as the site for the 1960 Summer Olympic Games Thursday as the International Olympic Committee turned a deaf ear to Detroit's offer to pay transportation of athletes to that city.

Rome won in a straight test of power with Lausanne, Switzerland. On the third and final ballot, unofficial reports said the Italians won out, 35 to 24.

The result had been expected. Rome had been favored for months, but Lausanne's strength swelled during the past few days. The 1956 summer games will be held in Melbourne, Australia, and Olympic custom practically dictated a return to Europe.

The last summer Olympic games were held in Helsinki in 1952. Before that, the summer games were held at London in 1948.

Squaw Valley

After the selection of Rome, the committee started hearing bids from four cities seeking the 1960 winter games. Surprisingly, Squaw Valley, Calif., practically unknown in the United States and unheard of in Europe until recent weeks, seemed to be a strong favorite.

Garmisch - Partenkirchen, Germany; Innsbruck, Austria, and St. Moritz, Switzerland, also are asking the honor.

The vote on selection of the winter games city will be held Friday morning.

Favored Rome

In the voting on the summer games, Rome was in the lead from the start. Unofficial reports that trickled out to newsmen from the closed committee meeting said Rome got 15 votes the first time around compared with 14 for Lausanne, 8 for Budapest, 6 for Detroit, 6 for Brussels, 6 for Mexico City and 4 for Tokyo.

Chisox Score Shutout Again

BALTIMORE (AP)—George Kell knocked in three runs on three hits to lead a Chicago White Sox batting spree Thursday night while Virgil Trucks pitched his second straight shutout and fifth straight victory by a 8-0 score over the Baltimore Orioles.

Kell got credit for a fourth run batted in by walking with the bases loaded. He was joined by Nellie Fox, hitting safely for his 12th straight game and raising his average to .347, and Walt Dropo in getting three hits out of the 15 by the White Sox.

Fox got 11 hits in 16 times at bat during the four-game series with the Orioles. The White Sox won three of the four to stay two games behind the league leading New York Yankees.

POINT BLANK

★ ★ ★

By Don Bryant

Sports Editor, The Star

Wilt (The Stilt) Chamberlain, the giant Philadelphian who's going to help pay for the new Kansas field house, isn't registered at KU yet, but already he's crossed up Phog Allen.

A great basketball prospect, the 7-2 high school wonder has announced that he will enroll at Kansas. It was first reported that Wilt would enroll at KU for summer school, but he hasn't and therein lies the cross-up.

Contrary to the wishes of Dr. Allen, Wilt has indicated he will play basketball in the New York resort circuit this summer.

Allen often has referred to the summer circuit as the breeding grounds for gambling and the like which led to the fixes several years back.

But Wilt seems to have his own mind in the matter, thus shunning the advice of his future college coach—so respected by Chamberlain that he picked Kansas over hundreds of other schools, according to statements at the time he cast his lot with the Jayhawks.

Wilt's summer activities probably won't make Phog lose interest in him.

Lawrence Scribe Bill Mayers sums it up this way:

"At one time there was a chance Wilt could enroll here for summer school but the resort league stint will rule that out. Now it looks like fall matriculation for the fabulous giant. And chances are, displeased though he might be, Phogger will be so glad to see his prize this fall he won't waste much time scolding him."

With the addition of Outfielder Earl Smith the Lincoln Chiefs should best as best equipped defensively as any team in the league.

Smith is reported to be a top fielder and a capable hitter. Put him with Dick Hall and Frank Rice — defensive gems — and you have the makings of an air-tight outfield.

Addition of Reggie Andrews, Georgia U., grad, to the infield corps may or may not help the Chiefs. Scouting reports from the Rickeys indicate he may offer some assistance.

But the jump from college ball to Class A is a stiff test and it's much too early to tell Andrews' value.

Ski-nosed Comedian Bob Hope has returned from a tour of 1956 Olympic facilities in Australia and disputes charges made from time to time that the Aussies aren't getting things in shape.

"They've got everything worked out and it looks fine," Hope said.

After his tour of the Olympic site, Hope reported that facilities for athletes are "great." He seemed most impressed by the new indoor swimming pool that seats 5,000—"the most modern thing of its kind I've seen."

Five Nebraskans have received athletic awards from Iowa State College at Ames.

Included are Frank Powell of Omaha, frosh wrestling; John Jervis of Omaha, varsity baseball; Gary Carstens of Beatrice and Jack Hansen of Omaha, frosh baseball; Dan Larsen of Omaha, frosh tennis; and John Hawbaker of Gretna, varsity track.

Hansen was a great footballer at Omaha Tech during his prep days.

Cubs Snap Loss Streak By Defeating Giants 2-1

CHICAGO (AP) — Warren Hacker needed only a two-run lift in the third behind his five-hitter to enable the Chicago Cubs to snap a three-game losing streak with a 2-1 victory over the New York Giants Thursday.

The Cubs thus increased their second place margin over the Giants to 2½ games.

Hacker had a warm duel with rookie Ramon Monzant, who yielded only five hits before he left for a pinch hitter in the eighth.

The lone Giant run came in the eighth on pinch-hitter Bill Taylor's homer, the sixth New York pinch-hit circuit clout of the year.

It was Hacker's seventh victory against four defeats and the second defeat without a victory for Monzant, who earlier this season fashioned a 7-4 record for Minneapolis of the American Assn.

Big Klu Beats Brooklyn 6-5

CINCINNATI (AP)—Ted Kluszewski's second home run of the game and his 20th of the season lifted the Cincinnati Redlegs to a 6-5 victory over the Brooklyn Dodgers in the 10th inning Thursday night. The hit was the first off loser Jim Hughes, who had pitched tight relief ball since the sixth inning.

Terrible Ted's pair of homers tied him with Duke Snider of Brooklyn in the National League's home run derby. His first homer of the contest came in the first inning.

The loss cut Brooklyn's lead to 10½ games over second place Chicago. It was the Bums' second straight setback at the hands of the Cincinnatians and was only their 15th loss of the season.

Pee Wee Reese sparked the Brooklyn effort with a triple, double and single.

Haddix Hurls 5-0 Shutout

ST. LOUIS (AP)— Harvey Haddix, for the first time this year, looked like the star hurler he was in previous seasons, and shut out the Pirates on four hits Thursday night as the St. Louis Cardinals handed Pittsburgh a 5-0 defeat. Dick Cole had two of the Buc safeties, one a double.

Home runs by Red Schoendienst and Bill Sarni backed up the left-hander's work—his fourth victory against eight defeats this season. It was the first time this year he went the full distance and won.

Phillies Blank Braves Again

MILWAUKEE (AP) — Veteran Murry Dickson extended Milwaukee's scoring drought by nine innings Thursday, tossing a four-hit 3-0 shutout as the Philadelphia Phils blanked the Braves for the second straight day.

Dickson, evening his record at 4-4 with the win, was tagged for a single in each of four innings but the hitter never got off first base, even when George Crowe led off the seventh with a single.

Only one Brave got as far as second. That was Crowe, who walked in the fourth preceding Chuck Tanner's single. Dickson gave up just one other walk, to Ed Mathews leading off in the ninth, but Hank Aaron fanned and Crowe hit into a double play to end the contest.

The Phils got seven hits and two runs off Milwaukee starter Bob Buhl, who went eight innings in taking his fifth licking against three victories. The final two hits and one run for the Phils came off reliefer Ernie Johnson in the ninth.

Northeast Y Plans Baseball Program

The Northeast branch of the YMCA has announced plans for a baseball program for boys 10-14 who are not competing in City League Baseball.

The program is designed for boys who were cut from City League teams and those who did not try out for City League teams previously.

Every boy who reports for play in the Northeast YMCA program will be on a team and will play every time his team plays. The tentative schedule calls for two games a week with playoffs to be scheduled during August.

All boys inetrested are asked to report to the Nebraska Wesleyan physical education building (Taylor Gym) Monday, June 20, at 10 p.m.

Jones Favored Over Durando

NEW YORK, June 16 (AP)—Ralph (Tiger) Jones, a once-a-month headliner for the TV cameras, is a 3 to 1 favorite to whip Ernie Durando, the Bayonne, N. J., slugger, tonight at Madison Square Garden

The 10-round match, scheduled for 8 p.m (CST), gets the usual radio and TV treatment (NBC). It will be the last of the Friday night fights from the Garden for the summer although there will be one more show in the season series from Syracuse, N. Y., next week.

Jones seems to lose about as often as he wins but his style has made him a favorite with the fans. His "big" triumph was a decision over Sugar Ray Robinson at Chicago, Jan. 19. He lost to Bobo Olson, knocked out George Johnson and then dropped a disputed decision to Eduardo Lausse, the left-hooking Argentine, May 13.

Wake Forest Wins Series

OMAHA (AP) — Wake Forest won the NCAA college World series Thursday night, defeating Western Michigan 7-6 with the winning run scoring on Linwood Holt's eighth inninng single.

A walk to Luther McKeel and two passed balls set the run up and Holt punched it over on a 3-2 pitch.

Wake Forest received great relief pitching from Jack McGinley who entered the game in the last of the fourth with two men out and did not give up a run the rest of the way.

As soon as the third man was thrown out in the last of the ninth the Wake Forest players mobbed their pitcher throwing him to the ground and wildly pummeling him in their job.

It was a game of extremes with Wake Forest jumping into a three run lead in 2½ innings only to have Western Michigan tie in the last of the third.

Toledo Victory Drops Cardinals

Toledo regained second place from Omaha on a 3-2 victory over the Cardinals Thursday night in the tightening American Association.

Toledo stepped within two and one-half games of leading Minneapolis as the Millers lost again to Louisville, 8-5.

Denver stopped Charleston, 3-1, and St. Paul clipped Indianapolis, 3-2.

Trade May Collapse; Cox Quits

WASHINGTON (AP) — Cleveland's trade with Baltimore appeared to be collapsing—at least in part Thursday as one of the principals, Billy Cox, decided to quit baseball and a second, Wally Westlake, said he might refuse to report to his new club.

Al Lopez, the Indians' manager, said after a telephone conversation with Cox that the veteran infielder told him he had made up his mind to give up the game of baseball. Thus he would not report to Cleveland.

"I tried to get him to change his mind," Lopez said, "but he seemed pretty definite about wanting to quit. When a fellow thinks he's through, it's not easy to talk him out of it."

Westlake, who went from Cleveland to Baltimore in the deal, said he would talk with Paul Richards, the Orioles' manager, "and then I'll know definitely what I am going to do. There's about a 50-50 chance I won't go to Baltimore."

In the swap, worked out a few hours before the trading deadline Wednesday night, the Indians agreed to ship Westlake and another outfielder, Dave Pope, along with a bundle of cash, to Baltimore in exchange for Cox and outfielder Gene Woodling.

If the players do not report within 72 hours, the deal would normally be off. However, it was considered possible that a flat Woodling for Pope cash transaction might be consummated.

City Baseball League Activity Rained Out

Rain and wet grounds forced postponement of four games in the City Baseball League Thursday. The regular schedule will be played today.

GAMES FRIDAY
Eastern Division
1 p.m.—Peter Pan vs. Havelock at Peter Pan; Randolph vs. Northeast at Uni Place.
Western Division
1 p.m.—Muny vs. Oakmont at Muny; Irving vs. Whittier at F Street.

Why Ancient Age can say:

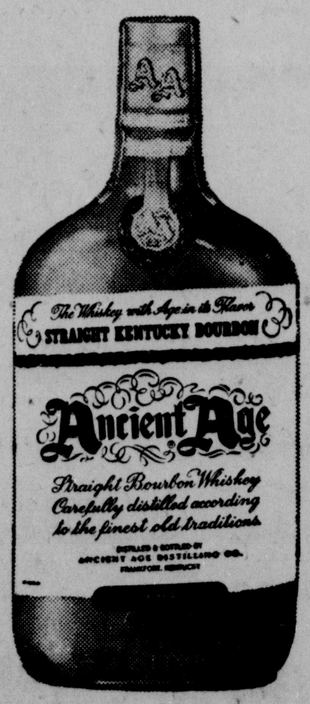

"If you can find a better bourbon ...buy it!"

For many, many years we've believed so devoutly in straight Kentucky bourbon that we've distilled nothing *but!*

We comb sun-dappled fields for the choicest ripened grains. We use bright, clear Kentucky spring water. We wait patiently through the years while Ancient Age reaches rich maturity. We seal and bottle the incomparable result only at the distillery where it is born (essential for quality and uniformity). And whiskey experts have always agreed with us that there is no better bourbon, and that Ancient Age is a bargain at any price.

Now there is still another reason for Ancient Age's popularity. More than six years ago, we laid away extra stocks of Ancient Age. So today we actually lower the price of this truly matchless bourbon. Today this millionaire's whiskey can be enjoyed by everyone.

Taste Ancient Age and you'll see why we can say: "If you can find a better bourbon...buy it"! Reason? There is no better bourbon. And, at its new low price, this is the greatest value in history.

Ancient Age
A triumph of Time and Nature

Last Inning Rally Saves Yanks

Tigers Are 3-2 Losers

NEW YORK (AP) — Blanked by rookie Frank Lary through eight innings, the New York Yankees erupted for three runs in the ninth to defeat the Detroit Tigers 3-2 Thursday and take the rubber game of the three-game series.

Limited to only five singles until the ninth, the Yankees tied the score at 2-2 on Yogi Berra's home run following a walk to Mickey Mantle and climaxed the winning rally when pinch-hitter Elston Howard singled with one out and the bases full to drive in Irv Noren with the winning run.

Lary, who had walked only one batter prior to the ninth while striking out five, apparently lost his poise following Berra's homer, his 12th of the season. Noren followed with a single, advanced to second when Lary hit Eddie Robinson with a pitch and moved to third on a walk to pinch-hitter Joe Collins. The latter fouled off six consecutive pitches with a 3-2 count before coaxing the pass.

Tommy Byrne, erratic lefthander, went the distance for the Yankees to post his fourth triumph against one defeat. Byrne yielded only four hits, walked five and struck out nine.

Two of the Tiger hits were obtained by Al Kaline, who now has nit safely in 51 of Detroit's 57 games. Both of Kaline's hits figured in the scoring. The young outfielder singled in the fourth, raced to third on a single by Bill Tuttle and crossed the plate on a sacrifice fly by Bubba Phillips.

Detroit made it 2-0 in the eighth when Harvey Kuenn walked and reached third on a double by Kaline.

Bosox Edge Kansas City 7-6

BOSTON (AP) — Young Billy Klaus capped a surging comeback with a two-run home run in the ninth inning Thursday as the Boston Red Sox defeated Kansas City 7-6.

Behind 6-2 going into the last of the eighth inning, Boston came up with three runs on Jackie Jensen's 12th homer of the season, a two-run affair, and Norm Zauchin's 10th to close the gap 6-5.

Billy Goodman drew a walk from reliefer Johnny Sain to start off the ninth and then Klaus followed with a home run into the right field pavilion.

Ted Williams got a home run and two singles in four trips to pull his batting average up another 27 points to .415.

Kansas City broke open a 2-2 deadlock with four runs in the seventh inning. With two out, Vic Power doubled and scored on Elmer Valo's single. Valo came home on a wild pitch. Harry Simpson connected for a two-run homer, first of the season, 400 feet into the Sox bullpen. That chased starter Willard Nixon.

Williams led off the eighth by punching a single into left field against the Boudreau shift after fouling off an attempt to lay a bunt down the third base line. Jensen's home run sailed into the left field screen and on the very next pitch Zauchin planted one near the same spot.

Klaus, moving closer and closer to a regular job at shortstop, hit his fourth home run after Karl Olson had gone in to run for Goodman in the ninth.

Tom Hurd, third Boston hurler, was credited with the victory. It was his second straight relief appearance for the Sox who now have won eight of their last nine games.

Indians Maul Nats, 8-5

WASHINGTON (AP) — The Cleveland Indians mauled four Washington pitchers for 15 hits Thursday in an 8-5 victory over the Senators. It was a slugfest with the two teams pounding out 27 hits.

Bob Lemon gave up 10 of the Senators' 12 hits but won his ninth decision. Mike Garcia had to relieve him in the ninth.

Larry Doby and Bobby Avila, each with three hits, led the Cleveland assault. Starter Chuck Stobbs was tagged with his seventh loss against one victory.

The Indians hoped on Stobbs for a pair of runs in the first and were never headed. Al Rosen's triple brought in Doby, who had doubled, and Ralph Kiner, who had walked.

Cleveland added a run in the third and sewed up the game with a three-run outburst in the fourth, kayoing Stobbs in that inning.

All the Senators' runs were bunched in two innings, the fourth when two scored on singles by Mickey Vernon and Clint Courtney and a double by Johnny Groth, and the seventh when Eddie Yost tripled home two and scored on an infield hopper by bonus rookie Jerry Schoonmaker, appearing in the regular lineup for the first time.

Injunction Lifted From Ex-Lion Stars

TORONTO (AP)—Tom Dublinski, former quarterback with the Detroit Lions football club, and Gilbert Mains, formerly of the same club, received a legal okay Thursday to start practicing with the Toronto Argonauts this season.

Mr. Justice D. C. Wells dismissed applications by the Detroit club for injunctions to stop them from playing with the Argos.

Chiefs' Contract Is Signed By Star Georgia U. Shortstop

The Lincoln Chiefs Thursday added Reggie Andrews, a leading Southeastern Conference player from the University of Georgia, to their infield roster.

He is a veteran of three years with the Bulldogs and comes highly recommended.

Andrews, sought by many major league clubs, was signed to a Lincoln contract by Branch Rickey Jr. in Pittsburgh. He had worked out at Forbes Field the past three days.

General Manager Dick Wagner announced the signing Thursday and said that Andrews will report to Lincoln and will join the team when it returns to Sherman Field next Wednesday.

The new Chief is 21 years old, stands 6 feet and weighs 165. He was graduated from the University of Georgia on June 6.

He was a member of the Southeastern Conference All-Star baseball team and made the NCAA district team for two years running.

This past season he hit .322 for Georgia, leading the conference in runs batted in. He led his team in home runs.

Both Branch Rickey and Branch Rickey Jr. watched him perform and Branch Jr., who signed him, said he "thinks Andrews will help the Lincoln team." Rickey Jr. watched the Chiefs three times during the last home stand.

Let's Talk Tubeless Tires!

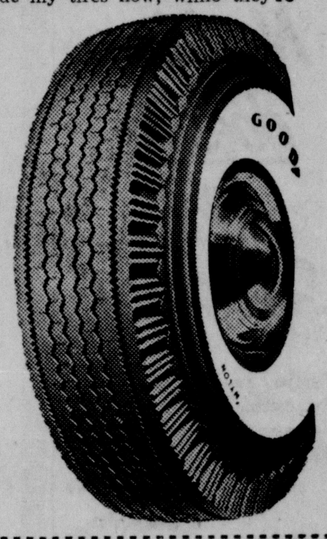

WHAT SHOULD I BUY?
WHEN SHOULD I TRADE?
HOW MUCH SHOULD I PAY?
"THIS AD CAN HELP YOU"

How many times have you asked yourself, "What tires should I buy and how much should I pay?" The tires for you, of course, are new Goodyear Tubeless Tires, because theyre first in every important respect—quality, safety and value.

They offer more blowout and puncture protection because they are built with Goodyears exclusive 3 T triple-tempered cord and Grip-Seal construction. That's why more people ride on Goodyear Tires than on any other kind, and that's why you shold insist upon nothing less than the finest—Goodyears.

"But,' you ask, "Why should I trade my tires now, while they're still in good condition?"

Our answer is that you don't lose by trading now. We'll buy every mile left in your present tires—you can't lose a penny, but you can gain a lot of safety and mileage when you trade for Tubeless Goodyears.

Molotov Agrees To TV Quiz

Soviet Accepts Invitation To Conference

NEW YORK (AP) — For the first time since the cold war began, a top-ranking Russian official has agreed to go on a nationwide television program and submit to give-and-take questioning by American newsmen.

The Columbia Broadcasting System said Thursday Soviet Foreign Minister V. M. Molotov had accepted an invitation for a public questioning about East-West relations on TV's "Face the Nation," Sunday, June 26.

"Arranging the program was the result of a six-months campaign, by telegram, personal visits and correspondence here in Washington and Moscow," said the CBS public affairs director, Irving Gitlin.

"We knew that sooner or later, with the softening Russian attitude, that someone would get a high Russian official on television. This is the big plum. It's the journalism coup of the radio-television year."

Unrehearsed

Gitlin said details of the program, in which a battery of three top newsmen throw questions at the guest, still are to be worked out in San Francisco, where it will originate.

While the show is unrehearsed, and the practice is for freely spontaneous questioning, Gitlin added that Molotov likely will want a briefing on the general topics to be covered.

In some cases, Gitlin said, guests insist on advance lists of specific questions. Molotov, however, has not done so. In preliminary discussions, Gitlin said, it was agreed he would be questioned about "the whole general area of international relations between the East and West."

The show will be carried on TV from 2:30 to 3 p.m. CST and over radio from 8:05 to 8:30 p.m.

Lobbyist Expenses

John E. Curtiss reported expenditures during May of $63.70 as a lobbyist for Consumers Public Power District, the secretary of state's office said. James L. Brown, Insurance Federation of Nebraska, said he spent $32.94 during the month.

CHARM TIP of the WEEK!

by Caroline Leonetti

"May I present . . ." is a more formal way of introducing and should be reserved for more formal occasions. "May I introduce . . ." is easy and acceptable, but even simpler and just as correct is the pronouncement of both names, such as, "Miss Smith, Mr. Brown". Teen-agers are young enough to abide by first name introductions, or first and last name introductions without "Miss" and "Mr."

You are invited to write directly to Caroline Leonetti—6607 Sunset Blvd., Hollywood 28, California. Please include self-addressed and stamped envelope for analysis and suggestions which will be sent by return mail.

Brief SNAFU Puts Farmers On Own

Government Only Fooling In Grim Way

WASHINGTON (AP) — For a brief while Thursday it looked to some people like the American farmer was on his own once more —free of all federal controls after all these years.

But it turned out to be just another big foulup growing out of Operation Alert—just a paper move. So the man with the hoe and the combine still will have to reckon with marketing quotas, acreage allotments and what not.

The brief and phantom return to rugged individualism began with a news conference held by True D. Morse, acting secretary of agriculture, at the secret emergency press headquarters set up in connection with Operation Alert.

Since the nation's key cities had been "razed" with nuclear weapons and a great war had started in theory, Morse announced the Agriculture Department had, in a simulated sort of way, canceled all controls except on tobacco.

Lot Of Food

The sky would be the limit on production because a lot of food would be needed in nuclear war. As for tobacco, the nation has enough to last a couple of years unless the enemy makes tobacco warehouses its special targets.

So the wires "lifting" controls went out to state officials—and the confusion started. Messages such as the following poured into the Associated Press here:

"Hear Secy. of Agriculture Benson issued proclamation discontinuing parts of cotton acreage control program. Appreciate a story. Thanks. Jacksonville, Miss."

"Tennessee state director of ASC upet over telegram received from Benson canceling marketing controls except tobacco. Says it doesn't mention Civil Defense exercise. Nashville."

"Murray Colbert, Missouri state chairman of the Agriculture Stabilization and Conservation Committee, reports receipt of wires, signed 'Benson,' canceling crop quotas, wheat referendum, etc. He doesn't know what it's all about but thinks it part of civilian defense alert. Any story from Agriculture Department? Kansas City."

"Iowa chairman of the ASC says it has a wire from Benson lifting acreage allotments, marketing quotas. Nothing to specifically indicate it's part of followup of simulated enemy attack. Appreciate check whether restrictions really lifted. Des Moines."

To all such queries, the answer is: The government was only fooling, in a grim sort of way.

Big Mistake

At Emergency Press Headquarters, an official admitted Thursday night it was a big mistake if the government telegrams did not make clear that the decontrol order was strictly mock.

"I'm trying to get in touch with the Agriculture Department to straighten it out," he said sadly.

An ironic par of the situation was that Acting Secretary Morse, in talking to reporters earlier, had cautioned them not to make the order look too real. He said:

"Be sure, of course, that 'simulated exercise' is in your references all the way through."

Attorney General Checks Equipment

Bob Elliott of Lincoln, Cornhusker Boys State Attorney General, checks a comparison microscope used by the Nebraska Safety Patrol for firearms identification. Lt. V. W. Byler, with the firearms identification and criminal investigation bureau of the Patrol, watches. The microscope was part of the equipment showed Thursday evening by the Safety Patrol during a law enforcement program at Boys State. Patrol representatives were Lt. Byler, Capts. Dan Casey and Harold D. Smith. (Star Staff Photo).

Girls State Elects Officials

County and city officers have been elected at Cornhusker Girls State. They are (National Party is designated N; Federal Party F):

BOBLITS COUNTY
Political Ballot

Sheriff: Jane Westmore, St? Edward, F. Clerk of district court: Clair Olson, Newman Grove, N.

Mayor: Mary Flaherty, Elgin.

Harrison Law Graduate Receives U.S. Award

Chester K. Lacy of Harrison, a University of Nebraska law graduate, was selected for the U. S. Law Week Student award for 1954-55, Dr. David Dow, acting dean of the College of law, announced Thursday.

Lacy

Lacy, who received his diploma last Monday, was judged by a law faculty committee to have made the most satisfactory progress during his senior year. He is the son of Mr. and Mrs. C. C. Lacy.

Mrs. Edith Hefferon Services Saturday

Funeral services for Mrs. Edith Hefferon, 76, of 2536 T, who died Wednesday, will be at 2 p.m. Saturday at Roper & Sons.

The Rev. S. K. Biffle Jr. will officiate. Burial will be at Milford.

Mrs. Hefferon, a nursing home operator, was a member of the Assembly of God Church.

She is survived by her daughter, Mrs. Laurel Headrick of Sioux City; brothers, Irvin and Clyde Bowlin, both of Lincoln; 11 grandchildren and 15 great grandchildren.

California Rites For I. W. Bradt

Services will be held in California for I. W. Bradt, 89, a former Lincoln resident, who died in Los Angeles Wednesday.

Mr. Bradt left Lincoln about 15 years ago.

He was the former proprietor of the Savoy and Victoria Hotels here.

After leaving Lincoln he moved to Norfolk and then to California.

He is survived by his wife, Elizabeth and a daughter, Dorothy, both of Los Angeles.

Normal Board Delays Action On Housing

KEARNEY, Neb. (AP) — The State Normal Board Thursday reviewed bids on the faculty-student housing project at Peru State Teachers college but deferred action pending adjustment of some of its proposals.

The board accepted resignation of two faculty members, both of whom are taking jobs at Wisconsin State College at Eau Claire. They are Dr. Hele. X. Sampson of the Kearney English faculty and Dr. Alan Lehman of the Wayne English department.

The board attended the morning convocation at Kearney State's Golden Anniversary observance and the dedication Thursday afternoon of the $450,000 women's dormitory, Martin Hall, at the college.

Court Holds Ban Is Illegal

OMAHA (INS) — Federal Judge James A. Donohoe held Thursday that Omaha does not have the right to ban ammunition trucks from the city streets.

The Omaha City Council passed an ordinance banning such traffic last October, after three women were killed in a collision involving an ammunition truck west of Omaha. The vehicles caught fire after the crash and flames exploded the truck load of artillery shells.

The Federal Court ruled that the Omaha ordinance interferes with interstate commerce.

Lodge News—The "Sunday Journal and Star" has it.

Randells Divorced

HOLLYWOOD (INS) — Actor Ron Randell, 36, was divorced Thursday by his wife, Australian heiress Marie Keith, who charged that he deserted her 13 months after their marriage. Under a property settlement,

Now there are two Duncan Hines Angel Food Mixes
...delicate White and rich Chocolate, both heavenly!

DUNCAN HINES
America's Foremost Authority on Good Eating

Duncan Hines says: "My Chocolate Angel Food Mix is so new you may not have tried it—but I urge you to make a cake with it soon! See if it doesn't satisfy your family's taste for the best of all cakes—delicious, moist Angel Food—in the most popular of all flavors, chocolate. It's as easy to mix as the regular Angel Food—no chocolate to melt, no cocoa to add.

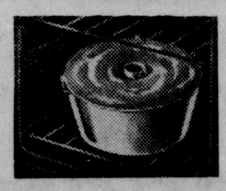

"In fact, the cake that used to be hard to make, requiring a light hand of the cook, is now so easy with my two Angel Food Mixes that there's no reason to wait for special occasions. Bake them often! There's no problem of what to do with leftover egg yolks, and the recipe I use for my mixes will give you a perfect cake every time.

"If you're trying your first angel food mix, make it my new Chocolate Angel Food—there's never been a mix like it! It has the chocolate-rich flavor of my Devil's Food cake, and the light delicacy of Angel Food."

Chocolate or White... mix in just 2 steps, in 1 bowl

There's no danger of overbeating —and because Duncan Hines' package of special egg whites makes a big quantity, use a big bowl and beat (with 1¼ cups water) until they stand in stiff, fluffy peaks.

Now fold in the mix (for the Chocolate Angel Food, the cocoa is already blended in).

Because the cake rises high above the pan, bake on your lowest oven rack for the full time specified. It comes out high, light, with a delicious macaroon crust.

Duncan Hines

Wouldn't you rather use a cake mix made from Duncan Hines' own recipe?
White, Yellow, Devil's Food, Spice, Marble

Ike Forces Win Major Dixon-Yates Victory

WASHINGTON (AP) — Supporters of the Eisenhower Administration's long disputed Dixon-Yates power contract won a major victory in the House Thursday.

On a standing vote of 198-169, the House struck out of an appropriations bill a section earmarking 6½ million dollars for the Tennessee Valley Authority to build its own steam power plant at Fulton, Tenn.

Democrats on the House Appropriations Committee had put that proviso in the bill to replace funds requested by the Eisenhower administration to tie the privately owned Dixon-Yates plant into the TVA system.

Way Clear

The House vote, unless reversed on a later roll call, thus would leave the way clear for the administration to proceed with its plan for private utility companies to build the Dixon-Yates plant and feed power into the TVA system, to replace power consumed by the Atomic Energy Commission.

(International News Service reported that Speaker Sam Rayburn indicated after the vote that no further attempt would be made in the House to cripple the Dixon-Yates project. He said it was apparent "the other side" has the votes.)

Democratic opponents of the Dixon-Yates project obviously were taken aback by the size of their margin of defeat in this first congressional floor test on the issue since the contract was signed.

They had planned to offer an amendment barring use of the 6½ million for a power line to connect Dixon-Yates with TVA, but dropped this plan at least for the time being.

The House action was a sharp defeat for Democratic advocates of a larger power role by the federal government in supplying power needs.

The private vs public power issue is certain to rebound with fury into next year's presidential and congressional elections.

Rep. Cooper (D-Tenn) told the House it would be logical and cheaper to supply government power needs in the TVA area through the TVA's own facilities. Cooper and other Democrats lambasted the Dixon-Yates project as a plot to "destroy" TVA.

TVA Not Issue

Rep. Arends (Ill), Republican whip, declared continuance of TVA is not the issue. The basic issue, Arends insisted, is whether "we shall promote public power rather than private enterprise ... whether we believe in socialism or whether we believe in our American system of free, private enterprise."

In hot debate, Republicans contended the government had already signed the Dixon-Yates contract and should not renege on it now. The Southern Co., headed by Eugene Yates, and the Middle South Utilities Co., headed by Edgar Dixon already have started construction of the plant at West Memphis, Ark.

The action by the House Appropriations Committee, if it had not been reversed on the floor Thursday, would have left Dixon-Yates power stranded in the middle of the Mississippi River without the planned connecting link with TVA.

On other points in the bill the House voted to add $33,654,558 more than the Appropriations Committee had recommended for the Reclamation Bureau, boosting that item to $146,041,000.

It tentatively approved without change the committee's allotment of 618 million dollars to the Atomic Energy Commission and $26,214,000 for the over-all TVA appropriation.

Meanwhile, a Securities and Exchange Commission examiner heard arguments against proposed financing of the Dixon-Yates project. Attorneys for the State of Tennessee particularly attacked what they called a lack of competitive bidding in early negotiations for the project.

School Board To Study Revocation Of License

The State Board of Education will hold a special meeting here June 28 to consider possible revocation of a high school teacher's certificate. The teacher has been charged with "unbecoming conduct."

Education Department officials have declined to release details of the case until the public hearing is held.

There is no July meeting scheduled for the board, Education Commissioner Freeman Decker said.

Don't miss it. News of friends on vacation, marriages, engagements, parties PTA notes and club meetings makes good reading in the "Sunday Journal and Star."

The easy Wesson way is the only way to make glorious Chiffon Cake

You *pour* light, sparkling Wesson Oil to make this glamorous cake. No messy solid shortening to measure and work in, because solid shortening just won't do. In all the world there's no other salad oil as light and mild and fresh as Wesson Oil. So it's Wesson, too, that helps make Chiffon Cake your pride and joy—with its spectacular height, its cloud-like texture and moist, rich taste.

STRAWBERRY CREAM CHIFFON CAKE

Recipe by Betty Crocker of General Mills

2 cups *sifted* Gold Medal "Kitchen-tested" flour
1½ cups sugar
3 teaspoons baking powder
1 teaspoon salt
½ cup Wesson Oil
7 unbeaten egg yolks (medium)
¾ cup cold water
Grated rind of 2 oranges (about 3 tablespoons)
1 cup egg whites (7 or 8)
½ teaspoon cream of tartar

Heat oven to 325° (slow). Have ready ungreased tube pan, 10 x 4".

Sift flour, sugar, baking powder, salt into bowl. Make a well; add Wesson Oil, egg yolks, water, grated rind. Beat with spoon until *smooth* or with electric mixer on medium speed 1 minute.

Measure egg whites and cream of tartar into *large* mixing bowl. Beat by hand until whites form *very stiff* peaks or with electric mixer on high speed 3 to 5 minutes. DO NOT UNDERBEAT. Pour egg yolk mixture gradually over beaten whites — folding just until blended. DO NOT STIR. Pour into *ungreased* pan.

Bake *55 minutes* in slow oven (325°), then increase to 350° and bake *10 to 15 minutes longer*, or until top springs back when *lightly* touched.

Turn pan upside down with tube over neck of funnel or bottle. Let hang until cold. Loosen from sides and tube with spatula; turn pan over, hit edge sharply on table. Split cake into 3 layers; put together with:

STRAWBERRY CREAM: Mash 1 pint strawberries. Add 2 tablespoons sugar. Mix in 1 teaspoon gelatin softened in 1 tablespoon water and dissolved over hot water. Chill. When partially set, fold in ½ cup heavy cream, whipped and sweetened. Cover top and sides with sweetened whipped cream, tinted if desired. Refrigerate until used.

NOTE: Cake may also be baked in an oblong pan, 13 x 9½ x 2", for 45 to 50 minutes in moderate oven (350°).

Table of adjustment for high altitudes. 2,500 to 4,000 ft., use 2¼ teaspoons baking powder; 4,000 to 6,500 ft., use 1½ teaspoons baking powder; over 6,500 ft., use ¾ teaspoon baking powder. Over 3,500 ft., increase temperature 25°.

FREE: 16-page recipe booklet gives you more recipes for Chiffon Cakes and other treats made easier with Wesson Oil as liquid shortening. Write Wesson Oil People, New Orleans, La.

Turncoats Will Be Held Accountable For 'Wrongful Acts' If They Return

EMERGENCY PRESS HEADQUARTERS, OPERATION ALERT (AP)—American war prisoners who chose to stay in Communist China after the Korean War will be held accountable, if they now return home, "for any wrongful act" they may have committed.

The U. S. government made this clear Thursday in announcing it will arrange for a return to the United States of any of the 21 prisoners who changes his mind about Communism and arranges to present himself to American authorities.

Red Okay Not Indicated

There has never been any indication, however, whether Red rulers would release former POWs who once apparently chose Communism but now want to reject it.

The American statement of policy on the ticklish issue followed reports that at least two—and perhaps eight—of the former POWs have had enough of Red China and want to come home.

The statement was issued jointly by the White House and the State, Defense and Justice departments. It was released from "emergency" government headquarters.

23 Refused

Altogether, 23 American POWs refused to return to U. S. control after the Korean armistice. Two of them, Cpl. Edward S. Dickenson of Cracker's Neck, Va., and Cpl. Claude J. Batchelor of Kermit, Texas, changed their minds while under neutral custody during a "waiting period." The other 21 eventually were turned over to the Communists.

Both Dickenson and Batchelor, after their return to American custody, were convicted by court-martial of collaborating with the enemy and were sentenced to prison—10 years for Dickenson and 20 years for Batchelor.

To Hear Appeal

Dickenson's appeal from two lower military courts will be heard Friday by the U. S. Court of Military Appeals. His attorneys indicated they will indirectly raise a question whether unlawful acts should be excused because of Communist brainwashing.

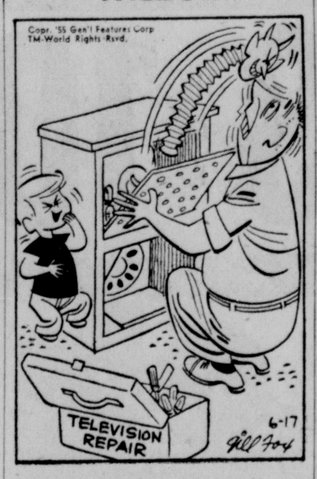

There is a controversial legal question as to whether any of the other 21 POWs may be tried under the uniform Code of Military Justice since they have been given dishonorable discharges.

The government announcement said "the military departments will instruct their field commands that if any of the 21 presents himself to military authorities as an American desiring return to the jurisdiction of the United States, he will be turned over to the custody of the nearest United States consular representative."

The State Department then would arrange for the return home of any former POWs who say they want to do so. Upon their arrival here, "the appropriate federal authority will determine whether further action will be taken."

Relatives recently reported receiving letters indicating that Cpl. Otho G. Bell of Olympia, Wash., and Cpl. Lewie W. Griggs of Jacksonville, Tenn., now want to return. Relatives of six other former POWs have reported letters indicating they, too, want to return home some time in the future.

WILBUR

Moscow Gazette Tees Off On U.S. Education

MOSCOW (AP)—American high schools teach dancing instead of history and geography, claims Moscow's Literary Gazette. It calls this part of a plot of the "American pretenders to world supremacy" to bend youth to their will.

Literary Gazette, official newspaper of the Soviet Writers Union, teed off on American high school education in an article titled "Ignoramauses From Detroit."

It is based largely on a report attributed to the Swiss newspaper Neue Zuercher Zeitung stating there is a great decline in high school and also college education in the United States.

This decline, says Lieteray Gazette, "has become so evidently great that papers like the Neue Zuercher Zeitung, which usually praise everything American, have to write about it.

"The level of preparing students registering for freshman courses at Wayne University in Detroit," adds Literary Gazette, "is beyond criticism. In history and geography they have the scantiest knowledge. To locate Vienna on a large map is a hopeless task for even the best of them. To differentiate between Sweden and Switzerland is often a useless endeavor. None of the students can speak a foreign language, and it is simply beyond the powers of most of them to spell the word 'parliament.'

"And that is the situation at one of the biggest universities in the United States, numbering more than 17,000 students."

This is blamed on poor preparation in high school.

"Instead of history and geography they are taught so-called 'social subjects,' but the peoples and countries discussed are not in any way connected with time and space," says Literary Gazette.

"The students are not taught to think independently.

"The students are given the possibility to study such subjects as dancing, domestic science and receive the needed credits to enter a university."

TIME to Honor DAD with a GIFT from ZALE'S

Truly distinctive man's 5-diamond ring on massive 14k gold mounting. $100

MOTHER—Finding desserts for a child who tends to be overweight can be a problem! Duff's "Cake 'N Frosting" solves it perfectly. Children *love* this delicious, frosted, rich-tasting low-calorie cake.

LOW-CALORIE FROSTING MIX INCLUDED IN EACH PACKAGE

Another "First" by Duff's . . . makers of famous Duff's Waffle, Gingerbread, Hot Roll and other baking mixes.

Boys State Senators Adopt Governor's Program

By ELLIS RALL
Star Staff Writer

After hearing an eight-point legislative program outlined by Governor Bruce Barth, the 1955 Boys State Unicameral Legislature moved to adopt his program by introducing five bills and two resolutions Thursday afternoon.

The Legislature backed the governor's request almost to the letter, introducing measures to put his program into effect at their first session at the Ag College.

The Legislature's Committee on Committees appointed four standing committees — A, B, C & D— and after first reading Lt. Gov. Wesley Barry Jr., of Sidney sent the bills to committee. Committees met after the first session adjourned for the day.

Bills introduced included LB 1, which allows for reorganization of school districts; LB 2, which provides an income tax and authorizes the Tax Commissioner to promulgate rules and regulations to facilitate collection and enforcement of the bill and allows penalties for failure to comply.

Toll Road OKd

LB 3 authorizes the Boys State Highway Department to construct, operate and maintan turnpikes or toll roads; to issue revenue bonds, payable solely from tolls, to pay for the construction of the roads; sets up a "Toll Road Fund" to provide that after the bonds are retired, such toll roads would become part of the highway system. The bill carried the emergency clause.

LB 4 governs the issuance of initial drivers' licenses upon completion of an accredited course in driver's education.

A Constitutional amendment to lower the voting age from 21 to 18 was called for in LB 5. The bill provides for submitting the amendment to the public at the general election this November.

The bills went to committee Thursday afternoon. They are scheduled for second reading Friday.

Two Resolutions

Two resolutions were introduced. LR 1 asked the Governor to appoint a commission to study the value of reorganizing the tax structure. The resolution called for a "scientific assessment" to improve present property tax laws and the need for additional taxes, either sales or income.

LR 2 called for the Governor to appoint a five member State Highway Commission to make a comprehensive highway study, make plans, surveys and estimates on the cost of improving roads in the state.

Governor Barth, in his message to the legislature, said the "financial condition of the state is good. It is our duty to keep it solvent and to keep all public services functioning," he said. He submitted to the legislature his legislative program.

His eight-point legislature program:

1. To change the minimum age requirement for qualification to vote from 21 years to 18 years.
2. To require biennial examination and tests, establishing minimum requirements as to physical and mental competence as qualifications for the obtaining or renewal of drivers licenses. This test should include as a factor for qualification for a drivers license the mental attitude of the applicant to other drivers and to the laws of the road.
3. I urge the repeal of the petroleum severence tax statutes as a measure to promote the oil industry in the state.
4. I urge the establishment of a general sales tax so drawn that it will actually relieve the real and personal property taxes. Also, that when such sales tax has been established, to enact a homestead exemption from taxation to the extent of $2,000 of actual value.
5. I urge the legislature to forthwith memoralize the Congress to enact legislation for the establishment of a complete system of Federal interstate highways not only for defensive military purposes but for the use and benefit of the public; and to make adequate appropriations for planning, surveys and to initiate construction thereof.
6. The time has come for the increase in pay for members of the legislature and that provision be made for that purpose.
7. To promote safety in automotive traffic safety certificates be required for all used cars sold in Nebraska as well as for all cars used on our public ways.
8. To promote standards for the organization and continued existence of school districts and mandatory reorganization and elimination of districts not meeting the standards.

7th Day Adventist Union Reports On Welfare Activity

Seventh-Day Adventist Central Union Conference members last year accumulated more than 312,000 man hours in welfare activity and aided an estimated 280,129 persons.

Reporting on church laymen activities, D. E. Rdiher of Lincoln, regional director, said the total cash value of welfare work during the year was $846,694 of which $86,718 was cash contributions from church members.

The Women's Dorcas Welfare Society gave 193,911 articles of clothing and 27,000 food baskets to persons in need. Including the Lincoln Health and Welfare Center at 2229 O, the 200 such units in operation in the central states area reported a total of 12,000 treatments the past year.

Beck Heads Fire Casualty Agents

Leo Beck Jr. of Stuart Investment Co. has been elected president of the Lincoln Association of Fire and Casualty Agents.

Beck succeeds Reese D. Wilson of the Wilson Agency. Elected vice president was Edward Copple of Copple Insurance Agency and Don Newville of C. C. Kimball Co. was named secretary - treasurer.

Elected to the executive committee was Charles W. Roach Jr. of the Chambers-Dobson Agency.

Youth Sentenced InApartmentTheft

Burglary charges resulted in a three-month sentence in the County Jail Thursday for James W. Yohe, Jr., 18, of Denver.

Yohe had pleaded guilty to the charge May 31 in District Court. He was charged with the theft of cigarettes and blue jeans from the apartment of Jacob Miller at 933 D St.

The youth for a time lived with his father at 425 No. 10th. His legal residence was given as Denver.

Red Cross Swimming Lesssons Start June 20

Lincoln Star Special

STROMSBURG, Neb. — Mrs. S. D. Evins, Polk County Red Cross chairman, has announced that free swimming lessons will start at the Osceola pool June 20 for Osceola and Shelby residents.

W. H. Norton of Osceola will direct the lessons. He is Red Cross water safety director.

The Supreme Court was in session Thursday morning and afternoon. Thursday afternoon district courts held their sessions.

Lectures Concert

Thursday evening Boys Staters heard a program on law enforcement conducted by the Nebraska Safety Patrol. The Boys State band and chorus presented a concert during the program conducted by R. C. Patterson, state American Legion adjutant.

Standing committees appointed the Boys State Unicameral Committee on Committees are:

Committee A

Senators Arnold Wisbold, Lowell Seger, Vernon Peck, Terry Lewis, Walden Jones, Jimmie Townsley, Robert Kovarik, Charles R. Seagren, M. Robert Stoner, Donnie Allington, James Melvin and Blaine Bryan.

Committee B

Senators Ronald Bebernes, John Cutler, Delmar Maas, Don Vondrasek, Bill Sandman, Zean Carney, Garry Frieling, Ronald Jensen, Charles Meyer and Don Felker.

Committee C

Senators Glenn E. Conner, William Begley, Wayne Grupe, Stephan Oxlay, Delane Lubben, Lon E. Springer, Jack Walls, Harold Johnson, Charles F. Crate, Jr., John Hoagland and Jerry Kort.

Committee D

Senators Randall Powley, Bob Eldridge, Wayne Hester, Bob Johnson, Don Craig, Barton Bredenkamp, Wayne Hastings, Edward R. Prange, Dick Kelley and Don Bindef.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS — By Arthur 'Bugs' Baer

Might be that future depends on who can export the most co-existence.

☆ ☆ ☆

Moscow has worked up a neat Axis with Yugoslavia that gives 'em the first warm water they've seen since Czar Ivan scalded a cat.

Bugs Baer

☆ ☆ ☆

It puts 'em smack on the Adriatic in a more strategic spot than a plumber under the kitchen sink.

☆ ☆ ☆

The frontiers of Yugoslavia tie in with Italy, Austria, Hungary, Romania, Bulgaria, Greece and Albania. That makes co-existence as chummy as two eggs in an omelet.

☆ ☆ ☆

Russia has always been after a warm water seaport in the Red Sea, the Indian Ocean or the Adriatic. That's because the Turks could close the Dardanelles like a spring lock.

☆ ☆ ☆

That's why Moscow is playing footsies with Tito. With its shoes off.

But Tito's mother didn't raise any dumb children. Ever since the upswitch in co-existence Tito has played both ends against the middle like a four-handed bass fiddler.

☆ ☆ ☆

We figure Tito is in pretty much the same spot as Joe Jacobs when he took a fighter over into Shickelgruber's territory. The pictures showed Joe giving out with the arm salute to the fuehrer. When he was interviewed about it Joe said, "What would you do?"

☆ ☆ ☆

When you're living under the guns cotton in your ears doesn't hurt.

☆ ☆ ☆

Probably Tito prefers the American brand of co-existence. But nobody ever walked in a straight line in a swamp.

☆ ☆ ☆

Anyway, the State Department doesn't seem any more worried than a tobacco-chewer with brown teeth.

☆ ☆ ☆

Co-existence listens good but it's one of those games where you never know the score.

Trans-Atlantic Shipping Tieup Begins To Break

NEW YORK (AP) — A seamen's strike hit American-flag trans-Atlantic passenger and dry cargo shipping Thursday, but agreement was reached on new contract terms before the tieup reached major proportions.

Though the pact related to only one phase of the maritime stoppage, involving unlicensed personnel on passenger and dry cargo vessels, it signaled an end to similar disputes between four unions and oceangoing tanker operators. The tanker workers also struck.

The CIO National Maritime Union passenger and dry cargo pact traditionally has set the pattern for the other contracts. Sailing of a thousand vessels were in jeopardy as the NMU began enforcing a no-contract, no-work policy. Among these were great ocean liners, booked solid at the peak of the biggest American tourist travel year in history.

It was not clear Thursday night when a full resumption of work was expected.

Francis T. Greene, chairman of the employer bargaining committee, spoke of "great hopes" of getting strikebound passenger and dry cargo ships under way Friday.

He saw no "great difficulty in the way" of settlements with the other unions.

Joseph Curran, NMU president, was more cautious, promising support of picket lines by the other unions.

TODAY'S CALENDAR

Boy Quizzed In Teen-Age Girls' Death

WASHINGTON (AP) — Police cross-examined an 18-year-old boy Thursday about the 14-shot slaying of two pretty schoolgirls in a suburban picnic grounds Wednesday.

Detective Sgt. Richard Pearson said the boy, who has been given one lie detector test and faces another, placed himself at the scene of the crime near the University of Maryland but denied any part in it.

He was described by Pearson as a disappointed suitor of Michael Ann Ryan, 14, one of the slain girls.

Michael Ann was shot three times as she walked through the park at Lane Manor, Md., on the way to Northwestern High School. Eleven more bullets killed her companion, 16-year - old Nancy Marie Shomette. There was no evidence of a sexual attack.

Pearson, a member of the Prince Georges County, Md., police department, said the youth held had written a letter to Michael Ann in a "threatening" tone after being told by her father to stay away from her.

Michael Ann was the daughter of Thomas W. Ryan, a Washington policeman.

Omahan Is Head Of Grand Chapter Amaranthis OES

Mrs. Josie Moore of Omaha was installed Thursday as Worthy Grand Matron at the 34th annual communication of the Order of Eastern Star, Amaranthus Grand Chapter. Leo Elmore of Omaha was installed as Worthy Grand Patron.

Installed as Associate Grand Matron and Patron were Mrs. Gussie McPherson and John Henry, both of Omaha.

Other officers installed at ceremonies conducted by Clayton P. Lewis of Lincoln, Most Wishful Grand Master of Nebraska Jurisdiction, PHA, were:

Dorothy Lewis of Lincoln, treasurer; Mrs. Bueleh Henry of Omaha, secretary; Mrs. Hattie Agee of Omaha, conductress; Mrs. Evelyn Irving of Lincoln, assistant conductress; Mrs. Susie Jones of Omaha, grand lecturer and Mrs. Mary Fraizer of Omaha, trustee.

About 200 attended the ceremonies. Site for the next annual meeting has been set in Omaha.

Carpenters End 15-Day Strike

OMAHA (AP) — Three hundred carpenters ended their 15-day strike Thursday and went back to work for the Associated General Contractors.

AGC firms reported work resumed on most of their projects Thursday and said construction should be back to normal by next week.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 29, 1955, for the construction of the water main in Water District No. 387, being in Valley Road from 50th Street to 52nd Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Clerk.

The City Engineer's estimate of the cost of this water main is $2,500.00.

Each proposal must be accompanied by a certified check for $125.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 29, 1955, for the construction of the sewers in Sewer District No. 588, being in N Street from 53rd Street to Piazza Terrace, M street from 54th Street to 56th Street, and Piazza Terrace from N Street to M Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these sewers is $4,500.00.

Each proposal must be accompanied by a certified check for $225.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m. Central Standard Time, Wednesday, June 22, 1955, for the construction of paving in Paving District No. 1345 being in 39th Street from Sewell Street to Lake Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is $10,300.00.

Each proposal must be accompanied by a certified check for $515.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The city reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 29, 1955, for the construction of the paving in Paving District No. 1362, being in Stockwell Street from Dunn Avenue to 27th Street, St. Thomas Drive from Dunn Avenue to Pace Boulevard, and Pace Boulevard from Calvert Street to the south line of Country Club Plaza, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is $48,200.00.

Each proposal must be accompanied by a certified check for $2,410.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defects in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 29, 1955, for the construction of the water mains in Water District No. 405, being in 53rd Street from O Street to M Street, Piazza Terrace from O Street to M Street, 56th Street from O Street to M Street, N Street from 53rd Street to Piazza Terrace, and M Street from 53rd Street to 56th Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of these water mains is $17,500.00.

The City Engineer's estimate of the cost of this crushed stone surfacing is $2,000.00.

Each proposal must be accompanied by a certified check for $100.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Contractors

Sealed bids will be received by the City of Lincoln and the Department of Roads and Irrigation of the State of Nebraska, at the office of the Department of Roads and Irrigation in the State Capitol at Lincoln, Nebraska, on June 30, 1955, until 10:00 o'clock A.M., and at that time publicly opened and read for GRADING, PAVEMENT, CULVERTS, SEEDING, TWO BRIDGES, GUARD RAIL, TRAFFIC CONTROL SIGNALS, STREET LIGHTING and incidental work on the CENTER SECTION OF THE LINCOLN SOUTHEAST RADIAL Federal Aid Urban Project No. U-508(1) Federal Aid Road.

The engineer's estimate of this work, exclusive of engineering, legal and incidental expenses, is $807,092.60.

Each bidder must be qualified to submit a proposal for any part or all of this work as provided in Legislative Bill No. 206, 1939 Legislative Session.

Proposal forms for this work will be issued to contractors who are qualified to submit proposals for pavement.

The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract.

Plans and specifications for the work may be seen and information secured at the office of the City Clerk at Lincoln, Nebraska, at the office of the County Clerk at Lincoln, Nebraska, or at the office of the Department of Roads and Irrigation at Lincoln, Nebraska.

The successful bidder will be required to furnish bond in an amount equal to 100% of his contract.

As an evidence of good faith in submitting a proposal for this work, the bidder must file, with his proposal, a certified check made payable to the Department of Roads and Irrigation and in an amount not less than forty thousand (40,000) Dollars.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 22, 1955, for the construction of paving in Paving District No. 1361, being in Greenwood Street from 51st Street to 52nd Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this paving is $3,700.00.

Each proposal must be accompanied by a certified check for $185.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Building Contractors

Sealed bids will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk up to the hour of 10:00 A.M. Central Standard Time, June 29, 1955, for the remodeling of a caretaker's residence in Antelope Park near Auld Pavilion.

The estimate of cost of this work is $5,000.00.

A performance bond in the amount of the full contract price must be supplied by the successful bidder as a part of his contract.

Each bid must be accompanied by a certified check made payable to Frank J. Miller, City Treasurer, in the amount of not less than 5% of the total bid price. Certified checks will be returned to unsuccessful bidders as soon as an award of contract is made and to the successful bidder when his contract and bond has been approved. Copies of the plans and specifications may be obtained at the office of Hull and Campbell, Architects, 407 First National Bank Building, Lincoln, Nebraska.

The City Council reserves the right to reject any and all bids and to waive informalities or defects in any bid.

THEO. H. BERG, City Clerk.

Hog Prices Soar To 10-Month High

OMAHA (AP)—Hog prices soared to their highest level in nearly 10 months here Thursday. The advance generally measured 25 to 50 cents with extremes on light butchers up 75 cents to a top of 22.10. This was the highest peak since Aug. 26, 1954. Beef cattle trading was rather listless with prices weak in spots.

OMAHA

Hogs: Salable Thursday 6,000; very active; butchers mostly 50 higher; extremes 75 up; sows 25-50 higher; choice 180-240 lbs. butchers 20.50@22.00; most choice 1 and 2 offerings 21.50@22.00; with 20 head 22.10; choice 240-270 lbs. 19.75@21.00; choice 270-300 lbs. sows 18.75@19.25; choice 270-550 lbs. 14.00@19.25; 300-360 lbs. 16.75@19.00; 360-400 lbs. 15.75@17.00; stags 9.00@13.00; barrows and gilts choice 180-260 lbs. 16.75@22.00.

Cattle: Salable 2,200; calves 100; fed heifers steady; in a rather uneven trade; quality none too attractive; cows steady; bulls steady to wek; vealers and stockers and feeders unchanged; good and choice fed steers 18.00@22.00; prime steers 700-1500 lbs. 22.50@22.25; few good and choice heifers 18.50@22.00; utility and commercial cows 12.00@15.00; canners and cutters 10.25@11.75.

Sheep: Salable 800; active, steady; choice and prime native spring slaughter lambs 24.0@24.75; good and choice 22.5@24.25; few utility and good old crop shorn lambs with No. 1 pelts 17.00@18.50; cull to choice ewes 3.0@5.25.

CHICAGO

Eastern buyers absorbed a third of the hogs offered Thursday and competition from that quarter muscled prices another 25 to 50 cents a hundredweight higher.

The top reached a new high since Aug. 27 to $22.20.

Quality was off in cattle arrivals and the market proved steady to 50 cents lower. Vealers were steady to $1 off and lambs 50 cents less.

Most choice butcher hogs sold from $18.25 to $21.75 and sows from $14.00 to $17.75. A few sow lots stood out at $18.00 to $18.25.

A load of choice and prime steers brought $23.50. Otherwise the best offers were good and cohice steers and yearlings at $18.25 to $22.50. Good to high-choice heifers and mixed yearlings sold from $18.50 to $22.50.

A few young cows were around for $15.50 and a few high-commercials for $15. Bulls mostly brought $16 and below and choice vealers $23 downward.

In lambs a small lot of springers testing prime brought $23.75, while choice and prime offerings were $25 to $25.50. Slaughter ewes were steady at $6 and less.

Estimated receipts on sale were 7,000 hogs, 2,000 cattle, 300 calves and 700 sheep.

Hogs: Salable 7,000; general market active, 25c to mostly 50c higher on butchers and sows; instances up more in very uneven trade on both classes; market closed slow; most choice No. 1 to 3's 180 to 240 lbs. butchers $20.75@21.75; mixed choice No. 1 and 2's under 220 lb. largely $21.50 and above, with a few lots mostly choice No. 1's 190 to 220 lb. at $22.00, a new high since last August; most 250 to 270 lb. $19.75@20.75; weights over 270 lb. scarce; a few 280 to 310 lb. $18.25@19.75; sows under 400 lbs. mostly $15.50@17.75; a few lots choice 270 to 300 lb. $18.00@18.25

Cattle: Salable 2,000; salable calves 300; slow; slaughter steers, heifers and cows steady to 25c lower; bulls weak to 50c lower; vealers steady to $1.00 lower; load of choice and prime near 1,200 lb. steers held above $23.25; most good and choice steers and yearlings 1,200 lb. down $18.25@22.50; load of average choice to high choice 1,175 lb. steers $22.25; part load low choice to average choice 875 lb. yearlings $22.25; short load 925 lb. heifers' choice to prime $22.75; good to high choice heifers and mixed yearlings $18.50@22.50; utility and commercial cows $11.50@14.00; few high commercial $15.00, and few young cows $15.50; most utility and commercial bulls $14.25@16.00; good and choice vealers $18.00@23.00; stockers and feeders firm; two loads good 1,103 lb. feeding steers $19.00.

Sheep: Salable 700; moderately active; spring lambs mostly 50c lower; slaughter sheep steady; choice and prime spring lambs 100 lb. and down $25.00@25.50; a small lot prime spring lambs 80 lb. at $25.75; a few sorted cull to low good spring lambs $16.00@22.00; a few good and choice shorn lambs 85 to 100 lb. with No. 1 pelts $18.50@20.00.

KANSAS CITY

Hogs: Salable Thursday 1,200; barrows and gilts 25c to mostly 50c higher; sows steady to strong; choice 190-240 lbs barrows and gilts $20.75@21.50; around 1 deck $21.65; sows $14.25@15.75.

Cattle: Salable 500; calves 50; cows steady to 50c lower; utility and commercial $11.50@14.50; canners and cutters $9.50@11.50; 2 loads good and choice around 800 lbs fed heifers $20.50.

Sheep: Salable 500; spring slaughter lambs 50c or more higher; old crop shorn lambs steady to 50c higher; ewes steady to strong; good to prime spring lambs under 100 lbs $24.00@24.75; good and choice 91 lbs fed lambs and yearlings with No 1 pelts $16.75; cull to good shorn ewes $3.00@5.00.

ST. JOSEPH

Hogs: Salable Thursday 3,000; barrows and gilts steady to 50c higher; sows steady to 25c lower; instances 50c off; choice 180-240 lbs barrows and gilts $20.25@21; few $21.25; 250-270 lbs $19@20.25; sows $13.75@17.50.

Cattle: Salable 800; calves 100; slaughter cattle steady to mostly 25-50c lower; vealers and calves steady to weak; average choice fed steers $22.25@22.65; commercial to average choice $18.25@22; good and choice heifers and mixed yearlings $18.75@22; utility and commercial cows $11@14; canners and cutters $9.25@11; commercial bulls to $15; vealer top $19.

Sheep: Salable 100 spring lambs steady to 25c higher; choice and prime $24.25@24.75; good and choice $23@24.25; slaughter ewes steady at $3@5.

SIOUX CITY

Hogs: Salable Thursday 6,000; very uneven; choice 190-230 lbs. barrows and gilts strong to 25 higher early; but closed steady to 25 lower; sows opened steady to strong; closed weak to mostly 25 lower; instances 50 off; choice 190-230 lbs. barrows and gilts 20.25-21.25; part deck 21.50; 24-300 lbs. 18.00-20.50; sows 13.00-19.25.

Cattle: Salable 2,000 calves none; slaughter steers under 1,200 lbs. little changed; others weak to 25 lower; heifers steady; cows steady to weak; stockers and feeders steady to weak; choice fed steers 20.00-22.00; good and choice heifers 20.00-22.25; utility and commercial cows 13.00-15.00; canners and cutters 10.50-12.00; fleshy around 900 lbs feeder steers 20.25.

Sheep: Salable 500; spring slaughter lambs fully steady; ewes unchanged; choice and prime under 100 lbs spring lambs 23.50-24.00; culls to choice shorn ewes 3.00-5.00.

DENVER

Hogs: Salable Thursday 300; very active; fully 50 instances 75 higher; barrows and gilts 190-240 lbs. 22.00-22.25; 280-300 lbs. 20.00-21.00 choice sows 486 lbs. 14.75; few around 325 lbs. 18.00.

Cattle: Salable 400; calve s50; fed steers steady to weak; instances 25 lower; cows weak to 50 lower; high good and choice fed steers 21.25-22.50; utility cows 12.50-13.50; commercial to 15.00; canners and cutters 10.00-12.00.

Sheep: Salable 600; slaughter spring lambs 50 or more lower; other classes steady; choice and prime native spring lambs 68-94 lbs. 23.50; good and choice 76 lbs. 21.00; utility and good shorn slaughter ewes 4.50; few good and choice new crop feeder lambs 17.50.

BOND MARKET

NEW YORK (AP) — Long term treasury bonds declined sharply Thursday but the corporate bond market was steady.

Rumors that the Treasury will try to raise funds this summer by selling a long term bond depressed most U.S. government issues now outstanding. However, over the counter dealers reported only light selling and a thin market.

The government's 40-year 3s dropped 14/32 at 100 20/32 bid and the 30-year 3¼s were down an equal amount at 106-20/32 bid. The 2½s of 1963 at 98 21/32 bid dipped 2/32.

Corporate bonds were narrowly mixed as "Big Board" volume declined to $4,830,000 par value from $5,510,000 Wednesday.

Some convertible obligations were strong while others weakened.

Investment quality liens were also irregular, though changes were small.

Stock Mart Edges Up To New Record

NEW YORK (AP)—The stock market edged up to another new record high mark Thursday but had some trouble doing it.

Profit taking appeared late in the session and continued to the close with enough force to back the market's progress considerably.

Aircraft and nonferrious metals had the biggest hand in sending the market ahead, but their performance was dimmed by late selling.

Railroads were down at the close after spending most of the day with only a slight gain.

The steels at one time were well ahead, but they closed mixed. That was the situation with most major divisions.

The Associated Press average of 60 stocks was only 10 cents at $170.70. It was higher by $1 Wednesday.

The rise Thursday sent the average to another new record high mark, the seventh in the last nine sessions.

Industrials were up 50 cents but railroads were down 50 cents while utilities remained unchanged.

Volume amounted to 2,760,000 shares compared with 2,650,000 shares traded Wednesday.

Stocks on the American Stock Exchange were mostly higher on volume of 1,040,000 shares as compared with 1,050,000 Wednesday.

Soybeans Fall 3½c; Grains, Lard Down

CHICAGO (AP)—Soybeans fell as much as 3½ cents a bushel at times on the Board of Trade Thursday.

Grains and lard eventually followed, although more distant bean deliveries succeeded in making some recovery.

A government accouncement the Department of Agriculture will sell 10 million bushels of soybeans at market prices set futures down right at the start of trading and kept them there until near the finish. The nearby July contract bore the brunt of selling.

Wheat closed 1 to ⅞ cents lower, corn ½-1⅛ down, oats ¼-⅜ off and ry 1¼-1¾ less.

Soybeans were unchanged to 2¾ cents lower and lard was out 8 to 20 cents a hundred pounds

Disarmament Up To U.S., Soviet, Adenauer Says

CAMBRIDGE, Mass (AP)—West Germany's Chancellor Konrad Adenauer said Thursday controlled disarmament is up to the two great world powers, the United States and the Soviet Union.

"In their hands rests the fate of this world and of peace," he said.

"I would be especially gratified if the United States would take the initiative in this matter and discuss the question with Soviet Russia."

Speaks At Harvard

Chancellor Adenauer spoke at Harvard University, where he received an honorary degree of doctor of laws. Another went to the U.S. ambassador to West Germany, James B. Conant, a former Harvard president.

Adenauer suggested the United States should use her position as "the strongest nation on earth" in moving for disarmament.

"It seems to me that further progress is not possible along the way which negotiations have followed in the past," he said. "The United States is the strongest nation on earth; Soviet Russia fears her and her only and this fear certainly influences Soviet policy to a considerable degree."

U. S. Leader

The Chancellor said the United States had taken up the leading role—in which she was placed by the outcome of the last war—in an admirable way, and he added:

"It would be the culmination of her historical mission if she succeeded in bringing about disarmament."

He said he believes the coming Big Four conferences are coming in a more favorable climate than that last year at Geneva and Berlin, because "the West, the free peoples, are now stronger. . . . ."

Reds Need Pause

"On the other hand, I think it has become quite clear that the Soviet Union, in any case, is in need of a lengthy pause for relaxation in order to meet the demands which are posed by her internal economic tasks.

"During this period she will not be able in all probability to continue to arm in the way which she has until now, nor will she be able to consolidate her strength internally as long as her population suffers great want."

As for his forthcoming meeting with the Russian chiefs to discuss resumption of diplomatic, economic and cultural relationships between the two countries, he said:

"I wish to assure you of one thing, however, and that with the greatest emphasis.

Will Hold To Treaties

"Germany will hold to the treaties which it has concluded with the United States, Great Britain, France and the other NATO countries."

Adenauer meets Friday in New York with the foreign ministers of the three Western Powers for talks on Germany's position as one of the principal subjects of the coming Big Four meeting.

Chancellor Adenauer preached patience to the West, lest it "by impatience undermine the position of its representatives in their laborious negotiations."

Anna Dorgan Estate Is Over Half A Million

Inventory of the estate of Mrs. Anna T. Dorgan, which is estimated to be in excess of $500,000, was filed in Lancaster County Court Thursday afternoon by The First Trust Co. of Lincoln, executor and trustee.

The inventory lists one parcel of real estate, the business property at 11th and O known as the Harley corner; cash, $16,596 and U.S. Savings bonds with a face value of $50,500.

The executor's filing includes the following other holdings:

10 shares, American Telephone & Telegraph Co.

268 shares, Beatrice Foods, 3 and 3-8 cumulative preferred.

5,000 shares, Beatrice Foods, common.

98 shares, Bristol-Myers Co., common.

58 shares, Life Savers Corp. common.

25 shares, J.C. Penney Co., common.

244 shares, Sterling Drug, Inc., common.

99 shares, Vick Chemical Co., common.

No value of the stock holdings is listed in the inventory.

Mrs. Dorgan's daughter, Annette Dorgan Jensen of Milford, Ia., is chief beneficiary of the estate. Under the terms of Mrs. Dorgan's will, Mrs. Jensen receives the Harley corner and one-half of the residue of the estate. The remaineder is placed in trust with The First Trust, with the income going to the daughter.

Mrs. Dorgan, who lived at 3200 Sheridan, died Feb. 20 at Spencer, Ia. She was the widow of William Dorgan, Lincoln business man who was a lumber and coal dealer for many years.

He's training for the future. Your carrier boy is forming habits now that will be important in later life. Your sugges-

Housing Code OKd By City Attorney Pace

Another step has been taken toward City Council action on the proposed new minimum standards housing ordinance.

City Attorney Jack Pace has passed favorably on the ordinance and sent the 14-page document to the City Planning Commission. The ordinance will be on the Commission's agenda for consideration next Wednesday.

The Commission was expected to act quickly on the new law, passing it on with approval to the Council. A Commission housing sub-committee drafted and approved the original bill.

The document seeks to regulate space, light, heat and air requirements for all dwellings or habitable areas. It also sets out minimum sanitary requirements as to bath, cooking and garbage disposal facilities.

One previously high controversial issue, compliance of trailers, has been eliminated with removal of them from the jurisdiction of the law. Trailers generally could not meet space and some other requirements of the law.

Trailer regulations will be handled in another spearate ordinance, according to Planning Engineer Douglas Brogden.

Speedy Power Revision Asked In Resolution

A resolution urging a speedy reorganization of public power in Nebraska was introduced in the Legislature Thursday by Sens. Peterson of Sargent and Bahensky of St. Paul.

Adoption will be considered Friday.

A Peterson bill enabling mergers of power districts was passed by the current session of the Unicameral, but the power districts have not taken action.

The resolution warns that "failure . . . to promptly and properly consolidate and reorganize may result in a crisis in the power supply in Nebraska, and necessitate the calling of a special session of the Legislature for the purpose of further considering the vital power problem in the state."

Pauley Succeeds Dosek As Bonding Firm Head

Officers of the Lincoln Bonding and Insurance Co. have changed with the resignation of Edward A. Dosek as president of the company and the election to that office of Carroll R. Pauley.

Gordon L. Pauley has been elected secretary of the company to succeed Edwin Dosek. The company has also moved from its space at 1311 M to 945 So. 27th.

The Dosek bonding and Insurance Agency, headed by Edward Dosek, is continuing in business at 1311 M.
